Special Federal Program Notices

The Small Business Innovative Research Program - SBIR Program

The Small Business Innovation Research (SBIR) program is a highly competitive program that encourages domestic small businesses to engage in Federal Research/Research and Development (R/R&D) that has the potential for commercialization. Through a competitive awards-based program, SBIR enables small businesses to explore their technological potential and provides the incentive to profit from its commercialization. By including qualified small businesses in the nation's R&D arena, high-tech innovation is stimulated and the United States gains entrepreneurial spirit as it meets its specific research and development needs.

SBIR Mission and Program Goals

The mission of the SBIR program is to support scientific excellence and technological innovation through the investment of Federal research funds in critical American priorities to build a strong national economy.

The program's goals are four-fold:

- Stimulate technological innovation
- Meet Federal research and development needs.
- Foster and encourage participation in innovation and entrepreneurship by socially and economically disadvantaged persons.
- Increase private-sector commercialization of innovations derived from Federal research and development funding.

SBIR-Participating Agencies

Each year, Federal agencies with extramural research and development (R&D) budgets that exceed \$100 million are required to allocate 2.5 percent of their R&D budget to these programs. Currently, eleven Federal agencies participate in the program:

- [Department of Agriculture](#)
- Department of Commerce - [National Institute of Standards and Technology](#)
- Department of Commerce - [National Oceanic and Atmospheric Administration](#)
- [Department of Defense](#)
- [Department of Education](#)
- [Department of Energy](#)
- [Department of Health and Human Services](#)
- [Department of Homeland Security](#)
- [Department of Transportation](#)
- [Environmental Protection Agency](#)
- [National Aeronautics and Space Administration](#)
- [National Science Foundation](#)

Each agency administers its own individual program within guidelines established by Congress. These agencies designate R&D topics in their solicitations and accept proposals from small businesses. Awards are made on a competitive basis after proposal evaluation.

Three-Phase Program

The SBIR Program is structured in three phases:

Phase I. The objective of Phase I is to establish the technical merit, feasibility, and commercial potential of the proposed R/R&D efforts and to determine the quality of performance of the small business awardee organization prior to providing further Federal support in Phase II. SBIR Phase I awards normally do not exceed \$150,000 total costs for 6 months.

Phase II. The objective of Phase II is to continue the R/R&D efforts initiated in Phase I. Funding is based on the results achieved in Phase I and the scientific and technical merit and commercial potential of the project proposed in Phase II. Only Phase I awardees are eligible for a Phase II award. SBIR Phase II awards normally do not exceed \$1,000,000 total costs for 2 years.

Phase III. The objective of Phase III, where appropriate, is for the small business to pursue commercialization objectives resulting from the Phase I/II R/R&D activities. The SBIR program does not fund Phase III. Some Federal agencies, Phase III may involve follow-on non-SBIR funded R&D or production contracts for products, processes or services intended for use by the U.S. Government

Grants and Loans

Visit the Federal Trade Commission's Identify Theft Website

This FTC website to help you deter, detect, and defend against identity theft. You can learn how to avoid theft, or learn what to do if your identity is stolen.

Farm Loans

FSA makes direct and guaranteed farm ownership and operating loans to family-size farmers and ranchers who cannot obtain commercial credit from a bank, Farm Credit System institution, or other lender. FSA loans can be used to purchase land, livestock, equipment, feed, seed, and supplies. Loans can also be used to construct buildings or make farm improvements.

Housing Assistance

USDA provides homeownership opportunities to low- and moderate-income rural Americans through several loan, grant, and loan guarantee programs. The programs also make funding available to individuals to finance vital improvements necessary to make their homes decent, safe, and sanitary. USDA Multi-Family Housing Programs offer Rural Rental Housing Loans to provide affordable multi-family rental housing for very low-, low-, and moderate-income families; the elderly; and persons with disabilities. In addition, rental assistance is available to eligible families.

Rural Development Loan and Grant Assistance

USDA Rural Development forges partnerships with rural communities, funding projects that bring housing, community facilities, business guarantees, utilities and other services to rural America. USDA provides technical assistance and financial backing for rural businesses and cooperatives to create quality jobs in rural areas. Rural Development promotes the President's National Energy Policy and ultimately the nation's energy security by engaging the entrepreneurial spirit of rural America in the development of renewable energy and energy efficiency improvements. Rural Development works with low-income individuals, State, local and Indian tribal governments, as well as private and nonprofit organizations and user-owned cooperatives.

Beginning Farmers and Ranchers

USDA, through the Farm Service Agency, provides direct and guaranteed loans to beginning farmers and ranchers who are unable to obtain financing from commercial credit sources. Each fiscal year, the Agency targets a portion of its direct and guaranteed farm ownership (FO) and operating loan (OL) funds to beginning farmers and ranchers.

Crop and Livestock Insurance

USDA helps producers manage their business risks. The mission of USDA's Risk Management Agency (RMA) is to promote, support, and regulate sound risk management solutions to preserve and strengthen the economic stability of America's agricultural producers. As part of this mission, RMA operates and manages the Federal Crop Insurance Corporation (FCIC).

RMA has three divisions: Insurance Services, Product Management, and Risk Compliance. Seventeen private-sector insurance companies sell and service the policies. RMA develops and/or approves the premium rate, administers premium and expense subsidies, approves and supports products, and reinsures the companies. RMA also sponsors educational and outreach programs and seminars on the general topic of risk.

Federal State Marketing Improvement Program

This matching grant program, also known as FSMIP, provides matching funds to State Departments of Agriculture and other appropriate State agencies to assist in exploring new market opportunities for food and agricultural products, and to encourage research and innovation aimed at improving the efficiency and performance of the marketing system.

Specialty Crop Block Grant Program

The SCBGP funds can be requested to enhance the competitiveness of specialty crops. Specialty crops are defined as fruits and vegetables, tree nuts, dried fruits, and nursery crops (including floriculture).

The Farmers Market Promotion Program

The FMPP was created through a recent amendment of the Farmer-to-Consumer Direct Marketing Act of 1976. The grants, authorized by the FMPP, are targeted to help improve and expand domestic farmers markets, roadside stands, community-supported agriculture programs and other direct producer-to-consumer market opportunities.

Organic Cost Share Program

AMS administers two organic certification cost share programs. Each program provides cost share assistance, through participating States, to organic producers and/or organic handlers. Recipients must receive initial certification or continuation of certification from a USDA accredited certifying agent (ACA).

Rural and Community Development

Nearly 60 million Americans live in rural areas. The U.S. Department of Agriculture, through its [Rural Development](#) mission area, provides financial resources and support for rural communities, residents and businesses.

Affordable and Safe Housing

One of the three divisions of Rural Development, the Housing and Community Facilities Program, invests in providing safe, clean and modest living for those who live outside our urban centers. Whether it's through a loan or loan guarantee to purchase a home; loans and grants to provide necessary repairs; or even rental assistance and financing to build affordable apartment complexes for families or seniors - the housing program ensures that housing is available and affordable in rural communities. Since 2009, we've helped more than 625,000 rural families in more than 21,000 communities buy, repair or refinance a home, and provided funding for more than 1,000 housing developments.

Communities also need facilities that benefit the population. Whether it's a fire station or a food bank, a senior center, hospital or city hall, the Community Facilities loan and grant program can be a financial partner to help provide essential community services. Since 2009, Rural Development has financed nearly 8,000 community facilities projects. Among these projects are more than 900 education facilities, 475 libraries, more than 1,000 health care facilities, and more than 3,400 public safety facilities.

Learn more about [Community Facilities Direct Loan and Grant Programs](#) and [Community Facilities Guaranteed Loan Program](#).

Economic Development and Business Support

Through our [Business and Cooperatives Program](#), rural small businesses are given the financial tools to develop and succeed. We've helped save or create more than 375,000 rural jobs since 2009 and provided assistance to nearly 75,000 rural businesses and entrepreneurs. Our [Rural Energy for America Program](#) has helped generate an estimated 9.8 million megawatt hours of energy.

Many rural areas suffer from persistent poverty, and Rural Development has made a concerted effort to focus staff resources in 700 persistent poverty counties across the nation to promote economic development through our [Strike Force Initiative](#). We are also working on regional community development strategies, providing resources and facilitating cooperation between federal, state and private agencies to leverage economic investment in rural areas.

Infrastructure Investment

Our [Rural Utilities Service](#) provides critical infrastructure investments to help rural communities thrive. Whether it's water or wastewater, or broadband and telecommunications connectivity, or rural electrification, we help our rural communities build the foundation for long-term growth. Since 2009 we've invested in new and improved broadband service to nearly seven million rural residents, 364,000 rural businesses, and 32,000 community facilities, creating or saving more than 25,000 jobs in the process. Our water and environmental investments have helped safeguard the health of more than 20 million rural residents through more than 6,700 water and wastewater infrastructure projects.

Archive Date: Sep 03, 2016
Estimated Total Program Funding: \$10,700,000
Eligible Applicants: Others (see text field entitled "Additional Information on Eligibility" for clarification)
Additional Information on Eligibility: See Part III, Eligibility Information in the RFA. Applications may only be submitted by eligible entities. Eligibility is linked to the project type. All project types are described beginning in Part II, C. in the RFA.
Agency Name: National Institute of Food and Agriculture
Description: This AFRI Challenge Area addresses critical water resources issues such as drought, excess soil moisture, flooding, quality and others in an agricultural context. Funding will be used to develop management practices, technologies, and tools for farmers, ranchers, forest owners and managers, public decision makers, public and private managers, and citizens to improve water resource quantity and quality. The long-term goal of the AFRI Water for Agriculture Challenge Area is to tackle critical water issues by developing both regional systems for the sustainable use and reuse, flow and management of water, and at the watershed and farm scales, water issues focused on production and environmental sustainability efforts. Project types supported within this Challenge area are multi-function Integrated Research, Education, and/or Extension Projects and Food and Agricultural Enhancement (FASE) Grants.

Additional Information on Eligibility:	Applications may only be submitted by eligible entities. Eligibility is linked to the project type. All project types are described beginning in Part II, C. See Part III, A. Eligible Applicants for details.
Agency Name:	National Institute of Food and Agriculture
Description:	This Challenge Area focuses on the societal challenge to end obesity among children, the number one nutrition-related problem in the US. Food is an integral part of the process that leads to obesity and USDA has a unique responsibility for the food system in the United States. This program is designed to achieve the long-term outcome of reducing the prevalence of overweight and obesity among children and adolescents 2-19 years. The AFRI Childhood Obesity Prevention program supports multi-function Integrated Research, Education, and/or Extension Projects and Food and Agricultural Science

Archive Date: Sep 02, 2016

Estimated Total Program Funding: \$6,000,000

Eligible Applicants: Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility: See Part III, A., Eligible Applicants. Eligibility is linked to the project type. All project types are described

Agency Name:
Description:

beginning in Part II, C.
National Institute of Food and Agriculture
This AFRI Challenge Area promotes and enhances the scientific discipline of food safety, with an overall aim of protecting consumers from microbial and chemical contaminants that may occur during all stages of the food chain, from production to consumption. This requires an understanding of the interdependencies of human, animal, and ecosystem health as it pertains to foodborne pathogens. The long-term outcome for this program is to reduce foodborne illnesses and deaths by improving the safety of the food supply, which will result in reduced impacts on public health and on our economy. In order to achieve this outcome, this program will support single-function Research Projects and multi-function Integrated Research, Education, and/or Extension Projects, and Food and Agricultural Science Enhancement (FASE) Grants that address one of the Program Area Priorities (see Food Safety RFA for details).

Farm Service Agency
Outreach and Education, Technical Assistance, and Financial Education for FSA Programs, Functions, and Activities
Modification 2

Document Type:	Grants Notice
Funding Opportunity Number:	USDA-FSA-CA-2016-001
Funding Opportunity Title:	Outreach and Education, Technical Assistance, and Financial Education for FSA Programs, Functions, and Activities
Opportunity Category:	Discretionary
Opportunity Category Explanation:	
Funding Instrument Type:	Cooperative Agreement
Category of Funding Activity:	Agriculture
Category Explanation:	
Expected Number of Awards:	125
CFDA Number(s):	
Cost Sharing or Matching Requirement:	No
Posted Date:	Oct 20, 2015
Last Updated Date:	Feb 26, 2016
Original Closing Date for Applications:	May 27, 2016
Current Closing Date for Applications:	Jul 11, 2016

Archive Date: Aug 10, 2016
Estimated Total Program Funding: \$2,500,000
Award Ceiling: \$99,999
Award Floor: \$20,000
Eligible Applicants: Public and State controlled institutions of higher education
Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education

Agency Name: Farm Service Agency
Description: As part of our mission supporting farmers and ranchers, the Farm Service Agency (FSA) provides extensive education and outreach for producers. This typically involves public meetings, mailings, news releases, and interactions with individual producers seeking additional information or to enroll in a program. However, there remains a need for additional outreach and education that could benefit potential participants in FSA's portfolio of programs. This RFA seeks proposals to further support and expand FSA's existing outreach and education efforts. The additional outreach and education could, for example, be public meetings, training sessions, and/or workshops for producers including new and beginning farmers, veterans, underserved communities, and/or established producers. Emphasis will be afforded to proposals that propose to address producers who are ethnic minorities, women, new and beginning, veterans, urban, or who grow non-commodity crops (e.g., fruits and vegetables or specialty crops). Proposals may include innovative outreach approaches that ease the learning curve for farmers and ranchers through training on best practices, common challenges and solutions, and local networking opportunities. The subject matter should include an introduction to FSA, its programs, and common provisions that generally apply. FSA's common provisions include maintenance of producer-level records regarding payment eligibility and limitations, conservation compliance, and name and address, payments, and farm and tract information. Additional information regarding FSA is available at www.fsa.usda.gov.

FY 16 Coastal Ecosystem Resiliency Grants Program

Document Type: Grants Notice
Funding Opportunity Number: NOAA-NMFS-HCPO-2016-2004840
Funding Opportunity Title: FY 16 Coastal Ecosystem Resiliency Grants Program
Opportunity Category: Discretionary
Opportunity Category Explanation:
Funding Instrument Type: Cooperative Agreement
Category of Funding Activity: Environment
Natural Resources
Science and Technology and other Research and Development

Category Explanation:
Expected Number of Awards: 10
CFDA Number(s): 11.463 -- Habitat Conservation
Cost Sharing or Matching Requirement: Yes
Posted Date: Jun 14, 2016
Last Updated Date: Jun 14, 2016
Original Closing Date for Applications: Aug 16, 2016
Current Closing Date for Applications: Aug 16, 2016
Archive Date: Sep 15, 2016
Estimated Total Program Funding: \$8,500,000
Award Ceiling: \$2,000,000
Award Floor: \$100,000
Eligible Applicants: Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility: Eligible applicants are institutions of higher education, non-profit or for-profit organizations, U.S. territories, and state, local and Native American tribal governments. Applications from individuals, federal agencies, or employees of federal agencies will not be considered. Individuals and federal agencies are strongly encouraged to work with states, non-governmental organizations, municipal and county governments, and others that are eligible to apply.

Agency Name: Department of Commerce
Description: The principal objective of the National Marine Fisheries Service's (NMFS) Coastal Ecosystem Resiliency Grants solicitation is to implement projects that use a proactive approach to improve or restore coastal habitat to: 1) strengthen the resilience of U.S. marine and coastal ecosystems and decrease the vulnerability of communities to extreme weather and 2) support sustainable fisheries and contribute to the recovery of protected resources. Applications submitted under this solicitation will be selected based on their ability to demonstrate how the proposed project will enhance the resiliency of U.S. marine and coastal ecosystems to the impacts of extreme weather and changing environmental conditions thereby increasing community resilience and improving habitat for species under NOAA jurisdiction. Proposed projects should benefit threatened and endangered species listed under the Endangered Species

Act (hereafter, Listed Species), including species identified by NMFS as “Species in the Spotlight” (http://www.nmfs.noaa.gov/stories/2015/05/05_14_15species_in_the_spotlight.html), species managed under the Magnuson-Stevens Fishery Conservation and Management Act (hereafter, Managed Species), or benefit Listed or Managed Species through ecosystem improvements such as restoring habitat for forage fish. Proposed projects should also demonstrate collaboration among stakeholders, as evidenced by recommendations and strategies outlined in multi-stakeholder studies, coastal vulnerability assessments, or comprehensive planning efforts designed to address ecosystem resiliency. Successful applications will: 1) identify an issue limiting the resiliency of U.S. marine and coastal ecosystems to extreme weather events or changing environmental conditions at the proposed project site; 2) identify the proposed project’s outcome goal(s) and describe in detail the actions and on-the-ground restoration to be undertaken to enhance resiliency and reduce risk and; 3) describe the measurable impact on the ecosystem, the species (e.g. Listed or Managed Species) to benefit from the project, and surrounding coastal communities to benefit from the proposed coastal habitat restoration project.

Current Closing Date for Applications: Applications are accepted on a continuing basis and processed as received. This Planning and Local Technical Assistance opportunity will remain in effect until superseded by a future announcement.
Archive Date:
Estimated Total Program Funding:
Award Ceiling: \$300,000
Award Floor: \$0
Eligible Applicants: Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education
City or township governments
Nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education
Others (see text field entitled "Additional Information on Eligibility" for clarification)
Private institutions of higher education
Native American tribal governments (Federally recognized)
Public and State controlled institutions of higher

education

State governments

Special district governments

County governments

Additional Information on Eligibility:

Pursuant to section 3 of the Public Works and Economic Development Act of 1965 (42 U.S.C. § 3122) (PWEDA) and EDA's regulation at 13 C.F.R. § 300.3, the following types of entities are eligible to receive funding assistance from EDA: 1. District Organizations (as defined in 13 C.F.R. § 300.3); 2. Indian Tribes or a consortium of Indian Tribes; 3. States, cities, or other political subdivisions of a State, including a special purpose unit of a State or local government engaged in economic or infrastructure development activities, or a consortium of political subdivisions; 4. Institutions of higher education or a consortium of institutions of higher education; or 5. Public or private non-profit organizations or associations acting in cooperation with officials of a political subdivision of a State.

Agency Name:

Department of Commerce

Description:

Pursuant to PWEDA, EDA announces general policies and application procedures for grant-based investments under the Planning and Local Technical Assistance programs. Under the Planning program EDA assists eligible recipients in creating regional economic development plans designed to build capacity and guide the economic prosperity and resiliency of an area or region. As part of this program, EDA supports Partnership Planning investments to facilitate the development, implementation, revision, or replacement of Comprehensive Economic Development Strategies (CEDS), which articulate and prioritize the strategic economic goals of recipients' respective regions. In general, EDA provides Partnership Planning grants to the designated planning organization (e.g., District Organization) serving EDA designated Economic Development Districts to enable these organizations to develop and implement relevant CEDS. In addition, EDA provides Partnership Planning grants to Indian Tribes to help develop and implement CEDS and associated economic development activities. The Planning program also helps support organizations, including District Organizations, Indian Tribes, and other eligible recipients, with Short Term and State Planning investments designed to guide the eventual creation and retention of high-quality jobs, particularly for the unemployed and underemployed in the Nation's most economically distressed regions. The Local Technical Assistance program strengthens the capacity of local or State organizations, institutions of higher education, and other eligible recipients to undertake and promote effective economic development programs through projects such as feasibility analyses and impact studies.

FY 2016 Economic Development Assistance Programs - Application submission and program requirements for EDA's Public Works and Economic Adjustment Assistance Programs Grant

Document Type:	Grants Notice
Funding Opportunity Number:	EDAP2016
Funding Opportunity Title:	FY 2016 Economic Development Assistance Programs - Application submission and program requirements for EDA's Public Works and Economic Adjustment Assistance programs.
Opportunity Category:	Discretionary
Funding Instrument Type:	Cooperative Agreement Grant
Category of Funding Activity:	Other (see text field entitled "Explanation of Other Category of Funding Activity" for clarification)
Category Explanation:	The Economic Development Administration's (EDA's) mission is to lead the Federal economic development agenda by promoting innovation and competitiveness, preparing American regions for economic growth and success in the worldwide economy. EDA fulfills this mission through strategic investments and partnerships that create the regional economic ecosystems required to foster globally competitive regions throughout the United States. EDA supports development in economically distressed areas of the United States by fostering job creation and attracting private investment. Specifically, under the Economic Development Assistance programs (EDAP) Federal Funding Opportunity (FFO) announcement, EDA will make construction, non-construction, and revolving loan fund investments under the Public Works and Economic Adjustment Assistance (EAA) Programs. Grants made under these programs will leverage regional assets to support the implementation of regional economic development strategies designed to create jobs, leverage private capital, encourage economic development, and strengthen America's ability to compete in the global marketplace. Through the EDAP FFO, EDA solicits applications from rural and urban communities to develop initiatives that advance new ideas and creative approaches to address rapidly evolving economic conditions.
Expected Number of Awards:	11.300 -- Investments for Public Works and Economic Development Facilities
CFDA Number(s):	

11.307 -- Economic Adjustment Assistance

Cost Sharing or Matching Requirement: Yes

Posted Date: Oct 26, 2015

Creation Date: Oct 26, 2015

Original Closing Date for Applications: There are no submission deadlines under this opportunity. Proposals and applications will be accepted on an ongoing basis until the publication of a new EDAP FFO.

Current Closing Date for Applications: There are no submission deadlines under this opportunity. Proposals and applications will be accepted on an ongoing basis until the publication of a new EDAP FFO.

Archive Date:

Estimated Total Program Funding:

Award Ceiling: \$3,000,000

Award Floor: \$100,000

Eligible Applicants: Others (see text field entitled "Additional Information on Eligibility" for clarification)
State governments
City or township governments
Native American tribal organizations (other than Federally recognized tribal governments)
Native American tribal governments (Federally recognized)
Private institutions of higher education
Special district governments
Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education
County governments
Nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education
Public and State controlled institutions of higher education

Additional Information on Eligibility: Eligible applicants for EDA financial assistance under the Public Works and EAA programs include a(n): (i) District Organization of a designated Economic Development District; (ii) Indian Tribe or a consortium of Indian Tribes; (iii) State, county, city, or other political subdivision of a State, including a special purpose unit of a State or local government engaged in economic or infrastructure development activities, or a consortium of political subdivisions; (iv) institution of higher education or a consortium of institutions of higher education; or (v) public or private non-profit organization or association acting in cooperation with officials of a political subdivision of a State. See Section 3 of the Public Works and Economic Development Act of 1965 (PWEDA) (42 U.S.C. § 3122) and 13 C.F.R. § 300.3. EDA is not authorized to provide grants or cooperative agreements to individuals or to for profit entities. Requests from such entities will not be considered for funding.

Agency Name: Economic Development Administration

Description: Under this FFO, EDA solicits applications from applicants in rural and urban areas to provide investments that support construction, non-construction, technical assistance, and revolving loan fund projects under EDA's

Public Works and EAA programs. Grants and cooperative agreements made under these programs are designed to leverage existing regional assets and support the implementation of economic development strategies that advance new ideas and creative approaches to advance economic prosperity in distressed communities. EDA provides strategic investments on a competitive-merit-basis to support economic development, foster job creation, and attract private investment in economically distressed areas of the United States.

Additional Information on Eligibility:

Pursuant to section 3 of the Public Works and Economic Development Act of 1965 (42 U.S.C. § 3122) (PWEDA) and EDA's regulation at 13 C.F.R. § 300.3, the following types of entities are eligible to receive funding assistance from EDA: 1. District Organizations (as defined in 13 C.F.R. § 300.3); 2. Indian Tribes or a consortium of Indian Tribes; 3. States, cities, or other political subdivisions of a State, including a special purpose unit of a State or local government engaged in economic or infrastructure development activities, or a consortium of political subdivisions; 4. Institutions of higher education or a consortium of institutions of higher education; or 5. Public or private non-profit organizations or associations acting in cooperation with officials of a political subdivision of a State.

Agency Name

Economic Development Administration

Description

Pursuant to PWEDA, EDA announces general policies and application procedures for grant-based investments under the Planning and Local Technical Assistance programs. Under the Planning program EDA assists eligible recipients in creating regional economic development plans designed to stimulate and guide the economic development efforts of a community or region. As part of this program, EDA supports Partnership Planning investments to facilitate the development, implementation, revision, or replacement of Comprehensive Economic Development Strategies (CEDS), which articulate and prioritize the strategic economic goals of recipients' respective regions. In general, EDA provides Partnership Planning grants to the designated planning organization (e.g., District Organization) serving EDA-designated Economic Development Districts to enable these organizations to develop and implement relevant CEDS. In addition, EDA provides Partnership Planning grants to Indian Tribes to help develop and implement CEDS and associated economic development activities. The Planning program also helps support planning organizations, including District Organizations, Indian Tribes, and other eligible Recipients, with Short Term and State Planning investments designed to guide the eventual creation and retention of higher-skill, higher-wage jobs, particularly for the unemployed and underemployed in the Nation's most economically distressed regions. The Local Technical Assistance program strengthens the capacity of local or State organizations, institutions of higher education, and other eligible recipients to undertake and promote effective economic development programs through projects such as feasibility analyses and impact studies.

Corporation for National and Community Service

General Program Overview

AmeriCorps provides resources, both human and financial, to organizations that engage Americans in intensive service to meet our country's critical needs.

Grantees use the funding to support AmeriCorps members for intensive service in their community. AmeriCorps grants partially cover the expense of operating an AmeriCorps program and do not cover general organizational expenses. A cash and in-kind match is required.

The main website can be accessed here: <http://www.nationalservice.gov>

Programs:

Reminders:

National Service in Your State – Massachusetts

2014-2015

Meeting Community Needs in Massachusetts: More than **10,000** people of all ages and backgrounds are helping to meet local needs, strengthen communities, and increase civic engagement through national service in Massachusetts. Serving at more than **1,300** locations throughout the state, these citizens tutor and mentor children, support veterans and military families, provide health services, restore the environment, respond to disasters, increase economic opportunity, and recruit and manage volunteers. This year, the Corporation for National and Community Service (CNCS) will commit more than **\$41,120,000** to support Massachusetts communities through national service initiatives. Through a unique public-private partnership, this federal investment will leverage an additional **\$34,340,000** in other resources to strengthen community impact, build local support, and increase return on taxpayer dollars.

AmeriCorps

This year, AmeriCorps will provide more than **2,600** individuals the opportunity to provide intensive, results-driven service to meet education, environmental, health, economic, and other pressing needs in

communities across Massachusetts. Most AmeriCorps grant funding goes to the **Massachusetts Service Alliance**, which in turn awards grants to nonprofit groups to respond to local needs. Most of the remainder of the grant funding is distributed by CNCS directly to multi-state and national organizations through a competitive grants process. Other individuals serve through AmeriCorps VISTA, whose members help bring individuals and communities out of poverty by serving full-time to fight illiteracy, improve health services, create businesses, and increase housing opportunities, and AmeriCorps NCCC (National Civilian Community Corps), a 10-month, full time residential program for men and women between the ages of 18 and 24. In exchange for their service, AmeriCorps members earn an education award that can be used to pay for college or to pay back qualified student loans. Since 1994, more than **29,000 Massachusetts** residents have served more than **40 million** hours and have qualified for Segal AmeriCorps Education Awards totaling more than **\$93,100,000**.

Senior Corps

More than **7,400** seniors in Massachusetts contribute their time and talents in one of three Senior Corps programs. Foster Grandparents serve one-on-one as tutors and mentors to more than **4,400** young people who have special needs. Senior Companions help more than **970** homebound seniors and other adults maintain independence in their own homes. RSVP volunteers conduct safety patrols, renovate homes, protect the environment, tutor and mentor youth, respond to natural disasters, and provide other services through more than **540** groups across Massachusetts.

Social Innovation Fund

The Social Innovation Fund transforms lives and communities using limited federal investment as a catalyst to grow the impact of nonprofits with evidence of strong results. It harnesses the expertise of grantmaking intermediaries to identify, evaluate and expand effective nonprofits and engages funding partners to contribute nearly three dollars to every one federal dollar invested. As the Social Innovation Fund network grows programs that work in Massachusetts, more people are able to overcome their most pressing challenges in the areas of economic opportunity, health, and youth development. The Social Innovation Fund is investing **\$3,090,000** in expanding the impact of **7** nonprofits in Massachusetts, selected and supported by **7** intermediaries.

The Corporation for National and Community Service is a federal agency that improves lives, strengthens communities, and fosters civic engagement through service and volunteering. CNCS annually engages more than five million Americans in service to meet local needs through Senior Corps, AmeriCorps, and national days of service; improves communities through the Social Innovation Fund, and leads President Obama's national call to service initiative, United We Serve. To learn more visit NationalService.gov or Serve.gov or call 202-606-5000 or TTY 1-800-833-3722.

U.S. Department of Defense

Doing Business with the Department of Defense

U.S. Department of Defense
Office of Small Business Programs

Home | About | *for Small Businesses* | *for Small Business Professionals* | *for Government* | DoD Small Business Offices

Welcome! We're the DoD Office of Small Business Programs

We advise the Secretary of Defense on all matters related to small business and are committed to maximizing the contributions of small business in DoD acquisitions. We provide leadership and governance to the Military Departments and Defense Agencies to meet the needs of the nations' Warfighters, creating opportunities for small businesses while ensuring each tax dollar is spent responsibly.

PLANS & PERFORMANCE

In order to fulfill our strategic goals and mission, we seek out opportunities and strategic activities to increase small business dollars competitively awarded by DoD military departments and agencies. These statistical tables and reports demonstrate how well we are performing.

[LEARN MORE](#)

LEGISLATION, REGULATIONS, POLICY

Small business' contributions to the Warfighter are maximized through legislation, regulations, Executive Orders and policy directives. These laws, rules, policies, orders and related guidelines defining the small business community's support of the DoD are accessible here.

[LEARN MORE](#)

RESOURCES

There are a number of reference materials, guides, training resources as well as professional counseling available to DoD Small Business Professionals. This includes a link to the Procurement Technical Assistance Centers, which provide training and counseling assistance at no cost.

[LEARN MORE](#)

RECENT ITEMS OF INTEREST | DoD SMALL BUSINESS PROGRAMS

<http://www.acq.osd.mil/osbp/>

Doing Business with the DoD

Resources

Procurement Technical Assistance Centers (PTACs)

Procurement Technical Assistance Centers (PTACs) are charged with assisting businesses in learning how to do business with federal, state, and local governments. PTACs are a local resource available at no or nominal cost that can provide assistance to business firms in marketing their products and services. They offer training to businesses on how to research and bid on contracts, assist with registration requirements, provide bid-matching services, and assist with pre and post contracting issues.

[Prime Contractors with Subcontracting Plans](#) [xlsx]

Directory updated 4/19/11

This FY 2014 directory is intended for small business concerns seeking opportunities with DoD prime contractors. The directory is a listing of large business prime contractors who are required to establish subcontracting plans with goals. The report is generated from data contained in the Individual Subcontract Reports (ISRs) submitted in the Electronic Subcontracting Reporting System (eSRS) by contractors and from data contained in the Federal Procurement Data System (FPDS). The directory includes the name of the prime contractor; the major product/service code (PSC) provided to DoD; the major NAICS of the company; name, telephone number and email address of the company's point of contact; contract number with the effective date and completion date, ultimate contract value and obligated dollars. In addition, many companies have websites with additional information which may be useful in your search for subcontracting opportunities or teaming arrangements.

[Locate a Small Business Professional](#)

Small Business Professionals serve as the primary liaison between private-sector small businesses seeking to do business with government agencies. Specialists advise small businesses regarding current acquisitions contracts available from the federal government.

Procurement Forecasts & the Department of Defense

The Department of Defense, due to its size and scope, does not have a single, comprehensive source for future procurements. Procurements are made locally and within the various services and agencies.

Business Intelligence, relative to future procurement planning, would be gathered at the local level.

For the purposes of forecasting, knowledge of past behavior is useful. Click [here](#) for a table of DoD acquisitions in FY10 summarized by NAICS code. The FY10 data has been validated but FPDS data is dynamic and changes continuously.

Non-Appropriated Fund Customers

Non-appropriated fund customers operate similar to non-profit organizations and include commissaries, exchanges, recreation and fitness centers, dining at officer/enlisted/civilian clubs, and barber/beauty services, just to name a few. For more information click [here](#).

Department of Education

Grant Programs Overview at the Department of Education

Forecast of Funding Opportunities under the Department of Education Discretionary Grant Programs for Fiscal Year (FY) 2016

This document lists virtually all programs and competitions under which the Department (we) has invited or expects to invite applications for new awards and provides actual or estimated deadline dates for the transmittal of applications under these programs. The lists are in the form of charts -- organized according to the Department's principal program offices -- and include programs and competitions we have previously announced, as well as those we plan to announce at a later date. **If you are interested in applying for any upcoming grants with the Department of Education, please take the time to register with SAM at www.SAM.gov, as you must have an active account in order to submit a grant application with our agency. We recommend you register now even as you are looking for eligible grant programs so that your SAM registration is active by the time the application is published. This will allow you to focus on writing the application during the period the application is available and you are not spending a portion of that time obtaining SAM registration. Please click [here](#) to refer to the SAM tip sheet for additional information.**

Note: This document is advisory only and is not an official application notice of the Department of Education. We expect to provide updates to this document starting in the first week of June in a fiscal year and continuing through the following August. Please keep in mind that the dates recorded in this document are **SUBJECT TO CHANGE** and that the average size/number of awards are **ESTIMATES**.

Note on printing: For best results, print this document in landscape orientation.

To see the complete document click here: <http://www2.ed.gov/fund/grant/find/edlite-forecast.html>

The general information page for Education Grant funding is an excellent resource describing the three types of grants awarded by the Department of Education. See the screen shot of the Department of Education web page below:

Jul 22, 2016 Applications Available: June 13, 2016.
Deadline for Transmittal of Applications: July 22, 2016.

Archive Date:

Aug 21, 2016

Estimated Total Program Funding:

\$2,257,434

Award Ceiling:

\$150,000

Eligible Applicants:

Public and State controlled institutions of higher education

Private institutions of higher education

Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility:

Eligible Applicants: (1) IHEs; (2) consortia of IHEs; (3) partnerships between nonprofit educational organizations and IHEs; and (4) public and private nonprofit agencies and organizations, including professional and scholarly associations.

Agency Name:

Department of Education

Description:

Note: Each funding opportunity description is a synopsis of information in the Federal Register application notice. For specific information about eligibility, please see the official application notice. The official version of this document is the document published in the Federal Register. Free Internet access to the official edition of the Federal Register and the Code of Federal Regulations is available on GPO Access at:

<http://www.access.gpo.gov/nara/index.html>. Please review the official application notice for pre-application and application requirements, application submission information, performance measures, priorities and program contact information. Purpose of Program: The UISFL Program provides grants for planning, developing, and carrying out programs to strengthen and improve undergraduate instruction in international studies and foreign languages in the United States. Catalog of Federal Domestic Assistance (CFDA) Number: 84.016A. Applications for grants under the UISFL Program, CFDA number 84.016A, must be submitted electronically using the Governmentwide Grants.gov Apply site at www.Grants.gov. Through this site, you will be able to download a copy of the application package, complete it offline, and then upload and submit your application. You may not email an electronic copy of a grant application to us. You may access the electronic grant application for the UISFL Program at www.Grants.gov. You must search for the downloadable application package for this program by the CFDA number. Do not include the CFDA number's alpha suffix in your search (e.g., search for 84.016, not 84.016A).

Agency Name:	Department of Education
Description:	Note: Each funding opportunity description is a synopsis of information in the Federal Register application notice. For specific information about eligibility, please see the official application notice. The official version of this

document is the document published in the Federal Register. Free Internet access to the official edition of the Federal Register and the Code of Federal Regulations is available on GPO Access at:

<http://www.access.gpo.gov/nara/index.html>. Please review the official application notice for pre-application and application requirements, application submission information, performance measures, priorities and program contact information. Purpose of Program: The purpose of the Fulbright-Hays Group Projects Abroad (GPA) Program is to promote, improve, and develop modern foreign languages and area studies at varying levels of education. The program provides opportunities for faculty, teachers, and undergraduate and graduate students to conduct individual and group projects overseas to carry out research and study in the fields of modern foreign languages and area studies. This competition will support both Fulbright-Hays GPA short-term projects (GPA short-term projects) and Fulbright-Hays GPA long-term projects (GPA long-term projects). There are three types of GPA short-term projects: (1) Short-term seminar projects of four to six weeks in length designed to increase the linguistic or cultural competency of U.S. students and educators by focusing on a particular aspect of area study, such as the culture of an area or country of study (34 CFR 664.11); (2) curriculum development projects of four to eight weeks in length that provide participants an opportunity to acquire resource materials for curriculum development in modern foreign language and area studies for use and dissemination in the United States (34 CFR 664.12); and (3) group research or study projects of three to twelve months in duration designed to give participants the opportunity to undertake research or study in a foreign country (34 CFR 664.13). GPA long-term projects are advanced overseas intensive language projects that may be carried out during a full year, an academic year, a semester, a trimester, a quarter, or a summer. GPA long-term projects are designed to take advantage of the opportunities in the foreign country that are not present in the United States when providing intensive advanced foreign language training. Only participants who have successfully completed at least two academic years of training in the language to be studied are eligible for language training under this program. In addition, the language to be studied must be indigenous to the host country and maximum use must be made of local institutions and personnel (34 CFR 664.14). Applicants may submit only one application under this notice and must identify whether they are applying for a short-term project or a long-term project. Catalog of Federal Domestic Assistance (CFDA) Number: 84.021A. Applications for grants under the Fulbright-Hays GPA Program, CFDA number 84.021A, must be submitted electronically using the Governmentwide Grants.gov

Apply site at Grants.gov. Through this site, you will be able to download a copy of the application package, complete it offline, and then upload and submit your application. You may not email an electronic copy of a grant application to us. You may access the electronic grant application for the Fulbright-Hays GPA Program at www.Grants.gov. You must search for the downloadable application package for this program by the CFDA number. Do not include the CFDA number's alpha suffix in your search (e.g., search for 84.021, not 84.021A).

Posted Date:	May 31, 2016
Last Updated Date:	May 31, 2016
Current Closing Date for Applications:	Jul 15, 2016 Applications Available: May 31, 2016. Deadline for Notice of Intent To Apply: June 30, 2016.

Notice of Intent to Apply: We will be able to develop a more efficient process for reviewing grant applications if we can anticipate the number of applicants that intend to apply for funding under this competition. Therefore, we strongly encourage each potential applicant to notify us of the applicant's intent to submit an application for funding by sending a short email message. This short email should provide (1) the applicant organization's name and address; and (2) all priorities the applicant intends to address. Please send this email notification to TIF5@ed.gov with "Intent to Apply" in the email subject line. Applicants that do not provide this email notification may still apply for funding and are not required to, or prohibited from, addressing priorities they do not mention in their notice of intent to apply. Dates of Pre-Application Workshops: For information about pre-application workshops, visit the TIF Web site at: <http://innovation.ed.gov/what-we-do/teacher-quality/teacher-incentive-fund/>. Pre-application workshops will be held for this competition in the spring of 2016. The workshops are intended to provide technical assistance to all interested grant applicants. Detailed information regarding the pre-application workshops times, and online registration form, can be found on the Teacher Incentive Fund's Web site at <http://innovation.ed.gov/what-we-do/teacher-quality/teacher-incentive-fund/>. Deadline for Transmittal of Applications: July 15, 2016.

Eligible Applicants: Applicants that have the ability and capacity to conduct scientifically valid research are eligible to apply. Eligible applicants include, but are not limited to, nonprofit and for-profit organizations and public and private agencies and institutions of higher education, such as colleges and universities.

Agency Name:

Department of Education

Description:

Note: Each funding opportunity description is a synopsis of information in the Federal Register application notice. For specific information about eligibility, please see the official application notice. The official version of this document is the document published in the Federal Register. Free Internet access to the official edition of the Federal Register and the Code of Federal Regulations is available on GPO Access at: <http://www.access.gpo.gov/nara/index.html>. Please review the official application notice for pre-application and application requirements, application submission information, performance measures, priorities and program contact information. Purpose of Program: The central purpose of the Institute's research grant programs is to provide interested individuals and the general public with reliable and valid information about education practices that support learning and improve academic achievement and access to education opportunities for all students. These interested individuals include parents, educators, students, researchers, and policymakers. In carrying out its grant programs, the Institute provides support for programs of research in areas of demonstrated national need. Competitions in This Notice: The Institute will conduct nine research competitions in FY 2017 through two of its centers: Catalog of Federal Domestic Assistance (CFDA) Numbers: 84.305A, 84.305B, 84.305D, 84.305H,

84.305L, 84.305N, 84.324A, 84.324B, and 84.324L. The Deputy Director for Policy and Research, Delegated the Duties of the Director, of the Institute of Education Sciences (Institute) announces the Institute's FY 2017 competitions for grants to support education research and special education research. The Delegated Director takes this action under the Education Sciences Reform Act of 2002. The Institute's purpose in awarding these grants is to provide national leadership in expanding fundamental knowledge and understanding of (1) developmental and school readiness outcomes for infants and toddlers with or at risk for disability, and (2) education outcomes for all students from early childhood education through postsecondary and adult education. Applications for grants under the Education Research, Research Training Programs in the Education Sciences, Statistical and Research Methodology in Education, Partnerships and Collaborations Focused on Problems of Practice or Policy, Low-Cost, Short-Duration Evaluation of Education Interventions, Research Networks Focused on Critical Problems of Education Policy and Practice, Special Education Research, Research Training Programs in Special Education, and Low-Cost, Short-Duration Evaluation of Special Education Interventions competitions, CFDA numbers 84.305A, 84.305B, 84.305D, 84.305H, 84.305L, 84.305N, 84.324A, 84.324B, and 84.324L must be submitted electronically using the Governmentwide Grants.gov Apply site at www.Grants.gov. Through this site, you will be able to download a copy of the application package, complete it offline, and then upload and submit your application. You may not email an electronic copy of a grant application to us. You may access the electronic grant applications for the Education Research, Research Training Programs in the Education Sciences, Statistical and Research Methodology in Education, Partnerships and Collaborations Focused on Problems of Practice or Policy, Low-Cost, Short-Duration Evaluation of Education Interventions, Research Networks Focused on Critical Problems of Education Policy and Practice, Special Education Research, Research Training Programs in Special Education, and Low-Cost, Short-

Duration Evaluation of Special Education Interventions competitions at www.Grants.gov. You must search for the downloadable application package for each competition by the CFDA number. Do not include the CFDA number's alpha suffix in your search (e.g., search for 84.305, not 84.305A).

[Home](#)

GRANTS & CONTRACTS

Much of the work of the Department of Energy's [Office of Science](#) (SC) is supported through grants and contractual vehicles. This work is processed through the Office of Science [Grants and Contracts Division](#) (GCD) which serves as the principal acquisition, financial assistance (grants and cooperative agreements) and contract/grant management advisor to the Director of Science. The GCD provides independent analyses, advice and recommendations on procurement and assistance actions initiated by SC; identifies problem areas, opportunities and management issues and makes recommendations; serves as SC focal point in developing positions and responses to proposed Federal and DOE procurement and assistance regulations and business management policies and procedures; provides advice and guidance and serves as the SC focal point with DOE field offices, laboratories, universities, contractors, grantees and other Government agencies on SC policies and strategies with respect to acquisition, financial assistance and contract/grant management issues.

The Department's [Office of Nuclear Energy](#) re-established, in FY 1998, a competitive peer-reviewed program to provide grants allowing nuclear engineering faculty and students to conduct innovative research in nuclear engineering and related areas. The awards run from one to three years and are granted in eight separate technical areas related to nuclear engineering: reactor physics, reactor engineering, reactor materials, radiological engineering, radioactive waste management, applied radiation science, nuclear safety and risk analysis, and innovative technologies for next generation reactors, space power and propulsion, or radiation sources. This type of research is vital to the academic community to help promote excellence in nuclear engineering and provide resolution to issues confronting nuclear engineering in general.

The [Office of Nuclear Energy](#) provides tuition, stipends, and practicums to outstanding graduate students studying nuclear engineering and health physics and undergraduate scholarships and practicums to students pursuing a nuclear engineering course of study to ensure that our country will have an adequate supply of trained nuclear scientists and engineers. As an element of this activity, the University Partnership Program pairs minority institutions with institutions offering a nuclear engineering degree to enable more minorities to enter the field of nuclear engineering.

Understanding, Managing, and Applying for EPA Grants

*****ATTENTION:** Grant Applicants and Recipients, see the [Website Redirect Assistance Link](#) and/or Key Links box for Grant Provisions, Terms and Conditions, and additional information.

Every year, EPA awards over \$4 billion in funding for grants and other assistance agreements. From small non-profit organizations to large state governments, EPA works to help many visionary organizations achieve their environmental goals. With countless success stories over the years, EPA grants remain a chief tool in the advancement of human health and the environment.

Grants Forecast and Overview

The Department of Health and Human Services' Grants Forecast is a database of planned grant opportunities proposed by its [agencies](#). Each Forecast record contains actual or estimated dates and funding levels for grants that the agency intends to award during the fiscal year. Forecast opportunities are subject to change based on enactment of congressional appropriations. Go to the [webpage below](#) for more information.

Grants Forecast

The Department of Health and Human Services' Grants Forecast is a database of planned grant opportunities proposed by its agencies. Each Forecast record contains actual or estimated dates and funding levels for grants that the agency intends to award during the fiscal year. Forecast opportunities are subject to change based on enactment of congressional appropriations.

When funding is available and an agency is ready to accept applications, the agency will issue an official notice, known as a Funding Opportunity Announcement (FOA), which will be available on Grants.gov. The FOA provides guidance on how to receive an application kit and instructions on how to apply.

Archive Date: Aug 31, 2016
Estimated Total Program Funding: \$15,510,907
Award Ceiling: \$3,500,000
Award Floor: \$900,000
Eligible Applicants: Independent school districts
Private institutions of higher education
Public housing authorities/Indian housing authorities
Public and State controlled institutions of higher education
Nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education
Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education
Native American tribal organizations (other than Federally recognized tribal governments)
County governments
Special district governments
City or township governments
Native American tribal governments (Federally recognized)
State governments
Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility: This Funding Opportunity Announcement is open to public and private non-profit organizations. Faith-based and community organizations that meet the eligibility requirements are eligible to receive awards under this funding opportunity announcement. Faith-based organizations are encouraged to review the ACF Policy on Grants to Faith-Based Organizations at: <http://www.acf.hhs.gov/acf-policy-on-grants-to-faith-based-organizations>. Applications from individuals (including sole proprietorships) and foreign entities are not eligible and will be disqualified from competitive review and

Agency Name:

Description:

from funding under this announcement Administration for Children and Families - ORR The Office of Refugee Resettlement (ORR) within the Administration for Children and Families (ACF) announces the availability of funds and award procedures for fiscal year 2017 under the Preferred Communities (PC) Program. The twin goals of the PC Program are: The successful resettlement and integration of especially vulnerable refugees (and other ORR client populations); and The enhancement of refugee service providers; capacity to serve such populations at new or established PC locations. ORR aims to achieve these goals by awarding grants, under cooperative agreements, to well-qualified refugee service providers that operate under cooperative agreements with the Department of State and/or the Department of Homeland Security, to offer a range of reception and placement (R&P) services to refugees and other ORR client populations through a national network of resettlement locations across the United States. While R&P services effectively support many newly arriving refugees in their initial resettlement phase, an increasing number of especially vulnerable individuals still have difficulty navigating systems and attaining self-sufficiency after the completion of R&P services. With limited material and human resources, agencies in turn find it challenging to deliver the specialized supporting services necessary for such individuals. By providing PC funds, ORR intends to facilitate the enhancement of PC Programs; ability to place vulnerable refugees in areas where they are most likely to achieve self-sufficiency, and to offer specialized services. The enhanced capacity of PC Programs to afford especially vulnerable refugees access to specialized services such as intensive case management is intended to result in these refugees; attainment of self-sufficiency in their vulnerable life areas, which may include medical disabilities, trauma, and lack of access to supporting services.

Original Closing Date for Applications: Aug 16, 2016
Current Closing Date for Applications: Aug 16, 2016
Archive Date: Sep 30, 2016
Estimated Total Program Funding: \$132,000,000
Eligible Applicants: Others (see text field entitled "Additional Information on Eligibility" for clarification)
Additional Information on Eligibility: You must be a public or nonprofit private entity, as demonstrated through the submission of the Evidence of Non-profit/Public Center Status outlined in Section IV.2.vii. Faith-based and community-based organizations, Tribes, and tribal organizations are eligible to apply.
Agency Name: Health Resources and Services Administration
Description: This announcement solicits applications for the Health Center Program's Service Area Competition (SAC). The Health Center Program supports patient-directed public and private nonprofit organizations that provide primary and preventive health care services to the Nation's medically underserved. The purpose of the SAC funding opportunity is to ensure continued access to comprehensive, culturally competent, quality primary health care services for communities and vulnerable populations currently served by the Health Center Program. This FOA details the SAC eligibility requirements, review criteria, and awarding factors for organizations seeking funding for operational support to provide primary and preventive health care services to an announced service area under the Health Center Program, including Community Health Center (CHC – section 330(e)), Migrant Health Center (MHC – section 330(g)), Health Care for the Homeless (HCH – section 330(h)), and/or Public Housing Primary Care (PHPC – section 330(i)). For the purposes of this document, the term "health center" encompasses these types of funding (i.e., CHC, MHC, HCH, and PHPC).

DHS Financial Assistance

Financial Assistance Overview

Most DHS Components have authority to execute and manage financial assistance to support the DHS mission. Financial assistance is the transfer to a non-Federal recipient of anything of value for a public purpose, and in DHS includes grants, cooperative agreements, training, loans, direct payments, and National flood insurance.

Background

Although most DHS Components possess some grant-making programs, the majority of programs and funding exists within the Federal Emergency Management Agency (FEMA). DHS supports a wide variety of financial assistance including post-disaster relief and resilience, preparedness, boating safety, cybersecurity, research, university centers of excellence, and assistance to fire fighters. The chart below reflects the distribution of financial assistance activity and funding by DHS mission.

[DHS Financial Assistance by Component](#)

Financial Assistance Policy and Oversight (FAPO)

FAPO is within the DHS Office of the Chief Financial Officer, Undersecretary of Management. The office is the functional lead for the Financial Assistance Line of Business. FAPO is responsible for providing oversight, to include the issuance of policy, for all DHS financial assistance programs. The team works with DHS Components to ensure a "One DHS" approach for financial assistance. The Office consists of four units; Information Management and Reporting, Financial Assistance Policy, Financial Assistance Oversight and Strategic

Federal Funding Alternative To AFG

State Administrative Agencies (SAA) apply for and administer Federal grants on behalf of their States, including FEMA Preparedness Grants. The SAA will work with eligible organizations to comply with the general requirements of grant programs or cooperative agreements. Contact your State's SAA to find out what current Federal funding opportunities may be available to your organization. A listing of the SAAs and points of contact can be found at <http://www.fema.gov/library/viewRecord.do?id=6363>.

Description:

Department of Homeland Security - FEMA
The Department of Homeland Security Fiscal Year (FY) 2016 Homeland Security National Training Program (HSNTP), National Domestic Preparedness Consortium (NDPC) plays an important role in the implementation of the National Preparedness System by supporting the building, sustainment, and delivery of core capabilities essential to achieving the National Preparedness Goal (the Goal) of a secure and resilient Nation. Delivering core capabilities requires the combined effort of the whole community, rather than the exclusive effort of any single organization or level of government. The FY 2016 HSNTP/NDPC supports efforts to build and sustain core capabilities across Prevention, Protection, Mitigation, Response, and Recovery mission areas, with specific focus on addressing the training needs of our nation. Objectives: FY 2016 HSNTP/NDPC training programs will provide training solutions to address national preparedness gaps, correlate training needs with exercise activities and outcomes, incorporate the core capabilities identified in the National Preparedness Goal, and ensure training is available and accessible to a nationwide audience.

Estimated Total Program Funding: \$5,000,000
Award Ceiling: \$500,000
Award Floor: \$100,000
Eligible Applicants: Public and State controlled institutions of higher education
Private institutions of higher education

Agency Name: Office of Procurement Operations - Grants Division

Description: **Informational Webinar June 21, 2016**
3:00pm EDT. The Department of Homeland Security (DHS) Science and Technology Directorate (S&T) Office of University Programs (OUP) is requesting applications from U.S. colleges and universities to serve as a partner institution for a Center for Criminal Investigations and Network Analysis (CINA). OUP is also posting a separate NOFO for eligible applicants to submit lead proposals for consideration. Please see NOFO Number DHS-16-ST-061-CINA-Partner or 97.061 on <http://www.grants.gov> for directions on how to submit single project proposals. DHS will select qualified individual projects from applications received for either the Center Lead NOFO or the Center Partner NOFO, regardless of the institution that is awarded as lead institution. Principal Investigators that are already Partners under a Center Lead application may not submit the same application under this Partner NOFO.

HUD awards grants to organizations and groups for a variety of purposes. To participate in the HUD grants program, you need to be registered with Grants.gov.

- ▶ **HUD's grants office** - the Office of Departmental Grants Management and Oversight (ODGMO) was established to develop a Department-wide perspective on grants management.
- ▶ **Funds Available** - Identifies HUD's competitive funding opportunities, also known as Notice of Funding Availability (NOFAs).
- ▶ **Funding announcements** - Announcements of those who were awarded grants.
- ▶ **Highest Scoring Grant Applications**
- ▶ **Training** - identifies various training webcast relating to grants.
- ▶ **HUD Deputy Secretary Notice 2015-1: Transition to 2 CFR Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards** - Final Guidance, February 26, 2015

STOP FRAUD

HUD will **NEVER** ask for money to apply for or activate a grant opportunity.

HUD does **NOT** give grants to individual citizens.

Report all suspected fraud attempts to Hotline@HUDOIG.gov
Fraud is a serious crime and violators can face fines and penalties of up to 20 years in jail.

If someone contacts you claiming to be a HUD employee and tells you that HUD has awarded you a grant but tells you that you must pay to activate or qualify for the award - you are likely being targeted by criminals. HUD will never require grant applicants or awardees to pay money for information, to apply for, or to access grant funds. Period. This fraudulent behavior would be a felony punishable by heavy fines and jail time - regardless of whether or not money is exchanged.

If you get a phone call from someone claiming to be from HUD, here's what you should do:

- ▶ If you have questions regarding the status of your grant request, call the Grants Management & Oversight Division at (202) 708-0667. The HUD employees at that line can help you with any grant questions regarding award status.
- ▶ If any payment of money has been solicited for information, then contact and report the incident to the **HUD Inspector General** immediately. If the complaint involves someone impersonating someone at HUD, include the words "HUD Telephone Scam" in the notes.

"Attention: Unsolicited Contact - Possible Fraud Notification"

What should I do if I receive unsolicited contact from someone claiming to be a CFDA representative?

Answer: The Catalog for Federal Domestic Assistance (CFDA) program does not use social media or contact individuals by phone to solicit, review, or make awards. Additionally, no government staff will call or message you requesting money in order to be eligible for an award. Please report any information and documentation that you have related to this incident to the FBI's Internet Crime Complaint Center (IC3) (www.ic3.gov) and your local law enforcement authorities.

HUD NOFA FORECAST

The Department of Housing and Urban Development NOFA Forecast lists competitive grant opportunities that may be available for FY2016. The inclusion or exclusion of an opportunity in this list does not constitute a guarantee that a specific opportunity will become available or not be available. Forecast opportunities are subject to change based on enactment of Congressional appropriations and other considerations.

When funding is available, HUD will issue a Notice of Funding Availability (NOFA), which will be available on [Grants.gov](#) and HUD's Funds Available webpage. Each NOFA provides guidance on how to apply for funding.

Category Explanation:
Expected Number of Awards: 8000
CFDA Number(s): 14.267 -- Continuum of Care Program
Cost Sharing or Matching Requirement: Yes
Version: Synopsis 4
Posted Date: Jun 28, 2016
Last Updated Date: Jun 29, 2016
Original Closing Date for Applications: Sep 14, 2016
Current Closing Date for Applications: Sep 14, 2016
Archive Date: Oct 14, 2016
Estimated Total Program Funding: \$1,900,000,000
Award Ceiling: \$1,500,000
Award Floor: \$2,500
Eligible Applicants: City or township governments
State governments
County governments
Others (see text field entitled "Additional Information on Eligibility" for clarification)
Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education
Additional Information on Eligibility: 24 CFR 578.15, eligible project applicants for the CoC Program Competition are nonprofit

organizations, States, local governments, and instrumentalities of State and local governments. Public housing agencies, as such term is defined in 24 CFR 5.100, are eligible without limitation or exclusion. For-profit entities are not eligible to apply for grants or to be subrecipients of grant funds. Individuals, foreign entities, and sole proprietorship organizations are not eligible to compete for, or receive, awards made under this announcement.

Agency Name:

Department of Housing and Urban Development

Description:

The CoC Program (24 CFR part 578) is designed to promote a community-wide commitment to the goal of ending homelessness; to provide funding for efforts by nonprofit providers, States, and local governments to quickly re-house homeless individuals, families, persons fleeing domestic violence, and youth while minimizing the trauma and dislocation caused by homelessness; to promote access to and effective utilization of mainstream programs by homeless; and to optimize self-sufficiency among those experiencing homelessness.
