PART 1

SECTION 1 – CURRENT FEDERAL AGENCY DISCRETIONARY GRANT OPPORTUNITIES

SECTION 2 – GENERAL FEDERAL AGENCY GRANTS INFORMATION

Current Federal Agency Grant and Cooperative Agreement Discretionary Program Summaries

Click on Index Links below to find summaries of the current announcements listed by agency in this document. Once you reach the item, if you cannot open the links for further information, copy the selected URL website address into your browser.

Notices is Teal are items with immediate deadline dates.

Notices in Yellow are of special interest.

Notices is Green are items of special interest with immediate deadline dates.

Several Agencies have research or program opportunities that are not individually listed because they are for very technical or specific audiences. Click on the Agency Index Research or Program designation to review those grant and contract notices.

If an Agency does not have listings, it is due to the lack of competitive open opportunities at that Agency this month. Please review Section 2 for general information not specific to a current deadline date for general funding cycle information.

CFDA Number(s): 10.336 -- Veterinary Services Grant Program

Cost Sharing or Matching Requirement: No

Eligible Applicants: Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility: Applicants for the VSGP must meet all the requirements outlined in the RFA. Failure to meet the eligibility criteria by the application deadline may result in exclusion from consideration or, preclude NIFA from making an award. For those new to Federal financial assistance, NIFA’s Grants Overview provides highly recommended information. Please see the RFA for eligibility information.

Agency Name: National Institute of Food and Agriculture

Description: The Veterinary Services Grant Program (VSGP) is designed to support education and extension activities and practice enhancement initiatives that will enable veterinarians, veterinary students, veterinary technicians, and veterinary technician students to gain specialized skills and provide practices with additional resources (e.g., equipment, personnel) needed to more effectively mitigate veterinary service shortages in the U.S. Ultimately, this program will bolster the capacity of private practitioners to provide food animal veterinary services in designated rural veterinarian shortage situations. The purpose of VSGP is to develop, implement, and sustain veterinary services and relieve veterinarian shortage situations in the U.S., which includes insular areas (see Part VIII, D of this RFA for a definition of “insular area”). Grants will be made available on a competitive basis to: 1. Establish or expand accredited veterinary education programs, veterinary residency and fellowship programs, or veterinary internship and externship programs carried out in coordination with accredited colleges of veterinary medicine. 2. Provide continuing education and extension, including veterinary telemedicine and other distance-based education, for veterinarians, veterinary technicians, and other health professionals needed to strengthen veterinary programs and enhance food safety and public health. 3. Cover travel and living expenses of veterinary students, veterinary interns, externs, fellows, and residents, and veterinary technicians.

Agency Name: National Institute of Food and Agriculture
Description: The Small Business Innovation Research (SBIR) program at the U.S. Department of Agriculture (USDA) offers competitively awarded grants to qualified small businesses to support high quality research related to important scientific problems and opportunities in agriculture that could lead to significant public benefits. The program stimulates technological innovations in the private sector and strengthens the role of federal research and development in support of small businesses. The SBIR program also fosters and encourages participation by women-owned and socially or economically disadvantaged small businesses.

Funding Opportunity Title: Special Research Grants Program - Aquaculture Research

Opportunity Category: Discretionary

Opportunity Category Explanation: Special Research Grants Program - Aquaculture Research

Funding Instrument Type: Grant

Category of Funding Activity: Agriculture

Category Explanation: Special Research Grants Program - Aquaculture Research

Expected Number of Awards: 10.200 -- Grants for Agricultural Research, Special Research Grants

CFDA Number(s): 10.200

Cost Sharing or Matching Requirement: No

Eligible Applicants: Others (see text field entitled "Additional Information on..."

https://www.grants.gov/web/grants/view-opportunity.html?oppId=324292
Additional Information on Eligibility: A. Eligible Applicants Applications may be submitted by State agricultural experiment stations, all colleges and universities, other research institutions and organizations, Federal agencies, private organizations or corporations, and individuals for the purpose of conducting research, extension, or education activities to facilitate or expand promising breakthroughs in areas of the food and agricultural sciences of importance to the United States. Failure to meet an eligibility criterion by the application deadline may result in the application being excluded from consideration or, even though an application may be reviewed, will preclude NIFA from making an award. For those new to Federal financial assistance, a grants overview page is available on the NIFA website. This page includes information about free Grants 101 Training and other resources that are highly recommended for those seeking an understanding of Federal awards.

Agency Name: National Institute of Food and Agriculture

Description: The purpose of the Aquaculture Research program is to support the development of an environmentally and economically sustainable aquaculture industry in the U.S. and generate new science-based information and innovation to address industry constraints. Over the long term, results of projects supported by this program may help improve the profitability of the U.S. aquaculture industry, reduce the U.S. trade deficit, increase domestic food security, provide markets for U.S.-produced grain products, increase domestic aquaculture business investment opportunities, and provide more jobs for rural and coastal America. The Aquaculture Research program will fund projects that directly address major constraints to the U.S. aquaculture industry and focus on one or more of the following program priorities: (1) genetics of commercial aquaculture species; (2) critical disease issues impacting aquaculture species; (3) design of environmentally and economically sustainable aquaculture production systems; and (4) economic research for increasing aquaculture profitability.

- Native American tribal organizations (other than Federally recognized tribal governments)  
- State governments  
- Private institutions of higher education  
- County governments  
- City or township governments  
- Independent school districts
Additional Information on Eligibility:

Agency Name: Forest Service

Description:

The health and vitality of our urban & community forests are critical to all our Nation's Forests. Communities often act as gateways for invasive pests and disease, and well managed community forests, especially when a part of shared stewardship across the landscape, can slow or even halt the spread before they infect neighboring private, state or National forests. Our forests are also under threat from natural disasters including wildland fires, hurricanes, tornados, flooding and landslides. Well managed forests are better prepared to withstand these threats, protecting lives, infrastructure, homes, habitats, water quality, economies, and social health and well-being.

To better equip our communities in preventing and responding to these threats, the U&CF program requests innovative proposals that strengthen urban and community forest resiliency and align with the goals in the National Ten Year Urban and Community Forestry Action Plan (2016-2026). Collaborative solutions may include but are not limited to: research; prevention; planning; policy; preparedness; implementation; best management practices; recovery; and reforestation that promotes the resilience of our Nation's urban & community forests.

Urban and Community Forestry Program Requirements

Innovative Forest Resiliency proposals shall have national or multi-state application and impact.

A proposal’s content must meet the Urban and Community Forestry program authorities as designated by Congress in the Cooperative Forestry Assistance Act, (Section 9 PDF, pp. 19-24) State & Private Cooperative Forestry Handbook of Programs and one or more of the goals in the National Ten Year Urban and Community Forestry Action Plan (2016-2026)

Available Funding: The U.S. Forest Service anticipates that the statutory authority (Sub Title 9 of the Cooperative Forestry Assistance Act) for the Fiscal Year 2020 Urban and Community Forestry (U&CF) Program may provide, approximately $900,000 in grant funds to be awarded through the 2020 National Urban and Community Forestry Grant Program. Funds are to support national urban and community forestry projects on nonfederal public land that have a national or multi-state impact and application. All awards are based on the availability of funding, which may be subject to change.

Eligible Applicants: Any U.S. Non-Federal and Tribal Organization, operating within the United States or its territories, may apply for the Challenge Cost-Share grant. While collaboration with Federal agencies is encouraged, a Federal agency may not receive funding or be used as match to the Federal funds being requested. Individuals and private land are not eligible. Proposals are required to address national, multi-state, or multi-tribal-land urban and community forestry issues. The Forest Service will address any conflicts of interest.

Not Eligible: If an entity has a local/state tree-planting projects, capital improvements to property of any ownership, and/or projects that have only a local/single state impact and applicability are not eligible. Applicants with local proposals should contact their State Urban and Community Forestry Coordinator for assistance in identifying funding alternatives at
the local level. The list of State Coordinators may be found at the following website at the bottom of the page: [State Urban Foresters' Contact List](#)

**Matching Requirements:** All grant funds must be matched at least equally (dollar for dollar) with non-Federal source funds. This match may include in-kind donations, volunteer assistance, and private and public (non-federal) monetary contributions. All matching funds must be directly related to the proposed project. The source of matching funds must be identified, and grantees must comply with all applicable Federal regulations.

**Applicant ID Numbers:** All applicants are to include and ensure their **DUNS** and **SAM's numbers** are current and won't be expiring within the next 6-9 months.

**Inquiries:** All questions regarding the program should be directed to Nancy Stremple, National Urban and Community Forestry Specialist, at nancy.stremple@usda.gov from 9:00 a.m. to 3:00 p.m. (Eastern)

**2020 National Urban and Community Forestry Innovation Grant Category: Creating and Enhancing Resilient Urban and Community Forests:**

The USDA Forest Service seeks innovative (new, cutting-edge or builds upon existing studies) grant proposals for program development, study, and collaboration that will address urban and community forest resilience and aligns with one or more applicable goals in the [National Ten Year Urban and Community Forestry Action Plan (2016-2026)](#). By clicking on the title link it will download the document for more detailed information about each category listed below. The applicant is to list the Goal(s) their proposal is addressing.

1. **Integrate Urban and Community Forestry into All Scales of Planning (Page 26):**
2. **Promote the Role of Urban and Community Forestry in Human Health and Wellness (Page 33):**
3. ** Cultivate Diversity, Equity and Leadership within the Urban Forestry Community (Page 42):**
4. **Strengthen Urban and Community Forest Health and Biodiversity for Long-Term Resilience (Page 50):**
5. **Improve Urban and Community Forest Management, Maintenance and Stewardship (Page 58):**
6. **Diversify, Leverage and Increase Funding for Urban and Community Forestry (Page 66):**
7. **Increase Public Awareness and Environmental Education to Promote Stewardship (Page 74):**

**Research Goal D (Page 16):** Research is needed to better understand and monitor current threats, to diminish tree loss, maintain urban forest health, and to sustain ecosystem services. Studies are needed to help anticipate emergent threats or negative conditions to enable proactive management response, as well as, social or policy studies that can help to reveal the institutional best practices that can be put in place for threat response and community engagement for forest sustainability and resiliency.

**Information on how to apply may be found on the following websites:**
- Grant Application Website: [https://grants.urbanandcommunityforests.org](https://grants.urbanandcommunityforests.org) will have application information, how to download the application form, and submit the completed grant proposal package.
• Grants.gov Synopsis (Search: Opportunity: USDA-FS-UCF-01-2020, or CFDA, 10.675, Agency Forest Service). This will include the link to the grant application website where the grant proposal application can be down-loaded, and grant package uploaded. https://grants.urbanandcommunityforests.org

• USDA Forest Service UCF Website. This will include the link to the grant application website where the grant application can be down-loaded, and grant proposal package uploaded https://grants.urbanandcommunityforests.org

• All grant proposal application instructions, downloadable application forms, and grant package submissions are located on: https://grants.urbanandcommunityforests.org unless one does not have the capacity to use or have the availability of a computer. They may contact Nancy Stremple, National Urban Forestry Specialist nancy.stremple@usda.gov, 202 205-7829 for application information to be mailed to them.

Application Deadlines:

Proposals must be submitted to https://grants.urbanandcommunityforests.org or courier hard copies received by 11:59 PM Eastern, March 30, 2020.

The USDA Forest Service typically awards the successful projects as Federal Financial Assistance Grants no later than September 30, 2020. Successful applicants will receive formal notice of their grant award from the Forest Service grants and agreements official. Consequently, grantees may not begin their projects prior to official grant award notification.

Hardcopy applicants will be required to utilize a courier service (i.e. FedEx, UPS, etc.) to send their application to the Forest Service’s National Urban and Community Forestry Specialist, Nancy Stremple. Hardcopy applications should be submitted on white 8.5” x 11” paper. Please do not enclose proposals in folders or binders (staple in the top, left hand corner of each copy) and do not include unsolicited material as it will be removed and destroyed. To apply by hardcopy, please use a courier service to send one hard copy and a copy on a disk to:

Nancy Stremple,  
National Urban and Community Specialist  
USDA Forest Service  
201 14th. St. SW, Sidney Yates Bldg. 3NW-03B  
Washington, D.C. 20024  
nancy.stremple@usda.gov

*Note: To ensure delivery, include both the mail stop (3NW-03B) number and the street address when addressing your package for shipment.

Additional Information on Eligibility:

Agency Name: Scientific Cooperation Research Program
Description: The United States Department of Agriculture’s (USDA) Foreign Agricultural Service (FAS) announces the availability of funding through cost
reimbursable agreements for the Scientific Cooperation Research Program (SCRP) for fiscal year (FY) 2020.

SCRP supports FAS’ Borlaug Fellowship Program and other strategic goals and utilizes the scientific communities’ accumulated knowledge and technologies to help aid in developing practical solutions to address issues including agricultural trade and market access, animal and plant health, biotechnology, food safety and security, and sustainable natural resource management. All applications must include foreign collaborations, and projects should not exceed two years. Funding may be allocated to foreign collaborators through sub-awards.

Background

The Scientific Cooperation Research Program (SCRP) is a Foreign Agricultural Service Office,(FAS) administered program that has been in existence for several decades. Historically, SCRP has funded hundreds of collaborative research programs between U.S. and foreign scientists. This program supports up to 10 collaborative research programs annually, up to $50,000.

Objectives

SCRP will support applied research, extension, and education projects — lasting up to two years between U.S. researchers and researchers from selected emerging market economies - that create practical solutions to challenges faced by small farmers and build regional or global trade capacities in FAS countries. In general, applications should support one or more of the following strategies of the Global Food Security Act (Public Law No: 114-195):

1. Accelerate inclusive, agricultural-led economic growth that reduces global poverty, hunger, and malnutrition, particularly among women and children.
2. Increase the productivity, incomes, and livelihoods of small-scale producers, especially women, by working across agricultural value chains, enhancing local capacity to manage agricultural resources effectively, and expanding producer access to local and international markets.
3. Build resilience to food shocks among vulnerable populations and households while reducing reliance upon emergency food assistance.
4. Create an enabling environment for agricultural growth and investment, including through the promotion of secure and transparent property rights.
5. Improve the nutritional status of women and children, with a focus on reducing child stunting, including through the promotion of highly nutritious foods, diet diversification, and nutritional behaviors that improve maternal and child health;
6. Align with and leverage broader United States strategies and investments in trade, economic growth, science and technology, agricultural research and extension, maternal and child health, nutrition, and water, sanitation, and hygiene.

### Eligible Applicants:
Others (see text field entitled "Additional Information on Eligibility" for clarification)

### Additional Information on Eligibility:
Applicants for the BRAG meet the requirements discussed in this RFA. Failure to meet the eligibility criteria by the application deadline may result in exclusion from consideration or preclude NIFA from making an award. For those new to Federal financial assistance, NIFA’s Grants Overview (https://nifa.usda.gov/resource/grants-overview) provides highly recommended information about grants and other resources to help understand the Federal awards process.

### Agency Name:
National Institute of Food and Agriculture

### Description:
The purpose of the Biotechnology Risk Assessment Grants (BRAG) program is to support the generation of new information that will assist Federal regulatory agencies make science-based decisions about the effects of introducing genetically engineered organisms (GE) into the environment. These organisms include: plants, microorganisms (including...
fungi, bacteria, and viruses), insects, fish, birds, mammals, and other animals excluding humans. Investigations on the effects of both managed and natural environments are relevant. The BRAG program accomplishes its purpose by providing Federal regulatory agencies with scientific information relevant to regulatory issues.

National Institute of Food and Agriculture
FY 2020 Beginning Farmer & Rancher Development Program

Synopsis 2

Document Type: Grants Notice
Funding Opportunity Number: USDA-NIFA-BFR-006970
Funding Opportunity Title: FY 2020 Beginning Farmer & Rancher Development Program
Opportunity Category: Discretionary
Opportunity Category Explanation:
Funding Instrument Type: Grant
Category of Funding Activity: Agriculture
Category Explanation:
Expected Number of Awards:
CFDA Number(s): 10.311 -- Beginning Farmer and Rancher Development Program
Cost Sharing or Matching Requirement: Yes

Version: Synopsis 5
Posted Date: Dec 16, 2019
Last Updated Date: Dec 17, 2019
Original Closing Date for Applications: Feb 13, 2020
Current Closing Date for Applications: Mar 19, 2020
Archive Date: Apr 18, 2020
Estimated Total Program Funding: $14,000,000
Award Ceiling: $200,000
Award Floor: $50,000
Eligible Applicants: Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility: Applications may only be submitted by a collaborative state, tribal, local, or regionally-based network or partnership of qualified public and/or private entities. These collaborations may include the following entities: State Cooperative Extension Services; Federal, State, municipal or tribal agencies; community-based organizations (CBOs); nongovernmental organizations (NGOs); junior and four-year colleges or universities or foundations maintained by a college or university; and private for-profit organizations. Inclusion of beginning and/or non-beginning farmers and ranchers as part of the collaborative group is strongly encouraged. Applications submitted by individuals, or by organizations that do not involve other entities in a network or partnership, are not eligible for consideration under any category applicable to the BFRDP and will be excluded from review. Multiple awards will not be made to the same organization or Project Director in the same calendar year. For FY 2020, organizations that have received awards in FY 2018 or FY 2019, are ineligible to apply. ET awards are exempt from this restriction. An organization with a current ET award may receive a standard grant, and an organization with a current standard grant may receive one (1), but no more than one, concurrent ET grant. Failure to meet an eligibility criterion by the application deadline may result in the application being excluded from consideration or, even though an application may be reviewed, will preclude NIFA from making an award. Award recipients may subcontract to organizations not eligible to apply provided such organizations are necessary for the conduct of the project.

Agency Name: National Institute of Food and Agriculture
Description: Beginning farmer education for adult and young audiences in the United States can generally be traced back to the advent of the 1862 and 1890 Morrill Land-Grant Acts. But, for the first time, the Food, Conservation, and Energy Act of 2008 (Pub. L. No. 110-234, Section 7410) appropriated $75 million for FY 2009 to FY 2012 to develop and offer education, training, outreach and mentoring programs to enhance the sustainability of the next generation of farmers.

The Agriculture Act of 2014 provided an additional $20 million per year for 2014 through 2018. The reasons for the renewed interest in beginning farmer and rancher programs are as follows: the rising average age of U.S. farmers; the 8% projected decrease in the number of farmers and ranchers between 2008 and 2018; and the growing recognition that new programs are needed to address the needs of the next generation of beginning farmers and ranchers.
The Agriculture Improvement Act of 2018 (aka the 2018 Farm Bill) reauthorized the Beginning Farmer and Rancher Development Program and provides mandatory funds for which supports education, mentoring, and technical assistance initiatives for beginning farmers and ranchers.

The funding is $15 million a year for Fiscal Years (FY) 2019 and 2020, $17.5 million for FY 2021, $20 million for FY 2022, and $25 million for FY2023.

Cost Sharing or Matching Requirement: Yes

Eligible Applicants: Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility: As contained in Section 7204 of the Food, Conservation, and Energy Act of 2008 (FCEA) (Pub.L. 110-246 which amends Section 1672 of the Food, Agriculture, Conservation, and Trade Act of 1990 (7 U.S.C. 5925)), applications may only be submitted by the following eligible applicants: (a) State agricultural experiment stations; (b) colleges and universities; (c) university research foundations; (d) other research institutions and organizations; (e) Federal agencies; (f) national laboratories; (g) private organizations or corporations; and, (h) individuals.

Agency Name: National Institute of Food and Agriculture

Description: The purpose of this program is to support research, education/teaching, and extension projects that increase participation by women and underrepresented minorities from rural areas in STEM. NIFA intends this program to address educational needs within broadly defined areas of food, agriculture, natural resources, and human (FANH) sciences. Applications recommended for funding must highlight and emphasize the development of a competent and qualified workforce in the FAHN sciences. WAMS-funded projects improve the economic health and viability of rural communities by developing research and extension initiatives that focus on new and emerging employment opportunities in STEM occupations. Projects that contribute to the economic viability of rural communities are also encouraged.

**Eligible Applicants:**
Others (see text field entitled "Additional Information on Eligibility" for clarification)

**Additional Information on Eligibility:**
Applications may only be submitted by eligible entities. Failure to meet an eligibility criterion by the application
Deadline may result in the application being excluded from consideration or, even though an application may be reviewed, will preclude NIFA from making an award. Eligibility is linked to the project type as specified in the RFA.

**Agency Name:** National Institute of Food and Agriculture

**Description:** The AFRI Foundational and Applied Science Program supports grants in six AFRI priority areas to advance knowledge in both fundamental and applied sciences important to agriculture. The six priority areas are: Plant Health and Production and Plant Products; Animal Health and Production and Animal Products; Food Safety, Nutrition, and Health; Bioenergy, Natural Resources, and Environment; Agriculture Systems and Technology; and Agriculture Economics and Rural Communities. Research-only, extension-only, and integrated research, education and/or extension projects are solicited in this Request for Applications (RFA). See Foundational and Applied Science RFA for specific details.

REAP-Renewable Energy Systems and Energy Efficiency Improvements

Synopsis 2

Document Type: Grants Notice

Funding Opportunity Number: RDBCP-11-REAP-RES-EEI-2020

Funding Opportunity Title: REAP-Renewable Energy Systems and Energy Efficiency Improvements

Opportunity Category: Mandatory

Opportunity Category Explanation:

Funding Instrument Type: Grant

Category of Funding Activity: Agriculture

Category Explanation:

Category of Funding Activity: Business and Commerce

Category Explanation:

Category of Funding Activity: Energy

Category Explanation:

Expected Number of Awards: 2000

CFDA Number(s): 10.868 -- Rural Energy for America Program

Cost Sharing or Matching Requirement: Yes

Version: Synopsis 2

Posted Date: Oct 28, 2019

Last Updated Date: Oct 28, 2019

Original Closing Date for Applications: Sep 30, 2020

Current Closing Date for Applications: Sep 30, 2020

Archive Date:

Estimated Total Program Funding: $70,000,000

Award Ceiling: $500,000

Award Floor:

Eligible Applicants: Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility: Eligible applicants are agricultural producers and rural small businesses. All agricultural producers, including farmers and ranchers, who gain 50% or more of their gross income from the agricultural operations are eligible. Small businesses that are located in a rural area can also apply. Rural electric cooperatives may also be eligible to apply. Additional Information on Eligibility: Citizenship - To be eligible, applicants must be individuals or entities at least 51 percent owned by persons who are either: 1) citizens of the United States (U.S.), the Republic of Palau, the Federated States of Micronesia, the Republic of the Marshall Islands, or American Samoa; or 2) legally admitted permanent residents residing in the U.S. Project - The project must be to conduct a feasibility study for a renewable energy system. Eligible technologies include: projects that produce energy from wind, solar, biomass, geothermal, hydro
power and hydrogen-based sources. All projects must be located in a rural area and must be owned by the applicant. Legal authority and responsibility - Each applicant must have, or obtain, the legal authority necessary to carry out the purpose of the grant.

Agency Name: Business and Cooperative Programs

Description: The Rural Energy for America Program will provide funds to agricultural producers and rural small businesses to install renewable energy systems and energy efficiency improvements. The Rural Energy for America Program is designed to help agricultural producers and rural small businesses reduce energy costs and consumption and help meet the nations critical energy needs. The grants are awarded on a competitive basis.

National Institute of Food and Agriculture
Higher Education Challenge (HEC) Grants Program
Synopsis 1

Document Type: Grants Notice
Funding Opportunity Number: USDA-NIFA-CGP-006950
Funding Opportunity Title: Higher Education Challenge (HEC) Grants Program
Opportunity Category: Discretionary
Opportunity Category Explanation: 
Funding Instrument Type: Grant
Category of Funding Activity: Agriculture
Category Explanation: 
Expected Number of Awards: 
CFDA Number(s): 10.217 -- Higher Education - Institution Challenge Grants Program

Version: Synopsis 1
Posted Date: Sep 24, 2019
Last Updated Date: Sep 24, 2019
Original Closing Date for Applications: Mar 23, 2020
Current Closing Date for Applications: Mar 23, 2020
Archive Date: Apr 22, 2020
Estimated Total Program Funding: $45,000,000
Award Ceiling: $750,000
Award Floor: $30,000
Cost Sharing or Matching Requirement: No

Eligible Applicants: Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility: Applicants for the HEC must meet all the requirements discussed in this RFA. Applications may be submitted by: (a) U.S. public or private nonprofit colleges and universities offering a baccalaureate or first professional degree in at least one discipline or area of the FANH sciences; (b) land-grant colleges and universities, including land grant institutions in the Insular Areas; (c) colleges and universities having significant minority enrollments and a demonstrable capacity to carry out the teaching of food and agricultural sciences; and (d) other colleges and universities having a demonstrable capacity to carry out the teaching of food and agricultural sciences. An applicant also must meet the definition of an Eligible Institution/Organization as stated in this RFA (see Appendix III)

Agency Name: National Institute of Food and Agriculture

Description: Projects supported by the Higher Education Challenge Grants Program will: (1) address a state, regional, national, or international educational need; (2) involve a creative or non-traditional approach toward addressing that need that can serve as a model to others; (3) encourage and facilitate better working relationships in the university science and education community, as well as between universities and the private sector, to enhance program quality and supplement available resources; and (4) result in benefits that will likely transcend the project duration and USDA support.

Department of Commerce

Programs:

Addressing Economic and Market Needs of the U.S. Aquaculture Industry

Synopsis 1
The following entities are eligible to submit to this opportunity: Sea Grant College Programs, Sea Grant Institutional Programs, and Sea Grant Coherent Area Programs. For the remainder of this document, these entities are collectively referred to as “Sea Grant Programs.” A Sea Grant Program may submit or participate in more than one proposal. Other interested entities must submit proposals in partnership with and through a relevant Sea Grant Program. Contact information for Sea Grant Programs can be found at: https://seagrant.noaa.gov/About. If you need further assistance in identifying a Program to partner with please contact the National Sea Grant Office (oar.hq.sg.aquaculture@noaa.gov). Federal agencies and their personnel are not permitted to receive federal funding under this competition; however, federal scientists and other employees can serve as uncompensated partners or co-Principal Investigators on applications. Federal labs and offices can also make available specialized expertise, facilities, or equipment to applicants but cannot be compensated under this competition for their use, nor can the value of such assets be used as match. See FAQs found at, https://seagrant.noaa.gov/Funding. Sea Grant champions diversity, equity, and inclusion (DEI) by recruiting,
retaining, and preparing a diverse workforce, and proactively engaging and serving the diverse populations of coastal communities. Sea Grant is committed to building inclusive research, extension, communication, and education programs that serve people with unique backgrounds, circumstances, needs, perspectives, and ways of thinking. We encourage applicants of all ages, races, ethnicities, national origins, gender identities, sexual orientations, disabilities, cultures, religions, citizenship types, marital statuses, education levels, job classifications, veteran status types, and income, and socioeconomic status types to work with one or more Sea Grant Programs for this opportunity.

Agency Name: Department of Commerce

Description: The National Sea Grant College Program (Sea Grant) was enacted by U.S. Congress in 1966 (amended in 2008, Public Law 110-394) to support leveraged Federal and state partnerships that harness the intellectual capacity of the nation’s universities and research institutions to solve problems and generate opportunities in coastal communities. Subject to the availability of funding, Sea Grant anticipates approximately $5,000,000 will be available for research projects and programs that will significantly advance the understanding of the economics of aquaculture businesses in the U.S. and address gaps regarding important market information. The overall goal is to advance business management towards development of a sustainable marine and Great Lakes aquaculture industry in the U.S. Successful proposals will address geographic and/or topical needs and will fully integrate research, extension, and education. Proposals that will support broad, non-proprietary research to address critical gaps with respect to aquaculture economics and market needs; make that information available to U.S. aquaculture businesses and management agencies; and build the capacity of Sea Grant and its partners, including Sea Grant aquaculture extension personnel and industry stakeholders, are preferred. These investments are consistent with Sea Grant’s focus area of Sustainable Fisheries and Aquaculture (SFA) and the Sea Grant Network’s 10-year Aquaculture Vision, both which support NOAA and Department of Commerce aquaculture goals.

All proposals to this competition must be submitted by a Sea Grant program. Other interested entities must submit proposals in partnership with and through a relevant Sea Grant Program. A complete list of Sea Grant programs with email contacts can be found at https://seagrant.noaa.gov/Proposals must also include funding (Federal or match) for Sea Grant extension personnel as collaborators. Industry stakeholder participation/involvement in projects is strongly encouraged.

This document sets out requirements for submitting to NOAA-OAR-SG-2020-2006331. Additional guidance and tips on how best to prepare an application are provided in the Sea Grant General Application Guide available at (https://seagrant.noaa.gov/Portals/1/Guidance/SeaGrantGeneralApplicationGuide.pdf). Potential applicants are encouraged to check Sea Grant's national website at - https://seagrant.noaa.gov/Funding - for information about a webinar and FAQs related to this announcement.

Category Explanation:

Expected Number of Awards: 10

CFDA Number(s): 11.017 -- Ocean Acidification Program (OAP)

Cost Sharing or Matching Requirement: No

Eligible Applicants: Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility: Eligible applicants are United States institutions of higher education; other nonprofits; commercial organizations; state, local and Indian tribal governments; and Federal agencies. Applications from non-
Federal and Federal applicants will be competed against each other. Proposals selected for funding from non-Federal applicants will be funded through a cooperative agreement as described above in section II. C. of this notice. Proposals selected for funding from NOAA scientists shall be affected by an intra-agency fund transfer. Proposals selected for funding from a non-NOAA Federal agency will be funded through an inter-agency transfer. PLEASE NOTE: Before non-NOAA Federal applicants may be funded, they must demonstrate, with a statement from appropriate agency counsel, that they have legal authority to receive funds from another Federal agency in excess of their appropriation. Because this announcement is not proposing to procure goods or services from applicants, the Economy Act (31 USC 1535) is not an appropriate legal basis.

Agency Name: Department of Commerce

Description: The Ocean Acidification Program education mini-grant initiative, is a competitively based program that supports coastal and ocean acidification education programs that are responsive to the goals of the NOAA OA Education Implementation Plan. Priority goals include prioritizing and engaging target audiences for ocean acidification education and outreach, matching ocean acidification communication needs with existing research, education and outreach activities, while developing innovative approaches for community involvement.

Funding Instrument Type: Cooperative Agreement

Category of Funding Activity:
- Environment
- Natural Resources
- Science and Technology
- other Research and Development

Category Explanation:

Expected Number of Awards:

CFDA Number(s):
11.417 -- Sea Grant Support

Cost Sharing or Matching Requirement: Yes

Estimated Total Program Funding: $2,000,000
Award Ceiling: $400,000
Award Floor: $100,000

Eligible Applicants: Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility:
The following entities are eligible and encouraged to participate in this funding opportunity: any individual; any public or private corporation, partnership, or other association or entity (including any Sea Grant College, Sea Grant Institute or other institution); or any State, political subdivision of a State, Tribal government or agency or officer thereof. Federal agencies and their personnel are not permitted to receive federal funding under this competition; however, federal scientists and other employees can serve as uncompensated partners or co-Principal Investigators on applications. Federal labs and offices can also make available specialized expertise, facilities or equipment to applicants but cannot be compensated under this competition for their use, nor can the value of such assets be used as match. The National Sea Grant College Program champions diversity, equity, and inclusion (DEI) by recruiting, retaining and preparing a diverse workforce, and proactively engaging and serving the diverse populations of coastal communities. Sea Grant is committed to building inclusive research, extension, communication and education programs that serve people with unique backgrounds, circumstances, needs, perspectives and ways of thinking. We encourage applicants of all ages, races, ethnicities, national origins, gender identities, sexual orientations, disabilities, cultures, religions, citizenship types, marital statuses, education levels, job classifications, veteran status types, and income, and socioeconomic status types to apply for this opportunity.

Agency Name: Department of Commerce

Description:
The American lobster (Homarus americanus) is one of the most iconic modern American fisheries and total U.S. landings of lobster have steadily increased over the past 35 years. The American lobster fishery is one of the largest and most valuable fisheries along the Atlantic coast. In 2017, the American lobster fishery was the third highest value U.S. commercial species, valued at $594 million, behind salmon and crabs. Rising ocean temperatures have caused global fish population distribution shifts, and studies suggest warming temperatures may also directly impact
the migration, growth, maturity, and natural mortality of American lobster. Of equal concern are potential impacts to lobster larval mortality due to ecosystem and food web changes. Lobster habitat is also changing, although the degree to which is unknown. These changes present threats to the American lobster fishery in the Gulf of Maine, Georges Bank, and southern New England. Although lobster populations and landings in the Gulf of Maine and Georges Bank have been increasing since the late 1990s, young-of-year surveys began showing declines in 2012. The state of Maine, where more than seventy-five percent of lobsters harvested in the US were landed in 2017, continued to see lobster landings decrease below the five-year average in October of 2019. Gaps in scientific knowledge and economic uncertainties, such as recent regulatory adjustments regarding Atlantic herring, a primary bait for lobster, continue to drive the need for research to enhance understanding and investigate how these factors impact the American Lobster fishery.

NOAA 2020 BREP
Synopsis 1

Document Type: Grants Notice
Funding Opportunity Number: NOAA-NMFS-FHQ-2020-2006346
Funding Opportunity Title: 2020 BREP
Opportunity Category: Discretionary
Opportunity Category Explanation: 
Funding Instrument Type: Cooperative Agreement
Category of Funding Activity: Environment Natural Resources Science and Technology and other Research and Development

Version: Synopsis 1
Posted Date: Dec 12, 2019
Last Updated Date: Dec 12, 2019
Original Closing Date for Applications: Apr 02, 2020
Current Closing Date for Applications: Apr 02, 2020
Archive Date: May 02, 2020
Estimated Total Program Funding: $2,500,000
Award Ceiling: $200,000
Award Floor: $50,000

Category Explanation:
Expected Number of Awards: 13

CFDA Number(s): 11.472 -- Unallied Science Program

Cost Sharing or Matching Requirement: No

Eligible Applicants: Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility: Eligible applicants are individuals, institutions of higher education, other nonprofits, for-profit organizations, foreign public entities or foreign organizations, and state, local and Indian tribal governments. Federal agencies or instrumentalities are not eligible to receive Federal assistance under this notice. The Department of Commerce/National Oceanic and Atmospheric Administration (DOC/NOAA) is strongly committed to broadening the participation of historically black colleges and universities, Hispanic serving institutions, tribal colleges and universities, and institutions that work in underserved areas. If the applicant is a university that has a NOAA Cooperative Institute (CI), the institution is encouraged to submit an application that will be associated with the CI. The application must specify the name of the CI, its most recent award number, and the NOAA-approved research theme applicable to the work to be performed in the Project Narrative. The application will use the facilities and administrative rate (F&A or Indirect Cost Rate) associated with the most recent CI award. If the CI-related application is selected for funding, NOAA will notify the university that a separate competitive award will be issued with its own award grant number. However, the BREP competitive award will include a Special Award Condition (SAC) that evidences the link between it and the CI award. The SAC will provide: (1) that the university has submitted the proposal to be associated with the CI; (2) that any existing University/NOAA memorandum of agreement (MOA) will be incorporated by reference into the terms of the BREP competitive award; and (3) that any progress report(s) for the BREP competitive award must follow the timetable of and be submitted by the CI directly to the funding program. Copies of these progress reports will be attached to the CI's performance report as an appendix.

Agency Name: Department of Commerce

Description: The mission of the National Bycatch Reduction Engineering Program (BREP) is to support the development of technological solutions and changes in fishing practices designed to minimize bycatch of fish and protected species (including Endangered Species Act-listed fish, marine mammals, seabirds, and sea turtles) and to reduce impacts to invertebrates (including sponges, deep-sea corals, and shallow (tropical) corals.) In addition, BREP may support projects that quantify post-release mortality and identify ways to minimize mortality and injury of bycaught species (including post-release injury and mortality). Projects should produce outcomes that can directly influence management needs of federally managed living marine resources.

Eligible Applicants: Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility: Eligible applicants are institutions of higher education; other nonprofits; commercial organizations; state, local and Indian tribal governments; and authorized Federal agencies. Applications from non-Federal and Federal applicants will be competed against each other. Proposals selected for funding from non-Federal applicants will be funded through a grant or cooperative agreement as described above in section II. C. of this notice. Proposals selected for funding from NOAA scientists shall be affected by an intra-agency fund transfer. Proposals selected for funding from a non-NOAA Federal agency will be funded through an inter-agency transfer. PLEASE NOTE: Before non-NOAA Federal applicants may be funded, they must demonstrate that they have legal authority to receive funds from another Federal agency in excess of their appropriation. Because this announcement is not proposing to procure goods or services from applicants, the Economy Act (31 USC 1535) is not an appropriate legal basis.

Agency Name: Department of Commerce

Description: The purpose of this document is to advise the public that NOAA/OAR/Ocean Acidification Program (OAP) is soliciting proposals for collaborative projects of up to 3 years in duration that synthesize ocean acidification information at a regional scale (e.g. Large Marine Ecosystem, large estuary or collection of small estuaries, and state or collection of states in US waters) to determine where societal vulnerabilities to ocean acidification exist or are emerging, in order to provide actionable information for marine resource decision makers and/or bolster the resilience of the nation's Blue Economy. This funding opportunity will not support the collection of new chemical or ecological observations or species response data. Social science data collection is permitted. Funding is contingent upon the availability of Fiscal Year 2020 Federal appropriations. It is anticipated that projects funded under this announcement will have a September 1, 2020 start date. Approximately 1-6 projects for up to 3 years in duration are expected to be funded at the level of approximately $100,000 - $350,000 per year per proposal. It is anticipated that a total of up to $2 million may be available in FY20 to support the first year of projects.

FY 2020 Community-based Restoration Program Coastal and Marine Habitat Restoration Grants Synopsis 2

Document Type: Grants Notice

Version: Synopsis 2
Funding Opportunity Number: NOAA-NMFS-HCPO-2020-2006306

Funding Opportunity Title: FY 2020 Community-based Restoration Program Coastal and Marine Habitat Restoration Grants

Opportunity Category: Discretionary

Opportunity Category Explanation:

Funding Instrument Type: Cooperative Agreement

Category of Funding Activity: Environment
Natural Resources
Science and Technology
and other Research and Development

Category Explanation:

Expected Number of Awards: 20

CFDA Number(s): 11.463 -- Habitat Conservation

Cost Sharing or Matching Requirement: No

Estimated Total Program Funding: $12,000,000

Award Ceiling: $3,000,000

Award Floor: $75,000

Posted Date: Nov 08, 2019

Last Updated Date: Nov 08, 2019

Original Closing Date for Applications: Jan 08, 2020

Current Closing Date for Applications: Apr 09, 2020

Archive Date: May 08, 2020

Eligible Applicants: Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility: Eligible applicants are institutions of higher education, non-profits, commercial (for profit) organizations, U.S. territories, and state, local and Native American tribal governments. Applicants must propose work in geographic areas that benefit species with a nexus to NOAA management. Applications from federal agencies or employees of federal agencies will not be considered. Federal agencies are strongly encouraged to work with states, non-governmental organizations, municipal and county governments, and others that are eligible to apply.

Agency Name: Department of Commerce

Description: The principal objective of the NMFS Community-based Restoration Program Coastal and Marine Habitat Restoration solicitation is to support habitat restoration projects that use an ecosystem-based approach to foster species recovery and increase populations under NOAA’s jurisdiction. Proposals submitted under this solicitation will be primarily evaluated based on their ability to demonstrate how the proposed habitat restoration actions will: 1) help recover threatened and endangered
species listed under the Endangered Species Act (ESA) (hereafter, Listed Species), including species identified by NMFS as “Species in the Spotlight” (https://www.fisheries.noaa.gov/topic/endangered-species-conservation#species-in-the-spotlight); 2) sustain or help rebuild fish stocks managed under the Magnuson-Stevens Fishery Conservation and Management Act (hereafter, Managed Species); and/or 3) contribute to the sustainability of saltwater recreational fisheries. Successful proposals will: 1) identify a habitat-based issue/concern limiting the recovery or sustainability of one or more species targeted by the proposed restoration action; 2) describe in detail the habitat restoration project(s) to be undertaken to resolve the issue/concern and; 3) describe the project(s)’ expected outcomes and measurable impact on the project’s target species and their ecosystem. Proposals may include: restoration feasibility and/or design; implementation (i.e., on-the-ground activities); or a combination thereof.

Economic Development Administration
FY 2020 EDA Public Works and Economic Adjustment Assistance Programs
Synopsis 1

Document Type: Grants Notice
Funding Opportunity Number: PWEAA2020
Funding Opportunity Title: FY 2020 EDA Public Works and Economic Adjustment Assistance Programs
Opportunity Category: Discretionary
Opportunity Category Explanation:
Funding Instrument Type: Cooperative Agreement
Category of Funding Activity: Other (see text field entitled "Explanation of Other Category of Funding Activity" for clarification)

Version: Synopsis 1
Posted Date: Oct 18, 2019
Last Updated Date: Oct 18, 2019
Original Closing Date for Applications: There are no submission deadlines under this opportunity. Applications will be accepted on an ongoing basis until the publication of a new PWEAA NOFO.
Current Closing Date for Applications: There are no submission deadlines under this opportunity. Applications will be accepted on an ongoing basis until the publication of a new PWEAA NOFO.
Archive Date:
Estimated Total Program Funding:
The Economic Development Administration's (EDA's) mission is to lead the Federal economic development agenda by promoting innovation and competitiveness, preparing American regions for economic growth and success in the worldwide economy. EDA fulfills this mission through strategic investments and partnerships that create the regional economic ecosystems required to foster globally competitive regions throughout the United States. EDA supports development in economically distressed areas of the United States by fostering job creation and attracting private investment. Under this NOFO, EDA solicits applications from applicants in order to provide investments that support construction, non-construction, planning, technical assistance, and revolving loan fund projects under EDA's Public Works program and EAA program (which includes Assistance to Coal Communities). Grants and cooperative agreements made under these programs are designed to leverage existing regional assets and support the implementation of economic development strategies that advance new ideas and creative approaches to advance economic prosperity in distressed communities, including those negatively impacted by changes to the coal economy.

Expected Number of Awards: 500

CFDA Number(s): 11.300 -- Investments for Public Works and Economic Development Facilities

11.307 -- Economic Adjustment Assistance

Cost Sharing or Matching Requirement: Yes

Award Ceiling: $3,000,000

Award Floor: $100,000
Eligible Applicants: Nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education
Native American tribal governments (Federally recognized)
State governments
Special district governments
Others (see text field entitled "Additional Information on Eligibility" for clarification)
County governments
City or township governments
Private institutions of higher education
Public and State controlled institutions of higher education
Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education

Additional Information on Eligibility: Eligible applicants for EDA financial assistance under the Public Works and EAA programs include a(n): (i) District Organization of a designated Economic Development District; (ii) Indian Tribe or a consortium of Indian Tribes; (iii) State, county, city, or other political subdivision of a State, including a special purpose unit of a State or local government engaged in economic or infrastructure development activities, or a consortium of political subdivisions; (iv) institution of higher education or a consortium of institutions of higher education; or (v) public or private non-profit organization or association acting in cooperation with officials of a political subdivision of a State. See Section 3 of the Public Works and Economic Development Act of 1965 (PWEDA) (42 U.S.C. § 3122) and 13 C.F.R. § 300.3. EDA is not authorized to provide grants or cooperative agreements to individuals or to for profit entities. Requests from such entities will not be considered for funding. For ACC funding, projects must be located within and targeted to communities or regions that have been impacted, or can reasonably demonstrate that they will be impacted, by coal mining or coal power plant employment loss, or employment loss in the supply chain industries of either.

Agency Name: Economic Development Administration

Description: Under this NOFO, EDA solicits applications from applicants in rural and urban areas to provide investments that support construction, non-construction, technical assistance, and revolving loan fund projects under EDA’s Public Works and EAA programs. Grants and cooperative agreements made under these programs are designed to leverage existing regional assets and support the implementation of economic development strategies that advance new ideas and creative approaches to advance economic prosperity in distressed communities. EDA provides strategic investments on a competitive-merit-basis to support economic development, foster job creation, and attract private investment in economically distressed areas of the United States.

### Eligibility

**Eligible Applicants:** Others (see text field entitled "Additional Information on Eligibility" for clarification)

**Additional Information on Eligibility:**
Eligible applicants are: Sea Grant Programs (Sea Grant Colleges, Institutions, or Coherent Area Programs), the National Sea Grant Law Center, and the National Sea Grant Library. Individual competition announcements may restrict eligibility to a subset of these applicants. The National Sea Grant College Program champions diversity, equity, and inclusion (DEI) by recruiting, retaining and preparing a diverse workforce, and proactively engaging and serving the diverse populations of coastal communities. Sea Grant is committed to building inclusive research, extension, communication and education programs that serve people with unique backgrounds, circumstances, needs, perspectives and ways of thinking. We encourage applicants of all ages, races, ethnicities, national origins, gender identities, sexual
orientations, disabilities, cultures, religions, citizenship types, marital statuses, education levels, job classifications, veteran status types, and income, and socioeconomic status types to apply for this opportunity.

Additional Information

Agency Name: Department of Commerce

Description: The National Sea Grant College Program was enacted by U.S. Congress in 1966 (amended in 2008, Public Law 110-394) to support leveraged federal and state partnership that harness the intellectual capacity of the nation's universities and research institutions to solve problems and generate opportunities in coastal communities. The purpose of this notice is to request proposals for special projects consistent with the focus areas outlined in the National Sea Grant College Program's (Sea Grant) strategic plan, and to provide the general public with information and guidelines on how Sea Grant will select proposals and administer Federal assistance under this announcement. This announcement is a mechanism to encourage research or other projects that are not normally funded through Sea Grant national competitions. This opportunity is open only to Sea Grant Programs. Section III of this announcement describes eligibility requirements in more detail. Funding has not yet been made available to support applications submitted to this Notice of Funding Opportunity (NOFO), but such funding may become available during the year. Section II.A. below describes individual competition announcements that will be used to announce when funding is available, any restrictions or requirements such as cost share, and other funding details. Awards will be made under this NOFO only to applications that are responsive to individual competition announcements; unsolicited applications will not be reviewed. This document sets out requirements for submitting to NOAA-OAR-SG-2020-2006252. Additional guidance and tips on how best to prepare an application are provided in the Sea Grant General Application Guide available at (https://seagrant.noaa.gov/Portals/1/Guidance/SeaGrantGeneralApplicationGuide.pdf)

Link to Additional Information: See Related Documents

Funding Opportunity Number: NOAA-OAR-SG-2021-2006204

Funding Opportunity Title: Fiscal Year 2021 National Sea Grant College Program Dean John A. Knauss Marine Policy Fellowship

Opportunity Category: Discretionary

Opportunity Category Explanation:

Funding Instrument Type: Cooperative Agreement

Category of Funding Activity: Environment
Natural Resources Science and Technology
and other Research and Development

Category Explanation:

Expected Number of Awards: 35

CFDA Number(s): 11.417 -- Sea Grant Support

Cost Sharing or Matching Requirement: No

Last Updated Date: Sep 17, 2019

Original Closing Date for Applications: Feb 21, 2020

Current Closing Date for Applications: Feb 21, 2020

Archive Date: Mar 22, 2020

Estimated Total Program Funding: $5,180,000

Award Ceiling: $74,000

Award Floor: $59,000

Eligible Applicants: Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility: The following entities are eligible to submit to this opportunity: Any student, regardless of citizenship, who, on February 21, 2020, is enrolled towards a degree in a graduate program, and has an interest in ocean, coastal and Great Lakes resources and in the national policy decisions affecting those resources is eligible to submit an application to the Sea Grant program in the state in which they are earning their degree. If there is no Sea Grant program, a Sea Grant program will be assigned (see Section IV.D.). The graduate degree must be awarded through an accredited institution of higher education in the United States or U.S. Territories. The National Sea Grant College Program champions diversity, equity, and inclusion (DEI) by recruiting, retaining and preparing a diverse workforce, and proactively engaging and serving the diverse populations of coastal communities. Sea Grant is committed to building inclusive research, extension, communication and education programs that serve people with unique backgrounds, circumstances, needs, perspectives and ways of thinking. We encourage applicants of all ages, races, ethnicities, national origins, gender identities, sexual orientations, disabilities, cultures, religions, citizenship types, marital statuses, education levels, job
Agency Name: Department of Commerce

Description: The National Sea Grant College Program was enacted by U.S. Congress in 1966 (amended in 2008, Public Law 110-394) to support federal and state partnerships that harness the intellectual capacity of the nation’s universities and research institutions to solve problems and generate opportunities in coastal communities.

This notice announces that applications may be submitted for the 2021 National Sea Grant College Program Dean John A. Knauss Marine Policy Fellowship (Sea Grant Knauss Fellowship Program). The National Sea Grant College Program (Sea Grant) anticipates funding not less than 35 applicants, of which those assigned to the Legislative branch will be approximately 14. Application packages will each propose a total of $74,000 in funding. This includes base funding for each award at $59,000 with optional host office travel up to an additional $15,000. If additional office-related travel funds beyond $15,000 are required, those funds will be administered through an amendment to the grant.

Applicants are strongly encouraged to reach out to the Sea Grant Program in their state/territory at least one to two months prior to the state application deadline to receive application support and provide notification of intent to apply. The applicant should allow sufficient time to schedule an interview with the eligible Sea Grant program at the program’s request.

This document describes requirements for submitting to NOAA-OAR-SG-2021-2006204. Additional guidance and tips on how best to prepare an application are provided in the Sea Grant General Application Guide available at: https://seagrant.noaa.gov/Portals/1/Guidance/SeaGrantGeneralApplicationGuide.pdf

Economic Development Administration
FY 2017 Economic Development Assistance Programs - Application submission and program requirements for EDA’s Public Works and Economic Adjustment Assistance programs.

Synopsis 1

Document Type: Grants Notice

Funding Opportunity Number: EDAP-2017

Funding Opportunity Title: FY 2017 Economic Development Assistance Programs Application submission and program requirements for
EDA's Public Works and Economic Adjustment Assistance programs.

Opportunity Category: Discretionary

Opportunity Category Explanation:

Funding Instrument Type: Cooperative Agreement
Grant

Category of Funding Activity: Other (see text field entitled "Explanation of Other Category of Funding Activity" for clarification)

Category Explanation: The Economic Development Administration's (EDA's) mission is to lead the Federal economic development agenda by promoting innovation and competitiveness, preparing American regions for economic growth and success in the worldwide economy. EDA fulfills this mission through strategic investments and partnerships that create the regional economic ecosystems required to foster globally competitive regions throughout the United States. EDA supports development in economically distressed areas of the United States by fostering job creation and attracting private investment. Specifically, under the Economic Development Assistance programs (EDAP) Notice of Funding Availability (NOFA), EDA will make construction, non-construction, and revolving loan fund investments under the Public Works and Economic Adjustment Assistance (EAA) Programs. Through this NOFA, EDA will also designate a portion of its EAA funding to support communities and regions that have been negatively impacted by changes in the coal economy (Assistance to Coal Communities, or ACC 2017). Grants made under these programs will leverage regional assets to support the implementation of regional economic development strategies designed to create jobs, leverage private capital, encourage economic development, and strengthen America's ability to compete in the global marketplace. Through the EDAP NOFA, EDA solicits applications from rural and urban communities to develop initiatives that advance new ideas and creative approaches to address rapidly evolving economic conditions.

Expected Number of Awards:

CFDA Number(s): 11.300 -- Investments for Public Works and Economic Development Facilities
11.307 -- Economic Adjustment Assistance

Cost Sharing or Matching Requirement: Yes

Version: Synopsis 1

Posted Date: Jun 19, 2017

Last Updated Date: Jun 19, 2017
Original Closing Date for Applications: There are no submission deadlines under this opportunity. Proposals and applications will be accepted on an ongoing basis until the publication of a new EDAP NOFA.

Current Closing Date for Applications: There are no submission deadlines under this opportunity. Proposals and applications will be accepted on an ongoing basis until the publication of a new EDAP NOFA.

Archive Date:

Estimated Total Program Funding:
Award Ceiling: $3,000,000
Award Floor: $100,000

Eligible Applicants:
Native American tribal organizations (other than Federally recognized tribal governments)
Special district governments
Others (see text field entitled "Additional Information on Eligibility" for clarification)
Private institutions of higher education
County governments
Native American tribal governments (Federally recognized)
City or township governments
Nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education
State governments
Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education
Public and State controlled institutions of higher education

Additional Information on Eligibility:
Eligible applicants for EDA financial assistance under the Public Works and EAA programs (including ACC 2017 funding) include a(n): (i) District Organization of a designated Economic Development District; (ii) Indian Tribe or a consortium of Indian Tribes; (iii) State, county, city, or other political subdivision of a State, including a special purpose unit of a State or local government engaged in economic or infrastructure development activities, or a consortium of political subdivisions; (iv) institution of higher education or a consortium of institutions of higher education; or (v) public or private non-profit organization or association acting in cooperation with officials of a political subdivision of a State. See Section 3 of the Public Works and Economic Development Act of 1965 (PWEDA) (42 U.S.C. § 3122) and 13 C.F.R. § 300.3. EDA is not authorized to provide grants or cooperative agreements to individuals or to for profit entities. Requests from such entities will not be considered for funding. For ACC 2017 funding, projects must be located within and targeted to communities or regions.
that have been impacted, or can reasonably demonstrate that they will be impacted, by coal mining or coal power plant employment loss, or employment loss in the supply chain industries of either.

**Agency Name:** Economic Development Administration

**Description:** Under this NOFA, EDA solicits applications from applicants in rural and urban areas to provide investments that support construction, non-construction, technical assistance, and revolving loan fund projects under EDA’s Public Works and EAA programs. Grants and cooperative agreements made under these programs are designed to leverage existing regional assets and support the implementation of economic development strategies that advance new ideas and creative approaches to advance economic prosperity in distressed communities, including communities and regions that have been impacted, or can reasonably demonstrate that they will be impacted, by coal mining or coal power plant employment loss, or employment loss in the supply chain industries of either. EDA provides strategic investments on a competitive-merit-basis to support economic development, foster job creation, and attract private investment in economically distressed areas of the United States. This EDAP NOFA supersedes the EDAP Federal Funding Opportunity dated December 23, 2016.

**Additional Information on Eligibility:**

Pursuant to section 3 of the Public Works and Economic Development Act of 1965 (42 U.S.C. § 3122) (PWEDA) and EDA’s regulation at 13 C.F.R. § 300.3, the following types of entities are eligible to receive funding assistance from EDA: 1. District Organizations (as defined in 13 C.F.R. § 300.3); 2. Indian Tribes or a consortium of Indian Tribes; 3. States, cities, or other political subdivisions of a State, including a special purpose unit of a State or local government engaged in economic or infrastructure development activities, or a consortium of political subdivisions; 4. Institutions of higher education or a consortium of institutions of higher education; or 5. Public or private non-profit organizations or associations acting in cooperation with officials of a political subdivision of a State.

| Agency Name: | Department of Commerce |
Pursuant to PWEDA, EDA announces general policies and application procedures for grant-based investments under the Planning and Local Technical Assistance programs. Under the Planning program EDA assists eligible recipients in creating regional economic development plans designed to build capacity and guide the economic prosperity and resiliency of an area or region. As part of this program, EDA supports Partnership Planning investments to facilitate the development, implementation, revision, or replacement of Comprehensive Economic Development Strategies (CEDS), which articulate and prioritize the strategic economic goals of recipients’ respective regions. In general, EDA provides Partnership Planning grants to the designated planning organization (e.g., District Organization) serving EDA designated Economic Development Districts to enable these organizations to develop and implement relevant CEDS. In addition, EDA provides Partnership Planning grants to Indian Tribes to help develop and implement CEDS and associated economic development activities. The Planning program also helps support organizations, including District Organizations, Indian Tribes, and other eligible recipients, with Short Term and State Planning investments designed to guide the eventual creation and retention of high-quality jobs, particularly for the unemployed and underemployed in the Nation’s most economically distressed regions. The Local Technical Assistance program strengthens the capacity of local or State organizations, institutions of higher education, and other eligible recipients to undertake and promote effective economic development programs through projects such as feasibility analyses and impact studies.

Additional Information on Eligibility:
Pursuant to section 3 of the Public Works and Economic Development Act of 1965 (42 U.S.C. § 3122) (PWEDA) and EDA’s regulation at 13 C.F.R. § 300.3, the following types of entities are eligible to receive funding assistance from EDA: 1. District Organizations (as defined in 13 C.F.R. § 300.3); 2. Indian Tribes or a consortium of Indian Tribes; 3. States, cities, or other political subdivisions of a State, including a special purpose unit of a State or local government engaged in economic or infrastructure development activities, or a consortium of political subdivisions; 4. Institutions of higher education or a consortium of institutions of higher education; or 5. Public or private non-profit organizations or associations acting in cooperation with officials of a political subdivision of a State.
Pursuant to PWEDA, EDA announces general policies and application procedures for grant-based investments under the Planning and Local Technical Assistance programs. Under the Planning program EDA assists eligible recipients in creating regional economic development plans designed to stimulate and guide the economic development efforts of a community or region. As part of this program, EDA supports Partnership Planning investments to facilitate the development, implementation, revision, or replacement of Comprehensive Economic Development Strategies (CEDS), which articulate and prioritize the strategic economic goals of recipients’ respective regions. In general, EDA provides Partnership Planning grants to the designated planning organization (e.g., District Organization) serving EDA-designated Economic Development Districts to enable these organizations to develop and implement relevant CEDS. In addition, EDA provides Partnership Planning grants to Indian Tribes to help develop and implement CEDS and associated economic development activities. The Planning program also helps support planning organizations, including District Organizations, Indian Tribes, and other eligible Recipients, with Short Term and State Planning investments designed to guide the eventual creation and retention of higher-skill, higher-wage jobs, particularly for the unemployed and underemployed in the Nation’s most economically distressed regions. The Local Technical Assistance program strengthens the capacity of local or State organizations, institutions of higher education, and other eligible recipients to undertake and promote effective economic development programs through projects such as feasibility analyses and impact studies.

**Funding Instrument Type:** Cooperative Agreement

**Category of Funding Activity:** Science and Technology and other Research and Development

**Expected Number of Awards:** 750

**CFDA Number(s):**
- 11.609 -- Measurement and Engineering Research and Standards
- 11.619 -- Arrangements for Interdisciplinary Research Infrastructure
- 11.620 -- Science, Technology, Business and/or Education Outreach

**Cost Sharing or Matching Requirement:** No

**Current Closing Date for Applications:** Apr 30, 2020

NIST-MSE-01 accepts applications on a rolling basis. The announcement remains active until a new announcement is issued.

**Archive Date:** May 30, 2020

**Estimated Total Program Funding:** $12,000,000

**Award Ceiling:** $12,000,000

**Award Floor:** $0

**Eligible Applicants:** Others (see text field entitled "Additional Information on Eligibility" for clarification)

**Additional Information on Eligibility:** Eligibility for all programs listed in this NOFO is open to all non-Federal entities. Eligible applicants include institutions of higher education, non-profit organizations, for-profit organizations, state and local governments, Indian tribes, hospitals, foreign public entities, and foreign governments. Please note that individuals and unincorporated sole proprietors are not considered “non-Federal entities” and are not eligible to apply under this NOFO.

**Agency Name:** National Institute of Standards and Technology

**Description:** NIST is soliciting applications for financial assistance for Fiscal Year 2019 (FY19) within the following NIST grant programs:
1. the Associate Director for Innovation and Industry Services (ADIIS);
2. the Associate Director for Laboratory Programs (ADLP);
3. the Communications Technology Laboratory (CTL);
4. the Engineering Laboratory (EL);
5. Fire Research (FR);
6. the Information Technology Laboratory (ITL);
7. the International and Academic Affairs Office (IAAO);
8. the Material Measurement Laboratory (MML);
9. the NIST Center for Neutron Research (NCNR);
10. the Physical Measurement Laboratory (PML);
11. the Special Programs Office (SPO); and
12. the Standards Coordination Office (SCO).

Detailed Program Descriptions, Funding Availability, and Evaluation Criteria for each respective subtopic can be found in the full announcement.
This funding opportunity will result in the award of grants or cooperative agreements. A grant or cooperative agreement is not the correct funding vehicle if the principal purpose is to provide products or services for the direct benefit or use of the federal government.

Cost Sharing or Matching Requirement: Yes

Eligible Applicants: Public and State controlled institutions of higher education
                  Independent school districts
                  Native American tribal governments (Federally recognized)
                  State governments
                  Native American tribal organizations (other than Federally recognized tribal governments)
                  Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education
                  County governments
                  City or township governments
                  Private institutions of higher education

Additional Information on Eligibility:

Agency Name: Corporation for National and Community Service

Description: The Day of Service grant competition includes funding for both September 11th Day of Service and Remembrance (September 11th) and Martin Luther King Jr. Day of Service (MLK). Applicant organizations may apply for either September 11th, MLK, or both. Applicants may not submit more than one application for each Day of Service.

The purpose of the September 11th National Day of Service and Remembrance grant funding is to mobilize more Americans to engage in service activities that meet vital community needs and honor the sacrifice of those who lost their lives on September 11, 2001, or who rose in service as a result of that tragedy.

The purpose of the Martin Luther King Jr. Day of Service grant funding is to mobilize more Americans to observe the Martin Luther King Jr. federal holiday as a day of service in communities, to encourage those who serve on this holiday to make a long-term commitment to community service, and to bring people together to focus on service to others.

Estimated Total Program Funding:

Award Ceiling: $250,000

Eligible Applicants: Public and State controlled institutions of higher education, Private institutions of higher education, Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility: Eligible Applicants: (1) IHEs, (2) State educational agencies, (3) private nonprofit educational organizations, and (4) consortia of these entities. Eligible Participants: Citizens, nationals, or permanent residents of the United States, who are (1) faculty members who teach modern foreign languages or area studies in an IHE, (2) teachers in elementary or secondary schools, (3) experienced education administrators responsible for planning, conducting, or supervising programs in modern foreign language or area studies at the elementary, secondary, or postsecondary levels, or (4) graduate students, or juniors or seniors in an IHE, who plan teaching careers in modern foreign languages or area studies.

Agency Name: Department of Education

Description: Note: Each funding opportunity description is a synopsis of information in the Federal Register application notice. For specific information about eligibility, please see the official application notice. The official version of this document is the document published in the Federal Register. Free Internet access to the official edition of the Federal Register and the Code of Federal Regulations is available on GPO Access at: http://www.access.gpo.gov/nara/index.html. Please review the official application notice for pre-application and application requirements, application submission information, performance measures, priorities and program contact information.
For the addresses for obtaining and submitting an application, please refer to our Common Instructions for Applicants to Department of Education Discretionary Grant Programs, published in the Federal Register on February 13, 2019 (84 FR 3768), or at www.govinfo.gov/content/pkg/FR-2019-02-13/pdf/2019-02206.pdf.

Purpose of Program: The purpose of the Fulbright-Hays GPA Program is to promote, improve, and develop the study of modern foreign languages and area studies at varying levels of education. The program provides opportunities for faculty, teachers, and undergraduate and graduate students to conduct individual and group projects overseas to carry out research and study in the fields of modern foreign languages and area studies. This competition invites applicants to submit an application to request support for either a Fulbright-Hays GPA short-term project (GPA short-term projects 84.021A) or a Fulbright-Hays GPA long-term project (GPA long-term projects 84.021B). Applicants must clearly indicate on the SF 424, the Application for Federal Assistance cover sheet whether they are applying for support for a GPA short-term project (84.021A) or a GPA long-term project (84.021B). Additional submission details are included in the application package. There are three types of GPA short-term projects: (1) Short-term seminar projects of four to six weeks in length designed to help integrate international studies into an institution’s or school system’s general curriculum by focusing on a particular aspect of area study, such as the culture of an area or country of study (34 CFR 664.11); (2) curriculum development projects of four to eight weeks in length that provide participants an opportunity to acquire resource materials for curriculum development in modern foreign language and area studies for use and dissemination in the United States (34 CFR 664.12); and (3) group research or study projects of three to twelve months in duration designed to give participants the opportunity to undertake research or study in a foreign country (34 CFR 664.13). GPA long-term projects are advanced overseas intensive language projects that may be carried out during a full year, an academic year, a semester, a trimester, a quarter, or a summer. GPA long-term projects are designed to take advantage of the opportunities that exist in the foreign country for intensive advanced language training and for using the language while experiencing the culture in the foreign country. Participants should have successfully completed at least two academic years of training in the language to be studied to be eligible to participate in a GPA intensive advanced language training program. In addition, the language to be studied must be indigenous to the host country and maximum use must be made of local institutions and personnel (34 CFR 664.14).

CFDA Number(s): 84.021 -- Overseas Programs - Group Projects Abroad

Cost Sharing or Matching Requirement: No

Archive Date: Mar 19, 2020

Estimated Total Program Funding:

Award Ceiling: $100,000

Award Floor:

Eligible Applicants: Others (see text field entitled "Additional Information on Eligibility" for clarification)
Private institutions of higher education
Public and State controlled institutions of higher education

Additional Information on Eligibility: Eligible Applicants: (1) IHEs, (2) State educational agencies, (3) private nonprofit educational organizations, and (4) consortia of these entities. Eligible Participants: Citizens, nationals, or permanent residents of the United States, who are (1) faculty members who teach modern foreign languages or area studies in an IHE, (2) teachers in elementary or secondary schools, (3) experienced education administrators responsible for planning, conducting, or supervising programs in modern foreign
language or area studies at the elementary, secondary, or postsecondary levels, or (4) graduate students, or juniors or seniors in an IHE, who plan teaching careers in modern foreign languages or area studies.

Agency Name: Department of Education

Note: Each funding opportunity description is a synopsis of information in the Federal Register application notice. For specific information about eligibility, please see the official application notice. The official version of this document is the document published in the Federal Register. Free Internet access to the official edition of the Federal Register and the Code of Federal Regulations is available on GPO Access at: http://www.access.gpo.gov/nara/index.html. Please review the official application notice for pre-application and application requirements, application submission information, performance measures, priorities and program contact information.

For the addresses for obtaining and submitting an application, please refer to our Common Instructions for Applicants to Department of Education Discretionary Grant Programs, published in the Federal Register on February 13, 2019 (84 FR 3768), or at www.govinfo.gov/content/pkg/FR-2019-02-13/pdf/2019-02206.pdf.

Purpose of Program: The purpose of the Fulbright-Hays GPA Program is to promote, improve, and develop the study of modern foreign languages and area studies at varying levels of education. The program provides opportunities for faculty, teachers, and undergraduate and graduate students to conduct individual and group projects overseas to carry out research and study in the fields of modern foreign languages and area studies. This competition invites applicants to submit an application to request support for either a Fulbright-Hays GPA short-term project (GPA short-term projects 84.021A) or a Fulbright-Hays GPA long-term project (GPA long-term projects 84.021B). Applicants must clearly indicate on the SF 424, the Application for Federal Assistance cover sheet whether they are applying for support for a GPA short-term project (84.021A) or a GPA long-term project (84.021B). Additional submission details are included in the application package. There are three types of GPA short-term projects: (1) Short-term seminar projects of four to six weeks in length designed to help integrate international studies into an institution’s or school system’s general curriculum by focusing on a particular aspect of area study, such as the culture of an area or country of study (34 CFR 664.11); (2) curriculum development projects of four to eight weeks in length that provide participants an opportunity to acquire resource materials for curriculum development in modern foreign language and area studies for use and dissemination in the United States (34 CFR 664.12); and (3) group research or study projects of three to twelve months in duration designed to give participants the opportunity to
undertake research or study in a foreign country (34 CFR 664.13). GPA long-term projects are advanced overseas intensive language projects that may be carried out during a full year, an academic year, a semester, a trimester, a quarter, or a summer. GPA long-term projects are designed to take advantage of the opportunities that exist in the foreign country for intensive advanced language training and for using the language while experiencing the culture in the foreign country. Participants should have successfully completed at least two academic years of training in the language to be studied to be eligible to participate in a GPA intensive advanced language training program. In addition, the language to be studied must be indigenous to the host country and maximum use must be made of local institutions and personnel (34 CFR 664.14).

Additional Information on Eligibility: See Section III of the funding opportunity announcement for eligibility information.

Agency Name: Environmental Protection Agency

Description: The EPA Exchange Network Grant Program is soliciting project applications using the Environmental Information Exchange Network (EN) to:

- Facilitate sharing of environmental data, especially through shared and reusable services.
- Streamline data collection and exchanges to improve its timeliness for decision making.
- Increase the quality and access to environmental data through discovery, publishing, outbound and analytical services so it is more useful to environmental managers.
- Develop foundational EN shared services to reduce burden and avoid costs for co-regulators and the regulated community.
- Expand and improve participation in the EN by strengthening the requisite information management and technology capabilities for interested parties to fully participate in the EN.

Section I-E of the funding opportunity announcement summarizes the priorities and associated activities eligible for funding through the FY 2020 EN Grant Program competitive grant process.

<tr>
<td>Description:</td>
<td>EPA is announcing a grant competition to fund two-year Pollution Prevention assistance agreements for projects that provide technical assistance (e.g., information, training, tools) to businesses and their facilities to help them develop and adopt source reduction practices (also known as “pollution prevention” or “P2”). P2 means reducing or eliminating pollutants from entering any waste stream or otherwise being released into the environment prior to recycling, treatment, or disposal. In keeping with the Pollution Prevention Act of 1990, EPA is encouraging P2 because implementing these practices can result in reductions in toxic pollutants, the use of water, energy and other raw materials, while also lowering business costs. States, state entities, federally-recognized tribes and intertribal consortia are eligible to apply.</td>

### 2020 Diesel Emission Reduction Act (DERA) National Grants

**Synopsis 1**

**Document Type:** Grants Notice

**Funding Opportunity Number:** EPA-OAR-OTAQ-20-02

**Funding Opportunity Title:** 2020 Diesel Emission Reduction Act (DERA) National Grants

**Opportunity Category:** Discretionary

**Opportunity Category Explanation:**

**Funding Instrument Type:** Cooperative Agreement

**Category of Funding Activity:** Environment

**Category Explanation:**

**Expected Number of Awards:** 80

**CFDA Number(s):** 66.039 -- National Clean Diesel Emissions Reduction Program

**Cost Sharing or Matching Requirement:** Yes

**Eligible Applicants:** Others (see text field entitled "Additional Information on Eligibility" for clarification)
Additional Information on Eligibility: See Section III of the solicitation for eligibility information.

Agency Name: Environmental Protection Agency
Description: EPA’s Office of Transportation and Air Quality is soliciting applications nationwide for projects that achieve significant reductions in diesel emissions.

Eligible diesel vehicles, engines and equipment may include buses, Class 5 – Class 8 heavy-duty highway vehicles, marine engines, locomotives and nonroad engines, equipment or vehicles such as those used in construction, handling of cargo, agriculture, mining or energy production.

Eligible diesel emissions reduction solutions include verified retrofit technologies such as exhaust after-treatment technologies, engine upgrades, and cleaner fuels and additives, verified idle reduction technologies, verified aerodynamic technologies, verified low rolling resistance tires, certified engine replacements and conversions, and certified vehicle or equipment replacement.

Eligible entities include regional, state, or local agencies; tribal governments (or intertribal consortia) and native villages; or port authorities, which have jurisdiction over transportation or air quality, and nonprofit organizations or institutions that: a) represent or provide pollution reduction or educational services to diesel fleets or b) have, as their principal purpose, the promotion of transportation or air quality. Although private fleet owners are not eligible to apply directly to EPA for DERA funding, both public and private fleets can benefit from the programs implemented by DERA national grant recipients.

Priority for funding is given to fleets operating in areas designated as having poor air quality and fleets which service goods movement facilities. Further priority for funding is given to projects with outcomes that benefit affected communities, those that engage affected communities in the design and performance of the project, and those which demonstrate the ability to promote and continue efforts to reduce emissions after the project has ended.

Eligible Applicants: State governments

Additional Information on Eligibility: By Statute, eligible applicants include State Units on Aging, State Medicaid Agencies, or another State agency designated by the governor to apply for funds. Eligible applicants must work in conjunction with the ADRC in the state and in concert with the statewide respite coalition or respite organization. This funding opportunity will be further limited to those states who have had at least one other Lifespan Respite Grant since program implementation began in 2009. Foreign entities are not eligible to compete for, or receive, awards made under this announcement.

Additional Information
Agency Name: Administration for Community Living
Description: The Lifespan Respite Care Act’s purpose is threefold: expand and enhance respite care services to family caregivers; improve the statewide dissemination and coordination of respite care; and provide, supplement, or improve access and quality of respite care services to family caregivers, thereby reducing family caregiver strain. States who have received grants under this program have made considerable progress in building or strengthening their capacities to provide respite services. With this new funding opportunity, grantees will be asked to carefully examine the extent to which their state has a Lifespan Respite Care system of direct service and propose approaches that will enable them to incrementally, over the course of the project period, increase the amount (percentage) of direct services they are providing. For many caregivers, respite, which is defined as the temporary relief from the ongoing responsibility of caring for an individual of any age with special needs, is often a critical component of the services and supports they need to continue to provide care. Numerous barriers exist that often make it difficult for caregivers to access respite. Since its implementation in 2009, the Lifespan Respite Care Program has sought to enable states to build systems of respite care that address the challenges and barriers, while making respite services more readily available to caregivers caring for individuals of any age. Under this new funding opportunity, grantees will be expected to focus on advancing their existing systems of respite care by proposing direct service activities that proactively expand the state’s ability to provide respite and related supports to family caregivers across the lifespan. Grantees will be expected to build on advancements made under previous Lifespan Respite Care Program grants and focus on incrementally increasing the amount (percentage) of direct services they provide each year of their 3-year grant. Grantees will be expected to focus on providing all of the required services (and the optional services as deemed appropriate by the state) as outlined in the Lifespan
Respite Care Act, doing so in ways that will ensure increased capacity to meet the objectives of the Act by the end of each grant year. Grantees will be expected to use some portion of their grant funds to provide direct respite services, in accordance with the requirements of the Act. Grantees will also be expected to participate in all program-supported Technical Assistance activities and will be expected to meet with the ACL program officer on a regular basis to review grant activities and progress towards measurable goals. Successful applicants will be expected to propose measurable performance goals and objectives that tie directly to their identified direct service expansion goals over the course of the 3-year project. Applicants will be given examples of performance goals and measures and they will be expected to propose measures and approaches for how they will monitor and report on their progress towards achieving their proposed measurable performance goals.

**Expected Number of Awards:** 10  
**CFDA Number(s):** 93.048 -- Special Programs for the Aging, Title IV, and Title II, Discretionary Projects  
**Cost Sharing or Matching Requirement:** Yes  

**Estimated Total Program Funding:** $2,500,000  
**Award Ceiling:** $250,000  
**Award Floor:** $250,000

**Eligible Applicants:**  
- Independent school districts  
- Public housing authorities/Indian housing authorities  
- Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education  
- Private institutions of higher education  
- City or township governments  
- Public and State controlled institutions of higher education  
- County governments  
- Native American tribal organizations (other than Federally recognized tribal governments)  
- State governments  
- Special district governments  
- Native American tribal governments (Federally recognized)

**Additional Information on Eligibility:**  
Applicants will be expected to demonstrate extensive knowledge and present a proven track record of expertise concerning the nature of nutrition for older individuals and the business of nutrition program administration within the aging network. Applicants must be an Older American Act (OAA) Title III recipient, or have a signed letter of commitment from a key partner that receives Title III funds. Foreign entities are not eligible to compete for, or receive, awards made under this announcement.

**Agency Name:** Administration for Community Living  
**Description:** The purpose of this funding opportunity is to support systematic testing and documentation of innovative and promising practices that enhance the quality, effectiveness, and other proven outcomes of nutrition services programs (NSP) within the aging services network. It is critical that ACL work with the aging services network (i.e., State Units on Aging, Area Agencies on Aging (AAA), and local partners) to modernize these services to ensure that the NSP is achieving its intended outcomes, and that every dollar is spent effectively to ensure the sustainability of these services. Projects proposed under this grant program must have the potential for broad implementation throughout the aging services network and have demonstrated value, i.e., improvements in participant well-being, cost savings, etc. Innovations must target services to underserved older adults with greatest social and economic need, and individuals at risk for institutional placement, to permit such individuals to remain in home and community-based settings as indicated in the OAA.

Opportunity Category Explanation:

Funding Instrument Type: Grant

Category of Funding Activity: Income Security and Social Services

Category Explanation:

Expected Number of Awards: 30

CFDA Number(s): 93.787 -- Title V Sexual Risk Avoidance Education Program (Discretionary Grants)

Cost Sharing or Matching Requirement: No

Application Due Date: 2020 Electronically submitted applications must be submitted no later than 11:59 p.m., ET, on the listed application due date.

Estimated Award Date: Sep 29, 2020

Estimated Project Start Date: Sep 30, 2020

Fiscal Year: 2020

Archive Date:

Estimated Total Program Funding: $6,000,000

Award Ceiling: $450,000

Award Floor: $13,500

Eligible Applicants:

County governments
Others (see text field entitled "Additional Information on Eligibility" for clarification)
Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education
Special district governments
Public and State controlled institutions of higher education
Nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education
Small businesses
Private institutions of higher education
Native American tribal governments (Federally recognized)
City or township governments
Public housing authorities/Indian housing authorities
Independent school districts
For profit organizations other than small businesses
Native American tribal organizations (other than Federally recognized tribal governments)

Additional Information on Eligibility:

Eligible applicants are limited to local organizations and entities or consortia, with the capacity to develop and implement Title V Competitive SRAE projects in states and territories that did not accept FY2020 allocations for Title V State SRAE. The estimated award amount is based upon FY2019 funding available for Title V Competitive SRAE awards and is subject to change. Faith-based and community organizations that meet the eligibility
requirements are eligible to receive awards under this funding opportunity announcement. Applications from individuals (including sole proprietorships) and foreign entities are not eligible and will be disqualified from competitive review and from funding under this announcement.

**Agency Name:** Administration for Children & Families - ACYF/FYSB

**Description:** The Administration for Children and Families, Administration on Children, Youth and Families’ Family and Youth Services Bureau announces the availability of funds under the Title V Competitive Sexual Risk Avoidance Education (CSRAE) Program. The purpose of Title V Competitive SRAE is to fund projects to implement education exclusively on sexual risk avoidance that teaches youth participants to voluntarily refrain from non-marital sexual activity. The goals of CSRAE are to empower participants to make healthy decisions, and provide tools and resources to prevent pregnancy, sexually transmitted infections (STIs), and youth engagement in other risky behaviors. Applicants are expected to submit plans for the implementation of sexual risk avoidance education that normalizes the optimal health behavior of avoiding non-marital sexual activity, with a focus being on the future health, psychological wellbeing, and economic success of youth. Successful applicants must agree to use medically accurate information referenced to peer-reviewed publications by educational, scientific, governmental, or health organizations; implement an evidence-based approach integrating research findings with practical implementation that aligns with the needs and desired outcomes for the intended audience; and teach the benefits associated with self-regulation, success sequencing for poverty prevention, healthy relationships, goal setting, and resisting sexual coercion, dating violence, and other youth risk behaviors such as underage drinking or illicit drug use without normalizing teen sexual activity. The plans should address the social, psychological, and health gains to be realized by refraining from non-marital sexual activity and engaging in healthy relationships. The SRAE legislation requires unambiguous and primary emphasis and context for each of the topics to be addressed in program implementation. Additionally, there is a requirement that messages to youth normalize the optimal health behavior of avoiding non-marital sexual activity.

Parents and Their Children (Demonstration Projects)

Opportunity Number: HHS-2020-ACF-ACYF-EV-1812

Opportunity Title: Family Violence Prevention and Services Discretionary Grants: Specialized Services for Abused Parents and Their Children (Demonstration Projects)

Opportunity Category: Discretionary

Opportunity Category Explanation:

Funding Instrument Type: Cooperative Agreement

Category of Funding Activity: Income Security and Social Services

Category Explanation:

Expected Number of Awards: 24

CFDA Number(s): 93.592 -- Family Violence Prevention and Services/Discretionary

Cost Sharing or Matching Requirement: No

Version: Forecast 1

Forecasted Date: Oct 23, 2019

Last Updated Date: Oct 23, 2019

Estimated Post Date: Mar 20, 2020

Estimated Application Due Date: May 19, 2020

Electronically submitted applications must be submitted no later than 11:59 p.m., ET, on the listed application due date.

Estimated Award Date: Sep 29, 2020

Estimated Project Start Date: Sep 30, 2020

Fiscal Year: 2020

Archive Date: Estimated Total Program Funding: $8,250,000

Award Ceiling: $375,000

Award Floor: $300,000

Eligible Applicants:
Nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education
Native American tribal organizations (other than Federally recognized tribal governments)
Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education
Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility: To be eligible, entities must meet the requirements of Section 312 of the Family Violence Prevention and
Services Act as amended by Section 201 of the Child Abuse Prevention and Treatment Reauthorization Act of 2010, Pub. L. 111-320, which states "To be eligible to receive a grant under this section, an entity shall be a local agency, a nonprofit private organization (including faith-based and charitable organizations, community-based organizations, and voluntary associations), or a tribal organization, with a demonstrated record of serving victims of family violence, domestic violence, or dating violence and their children." Faith-based and community organizations that meet the eligibility requirements are eligible to receive awards under this funding opportunity announcement. Applications from individuals (including sole proprietorships) and foreign entities are not eligible and will be disqualified from competitive review and from funding under this announcement.

**Agency Name:** Administration for Children & Families - ACYF/FYSB

**Description:** The Family Violence Prevention and Services Discretionary Grants: Specialized Services for Abused Parents and Their Children (Demonstration Projects) will support up to 24 demonstration projects. Funded demonstration projects will focus on expanding their capacity (as family violence, domestic violence, and dating violence coalitions; local programs; tribal communities; and community-based programs) to prevent future domestic violence by addressing, in an appropriate manner, the needs of children exposed to family violence, domestic violence, or dating violence. All grantees will provide trauma-informed, developmentally appropriate and age-appropriate services, and culturally relevant and linguistically accessible services, to the victims and children relevant to the unique needs of children exposed to family violence, domestic violence, or dating violence, and potentially with co-occurring impacts of child abuse and neglect. All grantees will provide services for nonabusing parents to support those parents’ roles as caregivers and their roles in responding to the social, emotional, and developmental needs of their children; and where appropriate, grantees will provide services while working with a nonabusing parent and child together.

kenya.fairley@acf.hhs.gov

Opportunity Title: Community Economic Development Projects

Opportunity Category: Discretionary

Expected Number of Awards: 17

CFDA Number(s): 93.570 -- Community Services Block Grant Discretionary Awards

Cost Sharing or Matching Requirement: No

Eligible Applicants: Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility: To be eligible for the CED program, an applicant must meet three conditions: 1. Applicant must be a private, non-profit CDC with 501(c)(3) status; 2. Applicant must have articles of incorporation or bylaws demonstrating that the CDC has, as a principal purpose, the planning, developing, or managing of low-income housing or community economic development activities; and 3. The Board of Directors must have representation from each of the following: community residents, business leaders, and civic leaders. Note: The CDC designation does not need to be specified on any official documents as long as the three requirements stated above are met. Faith-based and community organizations that meet the eligibility requirements are eligible to receive awards under this funding opportunity announcement. Applications from individuals (including sole proprietorships) and foreign entities are not eligible and will be disqualified from competitive review and from funding under this announcement.

Agency Name: Administration for Children and Families - OCS

Description: The Administration for Children and Families (ACF), Office of Community Services (OCS) will award approximately $13.6 million in Community Economic Development (CED) discretionary grant funds to Community
Development Corporations (CDC) for well-planned, financially viable, and innovative projects to enhance job creation and business development for individuals with low-income. CED grants will be made as part of a broader strategy to address objectives such as decreasing dependency on federal programs, chronic unemployment, and community deterioration in urban and rural areas. CED projects are expected to actively recruit individuals with low-income to fill the positions created by CED-funded development activities, to assist those individuals to successfully hold those jobs and to ensure that the businesses and jobs created remain viable for at least one year after the end of the grant period. CED-funded projects can be non-construction or construction projects, however, short-term construction jobs associated with preparing for business startup or expansion are not counted when determining the number of jobs created under the CED program as they are designed to be temporary in nature. OCS is encouraging applications from CDCs to target rural areas and underserved areas in States without current projects. Furthermore, OCS is encouraging projects that align with Opportunity Zones, Rural Communities with high rates of poverty, unemployment, and substance abuse and rural communities with persistent poverty as identified by USDA’s Economic Research Service.

(202) 401-5559  
gerald.shanklin@acf.hhs.gov

https://www.grants.gov/web/grants/view-opportunity.html?oppId=321641
Expected Number of Awards: 6

CFDA Number(s): 93.327 -- Demonstration Grants for Domestic Victims of Human Trafficking

Cost Sharing or Matching Requirement: Yes

Archive Date:

Estimated Total Program Funding: $1,500,000

Award Ceiling: $250,000

Award Floor: $150,000

Eligible Applicants:
Native American tribal organizations (other than Federally recognized tribal governments)
State governments
Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education
Nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education
Native American tribal governments (Federally recognized)
County governments
City or township governments

Additional Information on Eligibility:
Eligible entities according to 22 U.S.C. §7105(f)(3)(A) are states, tribes, units of local government, and nonprofit, non-governmental victim service organizations. Victim service organizations include those who by nature of their current operations serve victims of sexual assault, sexual violence, domestic violence, human trafficking, and youth homelessness. Victim service organizations may also include faith-based organizations that are addressing human trafficking in their services. Faith-based and community organizations that meet the eligibility requirements are eligible to receive awards under this funding opportunity announcement. Applications from individuals (including sole proprietorships) and foreign entities are not eligible and will be disqualified from competitive review and from funding under this announcement.

Agency Name: Administration for Children and Families-IOAS-OTIP

Description:
The Office on Trafficking in Persons (OTIP) within the Administration for Children and Families is announcing funds for the Domestic Victims of Human Trafficking Services and Outreach (DVHT- SO) Program. The goal of the DVHT-SO Program is to fund organizations that will build, expand, and sustain organizational and local capacity to deliver services to domestic victims of severe forms of human trafficking as defined by the Trafficking Victims Protection Act of 2000 through the provision of direct services, assistance, and referrals. Under the DVHT-SO Program, the following activities are required: 1) outreach efforts to increase identification of victims of sex and labor trafficking; 2) training to service providers and community partners; and 3) provision of comprehensive case management to domestic victims of human trafficking and their immediate family members. The DVHT-SO Program is informed by a whole-family approach that focuses equally and intentionally on services and opportunities for victims and their immediate family members living within their households. OTIP is encouraging the establishment of community partnerships, meaningful engagement of survivors, and the hiring of qualified professionals that reflect the communities being served in all project implementation strategies under the DVHT-SO Program.
Under DVHT-SO there is a 12-month project implementation period to facilitate the development of a sustainability plan, onboarding new staff, and developing victim service protocols. Under the DVHT-SO Program, there is a statutorily mandated 25% match (cash or in-kind) requirement.

Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education
State governments
Native American tribal organizations (other than Federally recognized tribal governments)
County governments

**Additional Information on Eligibility:** Public and private nonprofit agencies are eligible for assistance under this program. Applicants who respond to this Funding Opportunity Announcement (FOA) are required to submit written evidence identifying the current and/or former refugees who comprise at least 60 percent of the organization's board of directors. Lack of the required documentation will disqualify the application from review and from award. ECSH Program grantees that were awarded in FY 2019 are eligible to apply under this FOA, but must propose completely distinct and separate services from those being conducted under the FY 2019 FOA, and/or must propose servicing a distinctively different geographic location from their existing location. Services must not be in addition to any current services conducted under the original ECSH grant; they must be for new services only. The proposed geographic location and proposed services must be served throughout the project period. Faith-based and community organizations that meet the eligibility requirements are eligible to receive awards under this funding opportunity announcement. Applications from individuals (including sole proprietorships) and foreign entities are not eligible and will be disqualified from competitive review and from funding under this announcement.

**Agency Name:** Administration for Children and Families - ORR

**Description:** The Administration for Children and Families, Office of Refugee Resettlement announces funding under the Ethnic Community Self-Help (ECSH) Program. The goal of this program is to support Ethnic Community-Based Organizations (ECBOs) in providing refugee populations with critical services to assist them in becoming integrated members of American society. Under the ECSH Program, the following three main objectives must be implemented: 1) to strengthen ECBOs’ provision of culturally and linguistically appropriate services to refugees within five years after their initial resettlement; 2) to support ECBOs' organizational development and engagement in capacity building by encouraging their collaboration with established refugee service providers and mainstream organizations; and 3) to support ECBOs in promoting community building and civic participation by refugee individuals and refugee community members.

Additional Information on Eligibility: Care providers are required to provide documentation of state or county authorization to operate a secure juvenile detention facility. Faith-based and community organizations that meet the eligibility requirements are eligible to receive awards under this funding opportunity announcement. Applications from individuals (including sole proprietorships) and foreign entities are not eligible and will be disqualified from competitive review and from funding under this announcement.

Agency Name: Administration for Children and Families - ORR

Description: The Office of Refugee Resettlement/Division of Unaccompanied Children Operations (ORR/DUCO), within the Administration for Children and Families, provides temporary shelter care and other child welfare-related services to Unaccompanied Alien Children (UAC) in ORR custody. Residential care services begin once ORR accepts a UAC for placement and ends when the minor is released from ORR custody, turns 18 years of age, or the minor’s immigration case results in a final disposition of removal from the United States. Residential care and other child welfare-related services are provided by State-licensed residential care programs in the least restrictive setting appropriate for the UAC’s age and special needs. ORR is announcing this FOA to seek secure care providers. Residential care providers, operating a secure facility, are required to be licensed in the State in which it is located to provide secure care. The secure care provider manages a specialized population of UAC who have exhibited the following behaviors: violent or criminal behavior that endangers others; serious escape history/risk; extremely disruptive/dangerous behavior in a shelter; and/or disruptive/dangerous behavior in a staff-secure setting. All entities, funded under this FOA, must also comply with the Flores Settlement Agreement, the Perez-Olano Settlement Agreement, Case No. CV05-3604 (C.D. Cal., Dec. 14, 2010), pertinent regulations, laws, and ORR policies, instructions, and procedures. ORR encourages applicants to review ORR’s policies, instructions, and procedures at: http://www.acf.hhs.gov/programs/orr/resource/children-entering-the-united-states-unaccompanied as these will be critical to the overall program design.

County governments

Additional Information on Eligibility: Public and nonprofit entities and combinations of such entities are eligible to apply. For profit organizations are not eligible. Private institutions of higher education must be non-profit entities. In selecting eligible applicants under this funding opportunity announcement, the Secretary shall give priority to eligible applicants who have demonstrated experience in providing services to runaway and homeless youth. Faith-based and community organizations that meet the eligibility requirements are eligible to receive awards under this funding opportunity announcement. Applications from individuals (including sole proprietorships) and foreign entities are not eligible and will be disqualified from competitive review and from funding under this announcement.

Agency Name: Administration for Children & Families - ACYF/FYSB
Description: The Runaway and Homeless Youth Program’s Basic Center Program (BCP) provides temporary shelter and counseling services to youth who have left home without permission of their parents or guardians, have
been forced to leave home, or other homeless youth who might otherwise end up in the law enforcement or in the child welfare, mental health, or juvenile justice systems. BCPs work to establish or strengthen community-based programs that meet the immediate needs of runaway and homeless youth and their families. BCPs provide youth under 18 years of age with emergency shelter, food, clothing, counseling and referrals for health care. BCPs can provide up to 21 days of shelter for youth and seeks to reunite young people with their families, whenever possible, or to locate appropriate alternative placements. Additional services may include: street-based services; home-based services for families with youth at risk of separation from the family; drug abuse education and prevention services; and at the request of runaway and homeless youth, testing for sexually transmitted diseases.

Agency Name: Administration for Children and Families - ORR

Description:
The Office of Refugee Resettlement/Division of Unaccompanied Children Operations (ORR/DUCO), within the Administration for Children and Families, is announcing the availability of funds for the Home Study (HS) and Post Release Services (PRS) for Unaccompanied Alien Children (UAC). The HS/PRS for UAC Program conducts home studies for certain UAC, prior to their release from ORR custody, and provides post release services for UAC after they are released in accordance with the requirements of the William Wilberforce Trafficking Victims Protection Reauthorization Act (TVPRA) of 2008. Under this Program, both HS and PRS services must be provided nationwide. To safely release UAC to sponsors, living in the United States, certain categories of UAC, who are at risk or display special needs, are referred for home studies. Home studies are also conducted for any case in which a sponsor presents a safety risk to the UAC. In order to promote the safety and well-being of UAC, after their release to a sponsor in the U.S., certain categories of children, who display special needs, are referred for post-release services. Post release services are required for all UAC who receive a home study. For cases, where there is no safety risk in releasing a UAC to a sponsor but additional assistance is required to connect the UAC and sponsor to needed resources upon discharge from ORR custody, the case may be referred for post-release only services (i.e., no home study is required). All entities funded under this Funding Opportunity Announcement must comply with ORR/DUCO HS and PRS’ policies and procedures, the Flores Settlement Agreement, the Perez-Olano Settlement Agreement, Case No. CV05-3604 (C.D. Cal., Dec. 14, 2010), and pertinent regulations and laws. ORR
encourages applicants to review ORR/DCS' policies at:
http://www.acf.hhs.gov/programs/orr/resource/children-entering-the-
united-states-unaccompanied.

Additional Information on Eligibility: Care providers are required to be licensed or license eligible (temporary, provisional, or an equivalent license) with license being issued, by a state licensing agency, within 90 days of award to provide residential, group, or foster care services for dependent children. Faith-based and community organizations that meet the eligibility requirements are eligible to receive awards under this funding opportunity announcement. Applications from individuals (including sole proprietorships) and foreign entities are not eligible and will be disqualified from competitive review and from funding under this announcement.

Agency Name: Administration for Children and Families - ORR

Description: The Office of Refugee Resettlement/Division of Unaccompanied Children's Operation (ORR/DUCO), within the Administration for Children and Families (ACF), provides temporary shelter care and other child welfare-related services to unaccompanied alien children (UAC) in ORR custody. Residential care services begin once ORR accepts a UAC for placement and ends when the UAC is released from ORR custody, turns 18 years of age or the UAC's immigration case results in a final disposition of removal from the United States. Residential care and other child welfare-related services are provided by state-licensed residential care programs in the least restrictive setting appropriate for the UAC's age and needs. ORR is announcing this funding opportunity announcement (FOA) to seek long-term foster care providers. Long term foster care providers are required to be licensed in the state in which they are located to provide foster care services and are required to meet the needs of UAC by providing quality care in a community setting. UAC who may qualify for placement in long-term foster care include UAC between the ages of 0-17 years of age, sibling groups, pregnant/parenting teens and/or UAC who are especially vulnerable or with other needs. All entities, funded under this FOA, must also comply with the Flores v. Reno, Case No. CV 85-4544RJK (C.D. Cal. 1996) (the Flores settlement agreement), the Perez-Olano Settlement Agreement, Case No. CV05-3604 (C.D. Cal., Dec. 14, 2010), pertinent regulations, laws, and ORR policies, instructions, and procedures. ORR encourages applicants to review ORR's policies, instructions, and procedures http://www.acf.hhs.gov/programs/orr/resource/children-entering-the-united-states-unaccompanied as these will be critical to the overall program design.

City or township governments
Public housing authorities/Indian housing authorities
For profit organizations other than small businesses
State governments
Small businesses
Unrestricted (i.e., open to any type of entity above), subject to any clarification in text field entitled "Additional Information on Eligibility"
Independent school districts
Native American tribal governments (Federally recognized)
Native American tribal organizations (other than Federally recognized tribal governments)

Additional Information on Eligibility: Care providers are required to be licensed or license eligible (temporary, provisional, or an equivalent license) with license being issued, by a state licensing agency, within 90 days of award to provide residential, group, or foster care services for dependent children. Faith-based and community organizations that meet the eligibility requirements are eligible to receive awards under this funding opportunity announcement. Applications from individuals (including sole proprietorships) and foreign entities are not eligible and will be disqualified from competitive review and from funding under this announcement.

Agency Name: Administration for Children and Families - ORR
Description: The Office of Refugee Resettlement/Division of Unaccompanied Children Operations (ORR/DUCO), within the Administration for Children and Families, provides temporary shelter care and other child welfare-related services to Unaccompanied Alien Children (UAC) in ORR custody. Residential care services begin once ORR accepts a UAC for placement and ends when the minor is released from ORR custody, turns 18 years of age, or the minor’s immigration case results in a final disposition of removal from the United States. Residential care and other child welfare-related services are provided by State-licensed residential care programs in the least restrictive setting appropriate for the UAC’s age and special needs. ORR is announcing this funding opportunity announcement (FOA) to seek Staff Secure care providers. Residential care providers, operating a staff secure facility, must be licensed by an appropriate State agency to provide residential care, to include a heightened level of supervision, for children with delinquent behaviors, including gang involvement, serious behavioral problems, and/or who present a low to moderate flight risk. All entities, funded under this FOA, must also comply with the Flores Settlement Agreement, the Perez-Olano Settlement Agreement, Case No. CV05-3604 (C.D. Cal., Dec. 14, 2010), pertinent regulations, laws, and ORR policies, instructions, and procedures. ORR encourages applicants to review ORR's policies, instructions, and procedures at: http://www.acf.hhs.gov/programs/orr/resource/children-entering-the-united-states-unaccompanied as these will be critical to the overall program design.

**Eligible Applicants:** Others (see text field entitled "Additional Information on Eligibility" for clarification)

Independent school districts
Native American tribal governments (Federally recognized)
Special district governments
Nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education
City or township governments
County governments
Public housing authorities/Indian housing authorities
State governments
Private institutions of higher education
Public and State controlled institutions of higher education
Native American tribal organizations (other than Federally recognized tribal governments)
Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education

**Additional Information on Eligibility:** Eligible applicants include public and non-profit private agencies and coordinated networks of such entities. For-profit organizations are
not eligible. Private institutions of higher education must be non-profit entities. In selecting eligible applicants to receive grants under this funding opportunity announcement, priority will be given to public and nonprofit private agencies that have experience in providing services to runaway, homeless, and street youth. Faith-based and community organizations that meet the eligibility requirements are eligible to receive awards under this funding opportunity announcement. Applications from individuals (including sole proprietorships) and foreign entities are not eligible and will be disqualified from competitive review and from funding under this announcement.

Agency Name: Administration for Children & Families - ACYF/FYSB

Description: The Runaway and Homeless Youth (RHY) Program's Street Outreach Program (SOP) provides street-based services to runaway, homeless, and street youth who have been subjected to or are at risk of being subjected to sexual abuse, prostitution, sexual exploitation, and severe forms of human trafficking in persons. These services, targeted in areas where street youth congregate, are designed to assist such youth in making healthy choices and providing them access to shelter as well as basic needs, including food, hygiene packages and information on a range of available services.

**Eligible Applicants:**
Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education
Others (see text field entitled "Additional Information on Eligibility" for clarification)
Nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education

**Additional Information on Eligibility:**
Eligible organizations include multistate, regional, private, nonprofit organizations with the ability to enable organizations to provide training and technical assistance to small, rural communities concerning meeting their community facility needs. Faith-based and community organizations that meet the eligibility requirements are eligible to receive awards under this funding opportunity announcement. Applications from individuals (including sole proprietorships) and foreign entities are not eligible and will be disqualified from competitive review and from funding under this announcement.

**Agency Name:** Administration for Children and Families - OCS

**Description:** The Administration for Children and Families (ACF), Office of Community Services announces that it will award approximately $8.5 million in the Rural Community Development (RCD) discretionary grant funds. RCD funds will be used to provide training and technical assistance to: Increase access for low-income families to water supply and waste disposal services, preserve affordable water and waste disposal services in low-
income rural communities, increase local capacity and expertise to establish and maintain needed community facilities, increase economic opportunities for low-income rural communities by ensuring they have basic water and sanitation, utilize technical assistance to leverage additional public and private resources, and promote improved coordination of Federal, state, and local agencies and financing programs to benefit low-income communities.

### Funding Information:

- **Version:** Synopsis 1
- **Posted Date:** Jan 22, 2020
- **Last Updated Date:** Jan 22, 2020
- **Original Closing Date for Applications:** Feb 24, 2020
- **Current Closing Date for Applications:** Feb 24, 2020
- **Archive Date:** Feb 28, 2020
- **Estimated Total Program Funding:** $200,000
- **Award Ceiling:** $20,000
- **Award Floor:** $5,000

Agency Name: National Park Service

Description: 2020 Preservation Technology and Training Grants - PTT Grants are intended to create better tools, better materials, and better approaches to conserving buildings, landscapes, sites, and collections. The PTT Grants are administered by the National Center for Preservation Technology and Training - NCPTT, the National Park Service’s innovation center for the preservation community. The competitive grants program will provide funding to federal agencies, states, tribes, local governments, and non-profit organizations. PTT Grants will support the following activities: - Innovative research that develops new technologies or adapts existing technologies to preserve cultural resources - typically 20,000 dollars. - Specialized workshops or symposia that identify and address national preservation needs - typically 15,000 to 20,000 dollars. - How-to videos, mobile applications, podcasts, best practices publications, or webinars that disseminate practical preservation methods or provide better tools for preservation practice - typically 5,000 to 15,000 dollars. The maximum grant award is 20,000 dollars. The actual grant award amount is dependent on the scope of the proposed activity. NCPTT does not fund brick and mortar grants.

**Archive Date:** Jan 22, 2021

**Additional Information on Eligibility:**

Additional Information

**Agency Name:** Fish and Wildlife Service  
**Description:** The John H. Prescott Marine Mammal Rescue Assistance Grant Program (Prescott Grant Program) provides financial assistance to eligible marine mammal stranding participants to support all aspects of response (i.e., retrieval, care, treatment, rehabilitation, and release, as appropriate) to the stranding of certain marine mammals and for related scientific research. Successful applications will be those aimed at helping support these actions.
The Service's Prescott Grant Program will provide support for response to the stranding of wild populations of species under the Department of the Interior's management authority per section 3(12) of the Marine Mammal Protection Act (MMPA). Under this Funding Opportunity, the Service will select projects for funding based on how well and to what extent they support the species-specific priority activities. As required under the Prescott Grant Program (section 408(a)(2)(A)), the Service will give preference to those facilities with established records for rescuing or rehabilitating sick and stranded manatees, sea otters, walruses, and polar bears within waters of the United States.

CFDA Number(s): 15.676 -- Youth Engagement, Education, and Employment

Cost Sharing or Matching Requirement: No

Eligible Applicants:
Special district governments
Native American tribal governments (Federally recognized)
Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education
State governments
Private institutions of higher education
County governments
Public and State controlled institutions of higher education
City or township governments
Native American tribal organizations (other than Federally recognized tribal governments)

Additional Information on Eligibility:

Agency Name: Fish and Wildlife Service

Description: Federal Program: Department of the Interior, United States (U.S.) Fish and Wildlife Service, HQ National Wildlife Refuge System

Catalog of Federal Domestic Assistance (CFDA) Number: 15.676

The U.S. Fish and Wildlife Service's (USFWS or Service) National Wildlife Refuge System (NWRS) is accepting proposals from non-profit, state, and local government youth and veteran serving organizations with the interest and capacity to work cooperatively with the USFWS to develop introductory educational experiences in natural resource careers to young people and veterans, including culturally, ethnically and economically diverse students, and underserved communities that traditionally have low participation in outdoor recreation activities through hands-on experience and mentoring at a variety of USFWS programs including but not limited to, national wildlife refuges, fish hatcheries, and ecological services offices. Under this program, individuals and/or groups of youth, young adults, and veterans:

Will be introduced to natural resource careers through hands-on work with, and training by, natural resource professionals employed by the USFWS may be given the opportunity to serve both seasonal and or year-round assignments.

Will enhance conservation stewardship; increase outdoor recreation opportunities for all Americans and improve the management of game species and their habitats for this generation and beyond.
Will be introduced to various real-world conservation and rehabilitation activities such as invasive species management, habitat restoration, wildlife management, public education and interpretation, disaster response and mitigation, and communications, mixed with informal and formal training sessions directed by USFWS employees during assignments.

Will enhance and expand public access to lands and waters.

Will be provided feedback for their future growth and may receive consideration for future employment with the USFWS.

See Full Announcement for application details and instructions.

Additional Information on Eligibility: Applications are accepted on a rolling basis.

Agency Name: Fish and Wildlife Service

Description: The Fish and Wildlife Management Assistance Program provides technical and financial assistance to other federal agencies, states, local governments, Native American tribes, non-governmental organizations, citizen groups, and landowners for the conservation and management of fish and wildlife resources. This includes minimizing the establishment, spread, and impact of aquatic invasive species. Specifically, aquatic habitat conservation projects under this program must protect, restore, and enhance fish and aquatic habitats, as outlined in the National Fish Habitat Action Plan (Action Plan). Likewise, projects under this program, directly or indirectly, support and promote public access to recreational fishing opportunities and the sustainable use of other natural resources. Funded projects may be carried out by Fish Habitat Partnerships (FHPs) recognized by the National Fish Habitat Board (Board) or the partners of Board recognized FHPs. More information about the FHPs and their partners can be found online at www.fishhabitat.org.

**Cost Sharing or Matching Requirement:** Yes  
**Original Closing Date for Applications:** Mar 11, 2020  
The deadline for submitting applications in response to this grant announcement is 7:59 PM EDT on March 11, 2020, Applications submitted after this deadline will not be considered for funding.  
**Current Closing Date for Applications:** Mar 11, 2020  
The deadline for submitting applications in response to this grant announcement is 7:59 PM EDT on March 11, 2020, Applications submitted after this deadline will not be considered for funding.  
**Archive Date:** Apr 10, 2020  
**Estimated Total Program Funding:**  
**Award Ceiling:** $0  
**Award Floor:** $0  

### Eligibility

**Eligible Applicants:** Others (see text field entitled "Additional Information on Eligibility" for clarification)  
**Additional Information on Eligibility:** All local, state, and tribal law enforcement agencies that have primary law enforcement authority are eligible to apply. An agency with primary law enforcement authority is defined as the first responder to calls for service for all types of criminal incidents within the jurisdiction served. Please note that CHP applicants must have a police department that is operational by the close of this application or receive services through a new or existing contract for law enforcement services.

### Additional Information

**Agency Name:** Community Oriented Policing Services  
**Description:** CHP provides funding directly to law enforcement agencies to hire and/or rehire career law enforcement officers in an effort to increase their community policing capacity and crime prevention efforts. 2019 CHP grants will cover up to 75 percent of the approved entry-level salary and fringe benefits of each newly-hired and/or rehired, full-time sworn career law enforcement officer over the three-year (36 months) grant period, with
a minimum 25 percent local cash match requirement and a maximum federal share of $125,000 per officer position. CHP grant funding will be based on your agency’s current entry-level salary and fringe benefits for full-time sworn officers; any additional costs for higher than entry-level salaries and fringe benefits will be the responsibility of the grantee agency. In FY 2020, agencies may request the number of officer positions necessary to support their proposed community policing strategy. Please keep in mind that there is a minimum 25 percent local cash match and a 12-month retention requirement for each officer position funded. The COPS Office will fund as many positions as possible for successful applicants; however, the number of officer positions requested by an agency may be reduced based on the availability of funding and other programmatic considerations.

- Hire new officers, which includes filling existing officer vacancies that are no longer funded in your agency’s budget.
- Rehire officers who have already been laid off from any jurisdiction as a result of state, local, or Bureau of Indian Affairs (BIA) budget reductions. The rehired officers must be rehired on or after the official grant award start date as it appears on your agency’s award document. Documentation must be maintained showing the dates that the positions were laid off and rehired.
- Rehire officers who are (at the time of application) currently scheduled to be laid off by your jurisdiction on a specific future date as a result of state, local, or BIA budget reductions. Grantees will be required to continue funding the positions with local funding until the dates of the scheduled lay-offs. The dates of the scheduled lay-offs and the number of positions affected must be identified in the CHP application.

CHP grants can be used to hire and or rehire School Resource Officers. Please note that the COPS Office requires that the officer(s) deployed into the SRO position(s) spend a minimum of 75 percent of their time in and around primary and/or secondary schools, working on youth-related activities. The time commitment of the funded officers must be above and beyond the amount of time that the agency devoted to the schools before receiving the grant. There must be an increase in the level of community policing activities performed in and around primary or secondary schools in the agency’s jurisdiction as a result of the grant.

knowledge, increase awareness of effective community policing strategies, increase the skills and abilities of law enforcement and community partners, increase the number of law enforcement agencies and relevant stakeholders using proven community policing practices and institutionalize community policing practice in routine business. The COPS Office, a federal provider of innovative, customer-focused resources that address the continuing and emerging needs of those engaged in enhancing public safety through community policing, has designed the CPD solicitation to address critical topics in the law enforcement field by building on the principles of community policing. The 2020 CPD program has been established to fund specific projects related to the following topic areas: (1) Law Enforcement Injury Prevention and Rehabilitation Program Toolkit; (2) Recruiting the Next Generation of Officers and Deputies; (3) Promising Practices in Law Enforcement Victim Support; (4) Rural Law Enforcement Training Center; (5) Managing High-Risk Law Enforcement Vehicular Pursuits; (6) Implementing Successful Faith-Based Partnerships; (7) Police Academy Innovations; (8) Public Safety Implications of Driving Automation Systems for Motor Vehicles; (9) Open Category; and (10) Invitational Applications. Detailed descriptions of each of these topics are available in the application guide.

There is up to $5,600,000 million in CPD funds available. All awards are subject to the availability of appropriated funds and any modifications or additional requirements that may be imposed by law. Funding is limited, and it is expected that this solicitation will be very competitive. Each award or cooperative agreement is two years (24 months) in length. There is no local match. Each award will be in the form of a cooperative agreement, the funding instrument used for substantial federal involvement.

COPS-AHTF-APPLICATION-2020
Synopsis 1

Document Type: Grants Notice
Funding Opportunity Number: COPS-AHTF-APPLICATION-2020
Funding Opportunity Title: COPS-AHTF-APPLICATION-2020
Opportunity Category: Discretionary
Opportunity Category Explanation:

Funding Instrument Type: Grant
Category of Funding Activity: Law, Justice and Legal Services
Category Explanation: The deadline for submitting applications in response to this grant announcement is 7:59 PM EDT on 04/08/2020. Applications submitted after this deadline will not be considered for funding.

Expected Number of Awards:

Version: Synopsis 1
Posted Date: Feb 04, 2020
Last Updated Date: Jan 31, 2020
Original Closing Date for Applications: Apr 08, 2020
Current Closing Date for Applications: Apr 08, 2020
Archive Date: Sep 30, 2020
Estimated Total Program Funding:
Award Ceiling: $4,000,000
Award Floor: $0
Cost Sharing or Matching Requirement: No

Eligible Applicants: Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility: Only state law enforcement agencies authorized by law or by a state agency to engage in or to supervise anti-heroin and other opioid investigative activities are eligible to apply for funding. Additional consideration will be given to agencies participating in anti-heroin and other opioid task forces with multijurisdictional reach and interdisciplinary team structures.

Agency Name: Community Oriented Policing Services

Description: This solicitation is being announced as an open competition targeted at state law enforcement agencies authorized by law or by a state agency to engage in or to supervise anti-heroin investigative activities. Funding is limited and this solicitation is expected to be very competitive. Strong applications should demonstrate a multijurisdictional reach and participation in interdisciplinary team structures (i.e., task forces). Strong applications should also include multi-year state level primary treatment admissions data for heroin, fentanyl, carfentanil, and other opioids to support their proposal. The goals for this program are to increase efforts to investigate illicit activities related to the distribution of heroin, fentanyl, carfentanil, or the unlawful distribution of prescription opioids. The COPS Office reserves the right to limit awards to one per state at the time of award announcement.

### Research:

Office on Violence Against Women
OVW FY 2020 Research and Evaluation Initiative

#### Synopsis 1

**Document Type:** Grants Notice

**Funding Opportunity Number:** OVW-2020-18032

**Funding Opportunity Title:** OVW FY 2020 Research and Evaluation Initiative

**Opportunity Category:** Discretionary

**Opportunity Category Explanation:**

**Funding Instrument Type:** Grant

**Category of Funding Activity:** Information and Statistics

Law, Justice and Legal Services

Science and Technology and other Research and Development

**Expected Number of Awards:** 6

**CFDA Number(s):** 16.026 -- OVW Research and Evaluation Program

**Cost Sharing or Matching Requirement:** No

**Estimated Total Program Funding:** $3,000,000

**Award Ceiling:** $450,000

**Award Floor:** $100,000

**Version:** Synopsis 1

**Posted Date:** Jan 15, 2020

**Last Updated Date:** Jan 15, 2020

**Original Closing Date for Applications:** Mar 25, 2020

**Current Closing Date for Applications:** Mar 25, 2020

**Archive Date:**

**Eligible Applicants:**

- Nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education
- State governments
- Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education
- Private institutions of higher education
- City or township governments
- Native American tribal governments (Federally recognized)
- County governments
- Public and State controlled institutions of higher education
- Native American tribal organizations (other than Federally recognized tribal governments)

**Additional Information on Eligibility:**
The purpose of the Office on Violence Against Women (OVW)'s Research and Evaluation (R&E) Initiative is to research and evaluate approaches to combating domestic/dating violence, sexual assault, and stalking. By generating more knowledge about strategies for serving victims and holding offenders accountable, communities that benefit from Violence Against Women Act (VAWA) funding will be better equipped to align their work with practices that are known to be effective, and they will be more capable of generating empirical knowledge on the efficacy of new and promising ways of doing things. R&E is designed to support researcher-practitioner partnerships and a broad range of methods, including qualitative, mixed-method, and quasi-experimental designs.

**Agency Name:** National Institute of Justice

**Description:** This solicitation seeks applications for grant funding to conduct research and evaluation projects examining violence against women. Topics cover a broad range, including the crimes of homicide, intimate partner and dating violence, rape and sexual assault, stalking, and trafficking, along with the associated criminal justice system response, procedures, and policies. The ultimate goal of this solicitation is to reduce violence against women through development of evidence-based knowledge to inform formulation of effective strategies to best prevent and respond to such crime and violence.

Agency Name: National Institute of Justice

Description: With this solicitation, NIJ seeks applications for research and evaluation projects that will improve knowledge and practice related to identifying, preventing, investigating, prosecuting, and reducing technology-facilitated abuse, including sextortion, nonconsensual pornography (revenge porn), doxing, swatting, cyberstalking, and cyber-hate. NIJ will support scientifically rigorous projects designed to produce highly practical findings that will inform program, policy, practice and other efforts to address such crimes. NIJ is particularly interested in research and evaluation projects addressing the following topics. Risk and protective factors associated with an individual falling victim to technology-facilitated abuse, as well as how individuals or organizations become involved in these types of crimes. Studies of the costs and consequences of technology-facilitated abuse (financial and otherwise), as well as how Internet-enabled harassment may be related to other crime(s). Studies of the effectiveness of approaches in identifying, preventing, investigating, and prosecuting technology-facilitated abuse (This may include consideration of legislation and/or training). Studies of the frequency and impacts of technology-facilitated abuse, in particular their effect on women and ethnic, religious, and racial minorities.

Eligible Applicants: Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility: The following entities are eligible to apply: states and territories, state and local courts, units of local government, and federally recognized Indian tribal governments acting on behalf of a single jurisdiction drug court. Eligible applicants who propose to provide direct services must not include the provision of services to any person who is older than age 18. All recipients and subrecipients (including any for-profit organization) must forgo any profit or management fee. This solicitation is composed of two grant categories. Information regarding the specific eligibility requirements for each category can be found below. Applicants must clearly designate the category for which they are applying. Category 1: Juvenile Drug Treatment Court Planning and Implementation - OJJDP-2020-18092: Juvenile Drug Treatment Court Planning and Implementation grants are available to jurisdictions that want to establish a juvenile drug treatment court. These grants are for jurisdictions where no juvenile drug court currently exists or a juvenile drug court has been operational for less than a year. Category 2: Juvenile Drug Treatment Court Enhancement - OJJDP-2020-18152: Juvenile Drug Treatment Court Enhancement grants are available to jurisdictions with a fully operational (for at least 1 year) juvenile drug treatment court to enhance the operation of the court. Jurisdictions applying for funding under this category must have courts that have been fully operational for at least 1 year.

Agency Name: Office of Juvenile Justice Delinquency Prevention

Description: The Juvenile Drug Treatment Court Program builds the capacity of states, state and local courts, units of local government, and federally recognized tribal governments to implement new juvenile drug treatment courts and enhance existing juvenile drug treatment courts (JDTCs) for individuals with substance abuse problems or co-occurring mental health disorders, including histories of trauma.

Eligibility

Eligible Applicants: Others (see text field entitled "Additional Information on Eligibility" for clarification)
**Additional Information on Eligibility:** Purpose Area 1: States; the District of Columbia; principal U.S. Territories; and federally recognized Indian tribal governments. Purpose Area 2: Counties in states that have substantially implemented the Sex Offender Registration and Notification Act (SORNA). See full announcement for more information on eligibility.

**Agency Name:** Department of Justice  
**Description:** The Office of Sex Offender Sentencing, Monitoring, Apprehending, Registering, and Tracking (SMART) Support for Adam Walsh Act (AWA) Implementation Grant Program assists jurisdictions with developing and enhancing programs designed to implement the Sex Offender Registration and Notification Act (SORNA). SORNA (34 U.S.C. § 20901 et seq.) was enacted to protect the public by establishing a comprehensive national system of standards for the registration and notification of convicted sex offenders. The term "jurisdiction" is defined in SORNA as any state of the United States, the District of Columbia, the principal U.S. territories and federally recognized Indian tribes to the extent provided by SORNA section 127—that have elected to implement SORNA. The AWA Implementation Grant Program assists jurisdictions with developing and/or enhancing programs designed to implement SORNA requirements. SORNA requires 1) all states, the District of Columbia, the principal U.S. territories and participating federally recognized Indian tribes to maintain a sex offender registry; and 2) sex offenders to register and maintain a current registration in each jurisdiction where the offender resides, is an employee or is a student. SORNA also sets forth requirements for sex offender registries, to include specified information, duration of registration and in-person verification of sex offender registration information, as well as participation in the National Sex Offender Public Website (NSOPW.gov) and interjurisdictional notification of relocating offenders (e.g., SORNA Exchange Portal).

Category Explanation: Training focused on domestic violence, sexual assault, dating violence, and stalking

Expected Number of Awards: 47

CFDA Number(s): 16.526 -- OVW Technical Assistance Initiative

Cost Sharing or Matching Requirement: No

Eligible Applicants: Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education
Public and State controlled institutions of higher education
Native American tribal organizations (other than Federally recognized tribal governments)
Private institutions of higher education

Additional Information on Eligibility:

Agency Name: Office on Violence Against Women

Description: The primary purpose of the OVW Training and Technical Assistance Initiative (TA Initiative) is to provide direct technical assistance to existing and potential grantees and sub-grantees to enhance their efforts to successfully implement projects supported by OVW grant funds. OVW’s TA Initiative is designed to strengthen and build the capacity of civil and criminal justice system professionals and victim service providers across the nation to respond effectively to domestic violence, sexual assault, dating violence, and stalking and foster partnerships among organizations that have not traditionally worked together to address these crimes.

CFDA Number(s): 17.805 -- Homeless Veterans Reintegration Program
Cost Sharing or Matching Requirement: No
Version: Synopsis 2
Posted Date: Jan 02, 2018
Last Updated Date: Jan 02, 2018
Original Closing Date for Applications: Dec 31, 2020
Current Closing Date for Applications: Dec 31, 2020
Archive Date: Jan 30, 2021
Estimated Total Program Funding:
Award Ceiling: $10,000
Award Floor: $7,000
Eligible Applicants: Others (see text field entitled "Additional Information on Eligibility" for clarification)
Additional Information on Eligibility:
The following organizations and entities may apply for grant funds for Stand Down events: State and Local Workforce Development Boards, Veteran Service Organizations, local public agencies, tribal governments, and non-profit organizations including community and faith-based organizations. Organizations registered with the Internal Revenue Service as 501(c)(4) entities are not eligible to apply for this funding opportunity.

Agency Name: Veterans Employment and Training Service

Description: DOL VETS supports local Stand Down (SD) events that assist homeless veterans by providing a wide variety of employment, social, and health services. A homeless veteran is a veteran, as defined in 38 U.S.C. 101(2), who is “homeless” as that term is defined at 42 U.S.C. 11302(a)-(b), as amended by the Homeless Emergency Assistance and Rapid Transition to Housing Act of 2009 (Public Law 111-22). Stand Down grant funds must be used to enhance employment and training opportunities or to promote the self-sufficiency of homeless veterans through paid work. Veterans experiencing homelessness do not always have access to basic hygiene supplies necessary to maintain their health and appearance. Lack of shelter limits their ability to prepare for and present themselves at job interviews or be contacted for follow-up. Basic services such as showers, haircuts, attention to health concerns, and other collaborative services provided at SD events can give participants a greater sense of self and an opportunity to improve their chances of securing and maintaining employment. Each year, VETS sets funds aside from the Homeless Veterans’ Reintegration Program (HVRP) budget activity to award SD grants. Stand Down funding is a non-competitive grant awarded on a first-come, first-served basis until available annual funding is exhausted. VETS will continue to accept applications and process when additional funds become available. The maximum amount that can be awarded, per applicant for a geographic area, in a fiscal year (October 1 – September 30) is $7,000 for a one-day event and $10,000 for a multi-day event. Grants may be awarded to multiple organizations that conduct SD events in the same general area so long as there is no commingling of federal funds. In the event of a significant natural or man-made disaster, VETS may elect to accept and award grants for SD events in excess of the $10,000 limit. VETS recognizes the following as circumstances that may justify awarding SD grants in higher amounts: emergencies or major disasters, as defined in the Stafford Act, which have been declared eligible for public assistance by the Federal Emergency Management Agency (FEMA). In addition, emergencies or disaster situations of national significance, natural or man-made, that could result in a potentially large loss of employment, as declared or otherwise recognized in writing by the chief official of the Federal Agency with jurisdiction over the Federal response to the emergency or disaster. If the VETS Assistant Secretary determines it is appropriate to award increased grants for SD events due to a disaster, the VETS Assistant Secretary will announce such a determination in writing, including the maximum amount that can be awarded on account of such an identified disaster, in order to provide notice to entities proposing to conduct SD events in those geographic areas where a disaster has been declared or to which a substantial number of veterans have relocated or been relocated. Acceptable uses of Stand Down grant funds do not change in such circumstances. All applications should be emailed to the appropriate DVET of the state in which the SD event is planned.

Link to Additional Information:
Grantor Contact Information: If you have difficulty accessing the full announcement electronically, please contact:

Questions regarding a SD grant application should be referred to the DVET in the state in which the event will take place. DVET contact information is available at:

Expected Number of Awards: 25

CFDA Number(s): 89.003 -- National Historical Publications and Records Grants

Cost Sharing or Matching Requirement: Yes

Estimated Total Program Funding: $3,000,000

Award Ceiling: $175,000

Award Floor: $1

Eligible Applicants:
State governments
Native American tribal governments (Federally recognized)
City or township governments
Public and State controlled institutions of higher education
Private institutions of higher education
County governments
Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education

Additional Information on Eligibility:

Agency Name: National Archives and Records Administration

Description: The National Historical Publications and Records Commission seeks proposals to publish documentary editions of historical records. Projects may focus on broad historical movements in U.S. history, such as law (including the social and cultural history of the law), politics, social reform, business, military, the arts, and other aspects of the national experience, or may be centered on the papers of major figures from American history. Whether conceived as a thematic or a biographical edition, the historical value of the records and their expected usefulness to broad audiences must justify the costs of the project. The Commission is especially interested in projects to commemorate the 250th anniversary of the Declaration of Independence. We encourage applications that use collections to examine the ideals behind the founding of the United States and the continual interpretation and debate over those ideals over the past 250 years. We welcome projects that engage the public, expand civic education, and promote understanding of the nation’s history, democracy, and culture from the founding era to the present day. The goal of this program is to provide access to, and editorial context for, the historical documents and records that tell the American story. Applicants should demonstrate familiarity with the best practices recommended by the Association for Documentary Editing (ADE) or the Modern Language Association (MLA) Committee on Scholarly Editions. All new projects (those which have never received NHPRC funding) must have definitive
plans for publishing and preserving a digital edition which provides online access to a searchable, fully-transcribed and annotated collection of documents. New projects may also prepare print editions (including ebooks and searchable PDFs posted online) as part of their overall publishing plan, but the contents of those volumes must be published in a fully-searchable digital edition within a reasonable period of time following print publication. The NHPRC encourages projects to provide free public access to online editions. Projects that do not have definitive plans for digital dissemination and preservation in place at the time of application will not be considered. Grants are awarded to collaborative teams (including at least two scholar-editors, in addition to one or more archivists, digital scholars, data curators, and/or other support and technical staff, as necessary) for collecting, describing, preserving, compiling, transcribing, annotating, editing, encoding, and publishing documentary source materials online and in print. Eligible documentary edition projects typically focus on original manuscript or typewritten documents, but may also include other formats, such as analog audio and/or born-digital records. Because of the focus on historical documentary sources, grants do not support preparation of critical editions of published works unless such works are just a small portion of the larger project. This grant program does not support the production of film or video documentaries. For a comprehensive list of the Commission's limitations on funding, please see What We Do and Do Not Fund. Applications that consist entirely of ineligible activities will not be considered. Ongoing projects: Applicants from ongoing projects must demonstrate that they have successfully achieved the performance objectives associated with previous NHPRC awards; provide updated, current information, including a description of the new activities; describe the content and historical significance of the specific materials to be edited during the proposed grant period; show progress towards completing the edition; and justify costs in a new budget. Award Information A grant is for one year and for up to $175,000 per year. The Commission expects to make up to 25 grants in this category for a total of up to $3,000,000. Grants begin no earlier than January 1, 2021. The Commission requires that grant recipients acknowledge NHPRC grant assistance in all publications, publicity, and other products that result from its support. Eligibility • U.S. nonprofit organizations or institutions • U.S. colleges, universities, and other academic institutions • State or local government agencies • Federally-acknowledged or state-recognized Native American tribes or groups Cost Sharing The total costs of a project are shared between the NHPRC and the applicant organization. The Commission provides no more than 50 per cent of total project costs in the Publishing Historical Records in Documentary Editions category. NHPRC grant recipients are not permitted to use grant funds for indirect costs (as indicated in 2 CFR 2600.101). Cost sharing is required. The applicant’s financial contribution may include both direct and indirect expenses, in-kind contributions, non-Federal third-party contributions, and any income earned directly by the project. Indirect costs must be listed under the applicant’s cost sharing contribution. Other Requirements Applicant organizations must be registered in the System for Award Management (SAM) prior to submitting an application, maintain SAM registration throughout the application and award process, and include a valid DUNS number in their application. Details on SAM registration and requesting a DUNS number can be found at the System for Award Management website at https://sam.gov. Please refer to the User Guides section and the Grants Registrations PDF. Ineligible applications will not be reviewed.

**Cost Sharing or Matching Requirement:** Yes

### Eligible Applicants:

- Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education
- State governments
- Native American tribal governments (Federally recognized)
- City or township governments
- Private institutions of higher education
- County governments
- Public and State controlled institutions of higher education

### Additional Information on Eligibility:

**Agency Name:** National Archives and Records Administration

**Description:**

The National Historical Publications and Records Commission seeks projects that will make collections from small and under-represented archives more readily available for public discovery and use. The grant program will fund Archives Collaboratives to share best practices, tools, and techniques; assess institutional strengths and opportunities; and promote management structures for long-term sustainability and growth. Archives Collaboratives must consist of three or more organizations. They
may: • be located in the same community, state, or geographic region • be
“virtual” or online collaboratives • share affinities among the scope and
subject matter of their collections • have similar organizational missions •
serve similar types of user communities

Implementation Grants – Funds will be granted to implement the projects developed during the planning
phase. Projects that demonstrate commitments by member organizations,
a work plan, and timeline are eligible to receive grants up to $100,000,
shared by the consortia, to carry out the project. Applications would be due
on January 16, 2020, with a start date for implementation of July 1, 2020.

For a comprehensive list of the Commission’s limitations on funding,
please see “What we do and do not fund”
(http://www.archives.gov/nhprc/apply/eligibility.html). Applications that
consist entirely of ineligible activities will not be considered. Award
Information

Successful Archives Collaboratives which have completed the
Planning Phase are eligible to apply for an Implementation Grant of up to
$100,000, shared by the consortia. The Commission requires that grant
recipients acknowledge NHPRC grant assistance in all publications and
other products that result from its support. Eligibility Information

Eligible applicants: • Nonprofit organizations or institutions • Colleges, universities,
and other academic institutions • State or local government agencies •
Federally-acknowledged or state-recognized Native American tribes or
groups

Cost Sharing

The total costs of a project are shared between the
NHPRC and the applicant organization. The Commission provides no
more than 75 per cent of total project costs for the Implementation Grants.

NHPRC grant recipients are not permitted to use grant funds for indirect
costs (as indicated in 2 CFR 2600.101). The applicant’s financial
contribution may include both direct and indirect expenses, in-kind
contributions, non-Federal third-party contributions, and any income
earned directly by the project. Indirect costs must be listed under the
applicant’s cost sharing contribution. Other Requirements Applicant
organizations must be registered in the System for Award Management
(SAM) prior to submitting an application, maintain SAM registration
throughout the application and award process, and include a valid DUNS
number in their application. Details on SAM registration and requesting a
DUNS number can be found at the System for Award Management
website at www.sam.gov. Please refer to the User Guides section and the
Grants Registrations PDF. A complete application includes the Application
for Federal Assistance (Standard Form 424), Assurances -- Non-
Construction Programs (Standard Form 424B), a Project Narrative,
Summary, Supplementary Materials, and Budget. Applications lacking
these items will not be considered. Ineligible applications will not be
reviewed.

Cost Sharing or Matching Requirement: Yes

Eligible Applicants: Independent school districts
Special district governments
State governments
Private institutions of higher education
Native American tribal governments (Federally recognized)
City or township governments
Public and State controlled institutions of higher education
Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education
County governments

Additional Information on Eligibility:

Agency Name: National Endowment for the Arts

Description: An organization that applies to the Challenge America category, may not submit another application to the Grants for Arts Projects category. You may apply to other National Endowment for the Arts funding opportunities, including Our Town, in addition to Challenge America. In each case, the request must be for a distinctly different project or a distinctly different phase of the same project, with a different period of performance and costs. The Arts Endowment’s support of a project may start on or after January 1, 2021. Grants awarded under these guidelines generally may cover a period of performance of up to two years. An organization that has received Challenge America grants in FY 2018, 2019, and 2020 may not apply for a Challenge America grant under these FY 2021 guidelines. That organization may apply for FY 2021 support under other National Endowment for the Arts funding opportunities including Grants for Arts Projects.

Grant Program Description: The Challenge America category offers support primarily to small and mid-sized organizations for projects that extend the reach of the arts to underserved populations -- those whose opportunities to experience the arts are limited by geography, ethnicity, economics, or disability. Age alone (e.g., youth, seniors) does not qualify a group as underserved; at least one of the underserved characteristics noted above also must be present. Provide details about the underserved audience you select in your application using relevant statistics and anecdotal information. Proposals should detail the efforts made to reach the identified underserved population. Grants are available for professional arts programming and for projects that emphasize the potential of the arts in community development.

Funding Opportunity Number: 2020NEA03LFCW

Funding Opportunity Title: NEA Literature Fellowships: Poetry, FY2021

Opportunity Category: Discretionary

Opportunity Category Explanation:

Funding Instrument Type: Grant

Category of Funding Activity: Arts (see "Cultural Affairs" in CFDA)

Category Explanation:

Expected Number of Awards:

CFDA Number(s): 45.024 -- Promotion of the Arts Grants to Organizations and Individuals

Cost Sharing or Matching Requirement: No

Eligible Applicants: Individuals

Additional Information on Eligibility:

Agency Name: National Endowment for the Arts

Description: • You may submit only one application for FY 2021 funding. You may not apply for both a Literature Fellowship under this deadline and a Translation Project under the January 15, 2020 deadline.

Grant Program Description

The National Endowment for the Arts Literature Fellowships program offers $25,000 grants in prose (fiction and creative nonfiction) and poetry to published creative writers that enable recipients to set aside time for writing, research, travel, and general career advancement. Applications are reviewed through an anonymous process in which the only criteria for review are artistic excellence and artistic merit of the submitted manuscript. The program operates on a two-year cycle with fellowships in prose and poetry available in alternating years. For FY 2021, which is covered by these guidelines, fellowships in poetry are available. Fellowships in prose (fiction and creative nonfiction) will be offered in FY 2022 and guidelines will be available in January 2021. You may apply only once each year.

Agency Name: National Endowment for the Humanities

Description:
The National Endowment for the Humanities (NEH) Division of Education Programs is accepting applications for the Summer Seminars and Institutes for K-12 Educators program. The purpose of this program is to provide school teachers across the nation the opportunity to broaden and deepen their engagement with the humanities. One- to four-week residential programs, led by scholars and K-12 professionals, allow participants to study a variety of humanities topics. Seminars and Institutes emphasize the intellectual quality of humanities education and address recent developments in scholarship, teaching, and/or curriculum.

Eligible Applicants: Private institutions of higher education
Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education
Public and State controlled institutions of higher education

Additional Information on Eligibility: Eligibility is limited to publishers who have published within the last three years (or will publish within the period of performance) a book whose research was supported by an NEH fellowship. Publishers must be U.S. nonprofit organizations with 501(c)(3) tax-exempt status, or accredited public or 501(c)(3) institutions of higher education. If previously published, the book must have included an acknowledgement to the relevant NEH award for the author's research and/or writing to be eligible for this program. See Section C of the notice of funding opportunity for additional information.
publishers a $5,500 grant to release open access digital editions of books whose underlying research was funded by one of the following six NEH programs: Fellowships; Awards for Faculty at Hispanic-Serving Institutions; Awards for Faculty at Historically Black Colleges and Universities; Awards for Faculty at Tribal Colleges and University; Fellowships for Advanced Social Science Research on Japan; or Public Scholars. Each ebook shall be released under a Creative Commons license, making those books free for anyone to download. The book could be a forthcoming title (to be open access upon first release) or it could be a book that has been on sale for up to three years before application submission. This program utilizes a greatly streamlined application process and there are three proposal deadlines per year.

**Original Closing Date for Applications:** Mar 05, 2020  
**Current Closing Date for Applications:** Mar 05, 2020  
**Archive Date:**  
**Estimated Total Program Funding:** $850,000  
**Award Ceiling:** $250,000  
**Award Floor:** $1
Expected Number of Awards: 5

CFDA Number(s): 45.169 -- Promotion of the Humanities Office of Digital Humanities

Cost Sharing or Matching Requirement: No

Eligible Applicants: Private institutions of higher education
Public and State controlled institutions of higher education
Native American tribal governments (Federally recognized)
County governments
City or township governments
Special district governments
Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education

Additional Information on Eligibility:

Agency Name: National Endowment for the Humanities

Description: The National Endowment for the Humanities (NEH) Office of Digital Humanities is accepting applications for the Institutes for Advanced Topics in the Digital Humanities program. The purpose of this program is to support national or regional (multistate) training programs for scholars, humanities professionals, and advanced graduate students to broaden and extend their knowledge of digital humanities. Through this program NEH seeks to increase the number of humanities scholars and practitioners using digital technology in their research and to broadly disseminate knowledge about advanced technology tools and methodologies relevant to the humanities.

**Eligibility**

**Eligible Applicants:** Others (see text field entitled "Additional Information on Eligibility" for clarification)

**Additional Information on Eligibility:** Eligible applicants for INFRA grants are 1) a State or group of States; 2) a metropolitan planning organization that serves an urbanized area (as defined by the Bureau of the Census) with a population of more than 200,000 individuals; 3) a unit of local government or group of local governments; 4) a political subdivision of a State or local government; 5) a special purpose district or public authority with a transportation function, including a port authority; 6) a Federal land management agency that applies jointly with a State or group of States; 7) a tribal government or a consortium of tribal governments; or 8) a multi-State or multi-jurisdictional group of public entities. Multiple States or jurisdictions that submit a joint application should identify a lead applicant as the primary point of contact. Each applicant in a joint application must be an Eligible Applicant. Joint applications must include a description of the roles and responsibilities of each applicant and must be signed by each applicant.

**Additional Information**

**Agency Name:** 69A350 Office of the Under Secretary for Policy

**Description:** The Nationally Significant Freight and Highway Projects (INFRA) program provides Federal financial assistance to highway and freight projects of national or regional significance. This notice solicits applications for awards under the program’s fiscal year (FY) 2020 funding, subject to the availability of appropriated funds. The Department is focusing the competition on transportation infrastructure projects that support four key objectives, each of which is discussed in greater detail in the Notice of Funding Opportunity:

1. Supporting economic vitality at the national and regional level;
2. Leveraging Federal funding to attract non-Federal sources of infrastructure investment;
(3) Deploying innovative technology, encouraging innovative approaches to project delivery, and incentivizing the use of innovative financing; and
(4) Holding grant recipients accountable for their performance.

**Additional Information on Eligibility:**

**Agency Name:** Pipeline and Hazardous Materials Safety Admin

**Description:** Section 12 of the Pipeline Safety Improvement Act of 2002 (Pub. L. No. 107-355) mandates that DOT and other designated federal agencies must “carry out a program of research, development, demonstration and standardization to ensure the integrity of pipeline facilities.” Specifically, PHMSA's Pipeline Safety R&D Program’s mission is to sponsor R&D projects focused on providing near-term solutions that will improve the safety, reduce the environmental impact, and enhance the reliability of the Nation’s pipeline transportation system. The goals and objectives of the
CAAP initiative, as discussed below, directly support both this mission and the congressional mandate.

The CAAP initiative is intended to spur innovation by enabling academic research focused on high technical risk and high payoff solutions for many pipeline safety challenges. It will potentially deliver solutions that can be handed off to PHMSA’s core research program for demonstration and deployment. The goal is to validate proof of concept for a thesis or theory along a logical path towards commercialization.

The pipeline industry and federal/state regulators are experiencing low numbers of entry-level applicants for engineering or technically focused positions. Consequently, another goal of the CAAP initiative is to expose undergraduate and graduate research students to subject matter that is common to pipeline safety challenges, encourage them to participate in these subjects, and illustrate how their engineering or technical disciplines are highly needed in the pipeline field. The ultimate benefit would be to cultivate new talent in all aspects of the pipeline industry.

Additional Information on Eligibility:

Agency Name: Pipeline and Hazardous Materials Safety Admin

Description: Pipeline safety is a shared responsibility, and the purpose of the State Damage Prevention (SDP) Program grant is to establish or improve state programs and to protect underground pipeline facilities from excavation damage. The SDP grants provide funding to help eligible states establish a comprehensive program to prevent damage to underground pipelines in states that do not have such programs, and to improve damage prevention programs in states that do.

A strong transportation network is critical to the functioning and growth of the American economy. The nation’s industry depends on the transportation network to move the goods that it produces, and facilitate the movements of the workers who are responsible for that production. When the nation’s highways, railways, and ports function well, that infrastructure connects people to jobs, increases the efficiency of delivering goods and thereby cuts the costs of doing business, reduces the burden of commuting, and improves overall well-being.

Rural transportation networks play a vital role in supporting our national economic vitality. Addressing the deteriorating conditions and disproportionately high fatality rates on our rural transportation infrastructure is of critical interest to the Department, as rural transportation networks face unique challenges in safety, infrastructure condition, and passenger and freight usage. Consistent with the R.O.U.T.E.S. Initiative, the Department encourages applicants to consider how the project will address the challenges faced by rural areas in advancing pipeline and hazardous materials (hazmat) transportation safety.

The SDP program is authorized pursuant to the Pipeline Inspection, Protection, Enforcement, and Safety Act of 2006 (Public Law 109-468), codified at 49 U.S.C. § 60134. The SDP program was further amended by the Pipeline Safety, Regulatory Certainty, and Job Creation Act of 2011 (Public Law 112-90). 49 U.S.C. § 60134(a), authorizes the Secretary to award grants to a state authority (including a municipality with respect to intrastate gas pipeline transportation) to assist in improving the overall quality and effectiveness of a damage prevention program of the state authority.

Since the inception of the SDP program, PHMSA has awarded over $18 million in SDP grant funds to over 40 state organizations. States are required to implement at least one of the nine elements of an effective damage prevention program, as set out in 49 U.S.C. § 60134(b), with the grant funds. A summary of the past SDP awards, including final reports from completed grant projects, is available at https://primis.phmsa.dot.gov/sdp.

DOT Federal Highway Administration
Administration of the Dwight David Eisenhower Transportation Fellowship Program (DDETFP) Local Competition at Designated Institutions of Higher Education
Synopsis 3

Document Type: Grants Notice

Funding Opportunity Number: 693JJ318NF5228-2020

Funding Opportunity Title: Administration of the Dwight David Eisenhower Transportation Fellowship Program (DDETFP) Local Competition at Designated Institutions of Higher Education

Opportunity Category: Discretionary

Estimated Total Program Funding: $1,000,000

Category of Funding Activity: Education

Award Ceiling: $50,000

Category Explanation:

Expected Number of Awards: 50

CFDA Number(s): 20.215 -- Highway Training and Education

Cost Sharing or Matching Requirement: No

Eligible Applicants: Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility: Institutions of Higher Education (IHE) designated as Historically Black Colleges and Universities (HBCU), Hispanic Serving Institutions (HSI), Tribal Colleges and Universities (TCU), Asian and Pacific Islander-Serving Institutions (API), and Community Colleges (CC). The IHE must be accredited by a federally-recognized accrediting agency and must be located within the United States or its Territories.

Agency Name: DOT Federal Highway Administration

Description:
The purpose of the Dwight David Eisenhower Transportation Fellowship Program (DDETFP) Local Competition is to stimulate interest among students attending an Institution of Higher Education (IHE) that is a Minority Serving Institution (MSI) or community college to: conduct transportation-related research, pursue transportation-related degrees, enter the transportation workforce, and enhance the breadth, scope and diversity of knowledge of the entire transportation community in the United States. The DDETFP Local Competition provides funding for students to pursue associate, bachelor’s, master’s, and doctoral degrees in transportation-related disciplines in all modes of transportation. The MSI and community colleges are encouraged to apply to administer the DDETFP Local Competition at their IHE. The IHE must be accredited by a federally-recognized accrediting agency and must be located within the United States or its territories.

The CMVOST grant program supports the Secretary’s strategic goals. The purpose is to expand the number of commercial driver’s license (CDL) holders possessing enhanced operator safety training to help reduce the
severity and number of crashes on U.S. roads involving CMVs. Additionally, this grant seeks to assist current or former members of the U.S. Armed Forces, including National Guard and Reservists, obtain a CDL. This NOFO provides important information about the FY 2020 CMVOST program activities/projects and guidance related to preparing and submitting a grant application. CMVOST grant funds are awarded through a competitive grant process. No assurance of funding is implied, nor should it be inferred.

Cost Sharing or Matching Requirement: Yes

Eligible Applicants:
- City or township governments
- Special district governments
- Native American tribal governments (Federally recognized)
- State governments
- Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education
- County governments

Additional Information on Eligibility:

Agency Name: DOT/Federal Motor Carrier Safety Administration

Description: The goal of the National CDL Program supports the Department’s strategic goals and FMCSA’s mission by ensuring that only qualified drivers are eligible to receive and retain a CDL and focuses on maintaining the concept that each driver has only one driving record and only one licensing document, commonly referred to as "One Driver - One License - One Record." Further, States are required to conduct knowledge and skills testing before issuing a Commercial Learner’s Permit (CLP) and/or CDL; to maintain a complete and accurate driver history record for anyone who obtains a CLP and/or CDL; and to impose driver disqualifications as appropriate. This NOFO provides important information about the FY 2020 CDLPI program activities/projects and guidance related to preparing and submitting a grant application. The FMCSA will award grants under this announcement in two separate categories, the CDLPI Basic Grants and CDLPI High Priority/Emerging Issues Grants.

- Native American tribal organizations (other than Federally recognized tribal governments)
- Small businesses

### Additional Information on Eligibility:

### Agency Name:
DOT/Federal Motor Carrier Safety Administration

### Description:
The U.S. Department of Transportation’s Federal Motor Carrier Safety Administration (FMCSA) announces the Fiscal Year (FY) 2020 High Priority-Commercial Motor Vehicle (HP-CMV) program Notice of Funding Opportunity (NOFO) to solicit applications from eligible entities to support the HP-CMV program activities. As the lead government agency responsible for the regulation and safety oversight of commercial motor vehicles (CMV), FMCSA may award HP-CMV funds to support innovative and impactful projects that advance its mission to reduce crashes, injuries, and fatalities involving large trucks and buses. Funding is available for the support of enforcement projects that improve safety and compliance with
FMCSA’s regulations for projects that are national in scope, increase public awareness and education, demonstrate new technologies, and reduce the number/rate of CMV crashes. These activities are supported in alignment with the U.S. Department of Transportation’s strategic goals of: • SAFETY: Reduce transportation-related fatalities and serious injuries across the transportation system. INFRASTRUCTURE: Invest in infrastructure to ensure safety, mobility and accessibility and to stimulate economic growth, productivity and competitiveness for American workers and businesses. INNOVATION: Lead in the development and deployment of innovative practices and technologies that improve the safety and performance of the Nation’s transportation system. ACCOUNTABILITY: Serve the Nation with reduced regulatory burden and greater efficiency, effectiveness and accountability.

Expected Number of Awards: 20.814 -- Assistance to Small Shipyards

CFDA Number(s): 20.814 -- Assistance to Small Shipyards

Cost Sharing or Matching Requirement: Yes

Eligible Applicants: Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility: Eligible Shipyards

Agency Name: Maritime Administration

Description: This notice announces the intention of the Maritime Administration to provide grants to small shipyards. Under the Small Shipyard Grant Program, there is currently $19,600,000 available for grants for capital and related improvements to qualified shipyard facilities that will be effective in fostering efficiency, competitive operations, and quality ship construction, repair, and reconfiguration. Potential applicants are advised that it is expected, based on past experience, that the number of applications will far exceed the funds available and that only a small percentage of applications will be funded. Applications will not be accepted online through Grants.gov. Hard copies must be mailed to the Maritime Administration by 5 pm on the closing date. See full text under Related Documents Tab (SSG NOFO) or the MARAD Web Page for detailed submission instructions.

The Department of Veterans Affairs (VA) is announcing the availability of per diem funds to eligible entities to provide transitional housing beds or service centers for Veterans who are homeless or at risk for becoming homeless under VA's Homeless Providers GPD Program models. VA expects to fund approximately 11,500 beds and approximately 20 service center applications with this Notice of Funding Availability (NOFA) for applicants who will offer one (1) or a combination of the transitional
housing bed models (i.e., Bridge Housing, Low Demand, Hospital-to-
Housing, Clinical Treatment and Service-Intensive Transitional Housing)
and for applicants who will offer service centers. Funding is based on a
variety of factors including the quantity and quality of applications as well
as the availability of funding.

Applicants are encouraged to review the full Notice of Funding Availability
(NOFA) published in the Federal Register as well as the technical
assistance materials on the GPD National Program Website:

Eligible Applicants: Unrestricted (i.e., open to any type of entity above), subject to any clarification in text field entitled "Additional Information on Eligibility"

Additional Information on Eligibility:

Agency Name: VA Loan Guaranty Service

Description: The Loan Guaranty Service (LGY), which is an office of the Veterans Benefits Administration (VBA), Department of Veterans Affairs (VA), is announcing the availability of funds for the Specially Adapted Housing Assistive Technology (SAHAT) Grant Program. The objective of the grant is to encourage the development of new assistive technologies for specially adapted housing. Veterans Affairs acknowledges there are many emerging technologies that could improve home adaptations or otherwise enhance a Veteran’s or Servicemember’s ability to live independently. Therefore, VA has defined “new assistive technology” as an advancement the Secretary determines could aid or enhance the ability of a Veteran or Servicemember to live in an adapted home. PLEASE NOTE: SAHAT funding does not support the construction or modification of residential dwellings for accessibility. Veterans and Servicemembers interested in receiving assistance to adapt a home are encouraged to contact their local Veterans Affairs Regional Benefits Office, Regional Loan Center, or Medical Center for more information, or visit: http://www.benefits.va.gov/homeloans/adaptedhousing.asp
